LOCAL AND MISCELLANEOUS.

—Rev. Lusher will preach in the M. E. Church on next Sunday morning. Union Sabbath School at 10:00 a. m. —Attention is called to the card of R. C. & M. V. Lawson, Barbers and Hairdressers, which appears in to-day's paper. —L. Klein, Jeweler, desires us to say that, in addition to his other business he repairs sewing machines of all kinds. —Not a regular game of base ball has been played here this summer, and the old club organizations are among the things that were. —A. H. Partridge has put up a substantial barn on the east side of Vine St., in the rear of his new furniture room and residence. —Lawsuits still go on, notwithstanding the hard times. Present appearances indicate that the lawyers will be about the last class starved out. —D. W. Clark is erecting a barn on the back of his lot on Elm St. He is improving constantly and will in time, have a very desirable property. —S. D. Irwin, Esq., County Surveyor, has been getting up a map of Tionesta Borough, for the use of the Mayor and Select Council of our place. —Mr. H. S. Bates and family, of Titusville, are at present in town, visiting with Mr. May's family, where something like a re-union is taking place. —The Sioux Indians are said to be on the war-path, and are hastening toward the Black Hills, where they think they see surface indications of "much scalp." —Mr. Will S. Whitaker, for some time one of the local editors of the Clarion Republican, has severed his connection with that paper and gone to Franklin. —The increase in National bank circulation since the present law went into effect is a little more than one million dollars. The present issue of legal tenders is \$375,771,580. —The Oil City Grays are in camp at Chautauque Lake, and according to all accounts, enjoying their "Sunday Soldiering" splendidly. The real thing isn't so stylish, nor so easy. —Prof. Rohrbacher, of Pittsburgh, is in town for a couple of months. He is a professor of music, and comes highly recommended. We believe he desires a few pupils to fill up the time while here. —Mr. May Irwin, of Washington, D. C., is at present in town on a visit to his brother, S. D. Irwin, Esq. He is a journalist by profession, and corresponds with several of the leading papers of our land. —Freeman & Corbet have been fixing up their store room in such a manner as to conveniently place their new goods which they are daily expecting. The windows have had backs of glass put in them and the opportunity to show goods to advantage is perhaps better than in any store in town. Glad to note all such improvements.

—The day of nominations is drawing near, and, if we mistake not, nearly all our candidates are working, more or less for their own interests, which is right. One thing, we believe we can depend upon, and that is that any candidates who may be beaten, will turn in and work for the nominees, after the nominations are made; indeed, we should be very sorry if it were otherwise. The rules of '68, which were regularly adopted at the last primary elections, will control the primaries to come off on the 7th of August. It is important that each election board should have a copy of those rules by which to regulate their decisions and conduct. It is also, of the utmost importance that the vote should be kept pure, and that none but Republicans be allowed to vote, under any circumstances. We heard an idea advanced a few days ago, which was entirely erroneous, and, if it were not, primary elections would be of no use whatever. The idea was this: "When an elector voted for a man for any office at the nominations, he was simply bound to support that man at the general elections, if he were nominated, and that he was in no wise bound to support the nominations of the party, provided the men he supported at the primary elections were not nominated." This is decidedly a wrong view of the question, and one which if it were generally accepted by our party in this county, would defeat every Republican candidate before the people. No man comes up as a candidate for nomination but carries enough votes, even though he is not nominated, to defeat the nominee if they are polled against him at the general election. This is not the intention of primary elections, by any means. On the contrary, they are held to ascertain who is the choice of the majority, and any one taking part in a primary election implies by his participation his willingness to stand by the decision of the majority. Such is the only view to take of this matter, and if any considerable part of our party take any other view of it, we may as well make no nominations, and turn our county offices and business over to the Democrats at once. It would save the labor attendant upon a farce in the shape of Primary Elections. —Prof. Donaldson, wronaut of Barnum's Hippodrome, and Mr. Newton S. Grimwood, one of the staff of the Chicago Journal made an ascension from Chicago on Thursday last, intending to go over Lake Michigan