Time of Trains

Table with columns for Train, Direction (South/North), and Time (e.g., 10:40 a.m., 8:46 p.m.).

LOCAL AND MISCELLANEOUS.

—Rev. Eliot will preach in the Presbyterian church on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m.

—Republicans, by all means get registered. Wednesday, Sept. 1st, is the outside limit. Don't delay.

—The Democratic primaries will take place at the usual places of holding elections, on Saturday, the 28th inst.

—The Sunday School Assembly at Fair Point, Chautauqua Lake, is largely attended, and the exercises are said to be very interesting.

—The Kentucky State election has gone Democratic. Berks county, in this State, will undoubtedly go the same way in November.

—Argument Court is in session. Court convened yesterday. No business of general interest is being transacted. Will probably adjourn to-day.

—On account of the press of matter occasioned by the primary elections, we have neither room nor time to comment upon the nominees. They are all good men, however. Will give them a hoist at some future time.

—Rev. Newell, who delivered a sermon in the Presbyterian church, in this place some two years since, was thrown from a carriage, in Franklin, on Sunday afternoon last, sustaining a fracture of the collar bone, and dislocation of the shoulder.

—Through an oversight, we neglected last week to notice the fact that Mr. David Walters, of Newmanville, father of Mr. Daniel Walters of this place, died on Wednesday evening 28th ult. He was one of the oldest settlers in this region, and was a good citizen.

—W. P. Finley, of Salem township, accepted the call made on him by voters irrespective of party, and consents to become a candidate for State Senator from this district. If nominated he will be a credit to this district, and will make a vigorous canvass.—Clarion Republican.

—The Republicans of New York manifest confidence in their ability to carry that State this Fall. It seems like a desperate venture with the cities of New York and Brooklyn in Democratic hands, but they are encouraged and confident. The cause is worthy the effort.

—The board of school directors in McKean Co., which raised the salary of the Co. Supt. to \$2,000 per annum, and whose action in so doing was denounced by the State Supt., met again on the 27th ult., and, after a stormy session, reduced the salary of that officer to \$1,000 per annum. Better late than never.

—Some of our gamins amused themselves a few evenings since by stretching a wire across the sidewalk, just high enough to trip pedestrians. We heard of no one being hurt, but these chaps will not find it so funny, should they succeed in injuring any one. We hope the constable will keep a sharp look out for the young rascals.

Meeting of the County Committee.

TIONESTA, Aug. 10, 1876. Committee met in Arbitration Room of Court House, at 7 o'clock, p. m.

Messrs. D. Graham and A. B. Kelly were elected Secretaries of the meeting.

Roll called. All present except Messrs. Dusenbury, Allison and Coon.

Moved that the Rules adopted Aug. 15th, 1874, remain the rules to govern the Republican party in Forest Co. Carried.

Moved that the place of holding the primary elections in Upper Harmony be changed from White Oaks to the Setley school house, on Fleming Hill. Carried.

The Committee then proceeded to the election of a chairman for the ensuing year. Moved that the candidate having the least number of votes, be dropped, after each ballot. Carried.

J. T. Dale, of Tionesta was duly elected Chairman of the county committee for the ensuing year.

On motion, adjourned.

A. B. KELLY, } Secretaries. D. GRAHAM, }

—The following gentlemen were elected by the Republican voters of the various election districts of Forest county, as members of the Republican County Committee for the ensuing year.

Barnett, W. R. Coon. Green, S. C. Rouse. Howe, D. Graham. Hickory, F. E. Allison. Upper Harmony, P. M. Guild. Lower " Jno. Thompson. Jeuka, P. V. Merciliott. Kingsley, W. A. Dusenbury. Tionesta boro., A. B. Kelly. Tionesta twp., C. W. Clark.

Trunkville Items. —Messrs. Grove & Wolcott have been having rather bad luck with their well near this place; first losing the tools in the well by the breaking of their cable, then, after fishing them out, getting their sand pump stuck.

—Our school closed on Thursday last, with but small attendance; only some six or eight scholars being present.

—The primary elections at this place, on Saturday last moved off smoothly, being somewhat lubricated by beer, &c. After the vote was counted, the members of the board, with one exception indulged in a supper at the Peterson House.