and make a landing. It is almost certain that the men are lost. Yesterday's papers contained a rumor that Prof. Donaldson had landed somewhere on the Michigan shore, and was in a critical condition from exposure, &c. The papers this morning, however, contain the following: CHICAGO, July 20. Nothing whatever has been learned to corroborate the story that the Donaldson balloon had landed in the vicinity of South Haven, Michigan. The operator at that place knew nothing of it last night, and communication is severed to-day. Rewards amounting to \$700 have been offered for the recovery of the bodies of the aeronauts, and tugs are now hunting the lake for them. —A suit was tried yesterday before Esq. Knox, between Mr. Wilson, owner of the boat "Venture," and G. W. Dithridge. It appears that Wilson had two bills, signed by Dithridge & Co., per Corbet, book-keeper. Wilson presented bills for payment, and Dithridge brought in a counter charge for wharfage for said boat for fourteen months. Yesterday afternoon and evening were consumed examining a great cloud of witnesses, and by the lawyers' pleas. Decision was reserved until Saturday next. Much interest was manifested in the trial. —A petition has been addressed to President Grant for the pardon of D. D. Williams, late Cashier of the Connecticut National Bank, who was convicted last October and sentenced to five years' imprisonment for robbing the bank of about \$50,000. The pardon is asked for by Senator Cameron, Judge Scofield, Judge Vincent, Col. C. B. Curtis, Judge Lowry, Judge Trunkay, Senator Wallace, and a number of others, on the ground of the doubt of his guilt. —J. Morton Hall has been appointed General Passenger and Ticket Agent for the Allegheny Valley, Oil Creek & Allegheny River, and Buffalo, Corry & Pittsburgh Railroads. His office will be at Pittsburgh, Pa.

—On Wednesday evening last some young folks endeavored to get up a dance on the platform in the grove above the court house. On account of the non-attendance of the dancers the dance was declared off. —Mr. S. S. Robinson and lady, of Mercer, Pa., have been in town for some days past, visiting Mr. G. W. Robinson, his brother. He is a pleasant gentleman, and we hope will make it convenient to visit our place often. —Judge William Siggins, of Youngville, died on Thursday evening last. He was a near relative of the Siggins' of this county; was one of the oldest settlers of Warren Co., and was highly respected for many virtues. —The Mutual Base Ball Club of Meadville, returned from its tour a day or two ago. It is said they had a good time, and are covered with bruises, but are short on glory, having been beaten in a majority of games played. —Col. Thomas and J. Wenk have the best corn in this neighborhood, we believe. And we have heard about twenty-seven men claim the best garden. Herman Blum is in town now, and we'll warrant he will have one of the best in the corporation. —Eugene Wright, of Corry, known as the manufacturer of the Corry Soap, committed suicide in his office on Saturday evening, by shooting himself through the head with a pistol. He was about fifty years of age. It is supposed that financial trouble caused temporary insanity, during which the deed was done. —A son of Mr. Alleo, living in the Huddleson settlement, in Tionesta township, met with an accident on Friday last, resulting in the fracture of one of the collar bones. If we are correctly informed, a team he was driving ran away, throwing him out of the wagon. The fracture was reduced by Dr. Vogel. The patient is getting along finely. —Once more. We do not publish correspondence of any kind, unless the author's name is signed to the letter. We wish the name as a guaranty of good faith, not necessarily for publication. We are led to make the above remarks on account of having received a letter for publication with no one's name at the bottom. This will be continued when necessary. —E. A. Baldwin, of Tidioute, will be in town the later part of this week for the purpose of ascertaining whether any of our citizens are in need of sewing machines. Should any of our readers desire any make of machine, we can recommend "Papa" Baldwin as the man who will sell them one at low figures, and whose word can be relied upon under all circumstances. —Ex-Governor Bigler has consented to become a candidate for Governor if the Erie convention nominates him. It is not much difference who the convention nominates, the same fate, overwhelming defeat, awaits him. The Ex-Governor has a record which will read well, and after the convention, if he is nominated, we will take pains to lay it before our readers. —Complaint is made by counsel that the present suits against Tweed and the ring thieves are instituted by malice, and offer this as a reason why the cases should be discontinued. This is about as cool a piece of special pleading as we ever heard of, and if it should prevail, every prisoner might set up the same preposterous claim. —The Cornell Crew, of Ithica, N. Y., won the University boat race at Saratoga on Wednesday last. The Yale crew was the favorite, and Harvard second choice, but the former came in fifth, at the finish, and the latter third. The supposition is that these crews trained too hard, and lacked the endurance to hold out to the end. The Cornell fellows have been feasted and toasted ever since. —Twenty-one years ago Rev. S. J. M. Eaton, D. D., though he was not a D. D. then—began at the first chapter Genesis with a course of lessons comprising the whole Book in detail. The faithful parson has closed his course among the concluding verses of Revelation, and last evening a social re-union was held in the Presbyterian chapel in commemoration of this long consecutive discourse on the Word.—Venango Spectator. —Go to Robinson & Bonner's for glass fruit jars, jelly glasses, tin cans, sealing wax, etc. 15tf

—In the McCreary-Park election contest, which has been going on at intervals, in Franklin, ever since last Fall's elections, Mr. Park was declared elected. All unlawful votes were thrown out, and the rest counted. Mr. Park's majority was found to be seven. —Randall C. Butler, of Lawrence township, was killed by a falling tree, on Wednesday morning, July 7th, on McDonald's log job, in Huston township, where he was engaged in cutting logs. He was killed by a tree which was broken by the falling of one which had been cut. His skull was fractured, and he lived but about thirteen hours after the accident happened. His remains were buried at the Mt. Joy M. E. Church, in Lawrence township. The deceased was a son-in-law of Rufus Thompson, also of Lawrence township.—Clearfield Journal. —The firm of Hollister, Webb & Co., insurance agents at Corry, are up to their ears in trouble, financially. Hollister, the financial man of the company, has been using moneys belonging to insurance companies entrusted to him to adjust losses. He has also forged the names of several Corry parties, and obtained scrip in that way. On Saturday he was arrested at the instance of Mason, Hatch & Co., and placed under \$5,000 bonds, but the bird was too sharp for the officers who had him in charge and "sloped." —The story of wonderful discoveries of mountains of gold in the Black Hills country have at last been entirely exploded, and later reports talk of the yield being about a half to three-quarters of a cent to the panful, and even this is doubtful. The Chicago Inter-Ocean has at last yielded to the bulk of testimony, and states that hereafter it will publish all the information received from reliable quarters, leaving its readers to form their own conclusions. Hitherto that paper has been foremost in sending out the fabulous stories. —The Venango Spectator says: One of our solid and exemplary citizens is excited over the loss of a twenty-six inch silk umbrella that he purchased in London, and which is a model of architecture, finish and beauty, with his full name on the handle thereof. He laid it down on the counter of the Savings Bank of Franklin while he went into the Directors' room to converse with a friend. On coming out that lovely rain-shedder was gone. The owner wishes us to say that he will give twenty-five dollars for the apprehension of "the infernal, low-lived, miserable, thieving skunk who stole it," but we told him that we never used such adjectives in the Spectator. He then requested us to say that the thief is known, and that if he doesn't return that umbrella before the next shower, he will pursue him with all the rigors of vengeance from — to —. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases. The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious. Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system. No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair. Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified. Dyspepsia or Indigestion, Headache, Pain in the Shoulder, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement. Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases. For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood. Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally. For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blisters, Spots, Pimples, Pastules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scour, Discolorations of the Skin, Humors, and Diseases of the Skin of whatever nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed, the system of medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters. For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Bitters display so decided an influence that improvement is soon perceptible. Cleanse the Vitiated Blood whenever you find its impurities lurking through the skin in Pimples, Eruptions, or Scars, cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow. R. H. McDONALD & CO., Druggists and Gen. Agts., San Francisco, California, and cor. of Washington and Clarion Sts., Tidioute, Pa.