—We notice that Mr. Corbet, Democratic nominee for State Senate, is announced in the Forest Press. If the gentleman proposes to run at the Democratic primary elections in this county, it strikes us that he is getting somewhat out of bounds. It is not customary for parties from other counties to contest the election with any county where there is a home candidate, nor is it in good taste. It is perfectly right for Mr. C. to endeavor to get second instructions, but it is an unheard of innovation to let his name go before the Democratic primaries of this county in opposition to the home candidate. The Clarion county Democracy, however, were never noted for their extreme delicacy in political matters, generally wanting all district offices, and a good share of the time taking them, as the Irishman says, "whether or no." It's none of our funeral, but we like to see the square thing in all that appertains to Forest county.

—The Democracy of Clarion county are troubled with a fight on the Prothonotary question. Mr. Conser, the defeated candidate, claims that he received more votes than Mr. Barr, and should have been declared the nominee instead of Barr. He is backed up by several influential Democrats, who refuse to be quieted unless justice is done. The end is not yet.

—T. J. Payne has sold out his mill and contract in Warren county, and has moved back to his old homestead near Newmanville, Clarion county. From the best information we can get, Mr. Payne is one of the best lumbermen in this region. Glad he's got so near us again, and only wish he were a citizen of Forest county.

—An old woman, who was undoubtedly crazy, was observed passing through town, up the middle of Elm street, on Saturday afternoon last. She was a horrible looking object, being about half nude, and very filthy. She meddled with no one, and went directly out of town, and no measures were taken to ascertain who she was, or where she was from.

—The Cincinnati Commercial states it after this fashion: "Those great Democratic statesmen, Cary, Allen, Ewing, Pendleton, and so on, ask of Ohio Republicans that they shall put the Democrats into power because they have a patent-right invention for making money plenty by simply issuing legal-tender notes without any promise of redemption."

—Mr. S. J. Wolcott, of De Wittville, N. Y., was in town last week, on business, combined, we suppose, with pleasure. He reports his family all well, and contradicts the report that his son-in-law, Z. T. Shriver, is very sick. Mr. S. was a little sore for a few days, on account of a wrench received while lifting, but has never had to quit work a day, on account of it.

—Mr. Daniel Harrington called upon us last week, and desired us to say in our next issue that the communication written by him, and published in the Forest Press, derogatory to Co. Supt. Brockway, was all wrong, and shouldn't have been written. This action on the part of Mr. Harrington is commendable, to say the least. All are liable to errors, but how many of us are willing to confess our errors when they are shown us?

—We notice by some of our exchanges that one hundred shares of the second preferred stock of the Reno Real Estate Company sold at par in the New York stock exchange on Wednesday last. The first sales of this stock in New York were made about two months ago at \$50 per share, since which time it has gradually advanced to par. This will be good news to some citizens of this end of the county, who hold shares in said company.

—Camp meeting is going on at Lickingville, and is well attended. On Sunday several of our young people, and some of the older ones attended the meeting. As far as we could learn, perfect order was observed, and from the preparations that were made previous to the meeting, we don't believe there will be any attempts to disturb the worshippers. Mr. Carpenter folded his tent on Monday, and will take pictures of those wishing them, on the ground.

—Some weeks ago we published a statement relating to a precious stone or diamond, found by John Ruland, of Pine Grove, which was extensively copied. Mr. Ruland is in correspondence with parties in New York, and has received \$100 installment on the specimen sent them, with a promise of more soon. Mr. Ruland keeps the matter in a mysterious way, for what purpose none can determine. The brilliant stone is pronounced to be crystallized quartz by some. If so, the piece sent to the chemist would be worth but a trifle, far less than the amount already paid; and there is more promised.—Warren Ledger.

—As we have several members of the old Penn'a Reserves in this county, we publish the following for their information: The subject of attending the Centennial in a body is being agitated among the Pennsylvania Reserve Association. The suggestion has been thrown out that those members of the Association residing in Western Pennsylvania appoint some place as a rendezvous—say Pittsburgh—where every provision can be made in the way of camp equipments, and march to Philadelphia over the old wagon route. Regimental and company organizations within the Association, and individual members thereof, in the eastern part of the State, can make preparations to join those from Western Pennsylvania at such points along the route as may be convenient, so that when the column shall reach Philadelphia the entire Association, excepting the members residing in that city, will be in line. At some point outside the city the Philadelphians could join their comrades.

A meeting of representatives of the various organizations in the Association will be called ere long to take action on the above suggestions.—Commercial.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Soporific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system. No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Injunctive Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutions, Dr. WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Itches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch-Scars, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no anthelmintic will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
