"The want most felt at Long Branch is young men." This is the want most felt in the harvest field just now,

When a woman has buried her sixth husband it sounds sort of heartless to hear her walk out of the cemetery exclaiming "Next!"

Rich man, behold the good work you can do in this world. See Ezra Cornell. He founded a colloge; and now it has won a boat race.

When a young man is far, far from home amid gay company, such a trifle as his collar button flying off will hurt him more than to break a leg.

Let's chip in and raise a hundred dollars for the Boston physician who says it is very unhealthy to rise before the sun has dispelled the morning

What is the difference between spermaceti and a schoolboy's how!? One is the wax produced by the whale, and the other is the wail produced by the whacks.

Six three-eard monte men have been hung in the West within the past four weeks, and some who weren't hung are sitting in the silent woods until the hunt is over.

A correspondent of Nature says that nearly all insects are afflicted with internal parasites. They don't seem to injure the health of flies and mosquitoes this year.

In the country, now, Maud Muller is raking hay everywhere. And the judge, riding down, does not see her at all, but is figuring on his chances BUSINESS CARDS for a renomination.

The squire who married a couple at Jersey City, N. J., took the last penny the poor bride had, and compelled the sheriff and his deputy to make up the balance of the fee, will no doubt die

A girl covered her face with both her bands when she thought he was about to kiss her; then she complained: "O, my harids are too small, there is room for five hundred yet between them.

Student-"Well, professor, I have just discovered what I was cut out for." Professor-"Well, what is it?" Student-"For loafing." Professor-"The man who did the cutting understood his business.'

A very pretty Sunday school song is the one entitled: "Put your armor on, my boys." There is, however, a young lady who doesn't like to hear it. She says it sounds like "Put your arm around me, boys."

A lucrative opening for young la-dies has been made by the decision of an Indiana court that the fact of a girl being engaged to several gentlemen at once is no bar to her suing each for breach of promise.

Practical joking again. At Mount Joy, Ohio, recently, a young man and woman were amusing themselves with a pair of scissors, when the former playfully threatened to cut the latter's nose off. He accordingly snapped the scissors together, thinking his companion would start back, but she was not to be scared, and the result was a partial severance of the end of her nasal organ, and the necessaty of surgical attendance.

A lumberman, being but poorly provided with materials of sustenance for his men, fed them with pork cooked with the rind upon it. A young man of the company, not liking that outer portion of the food, was observed by the host to be carefully removing the outside covering. Whereupon the outside covering. Whereupon mine host said. "Young man, we cat rind and all here." To which the youth replied, "All right, old man, I'm cutting it off for you."

A very tall and shabby-looking man, a fellow that reminded you of a vagrant letter from a font of forty-line paragon extra condensed, stepped up to one of our bars, last week, and, after heaving a glass of liquor into his long throat, blandly asked the bartender if he could change a \$20 bill. The gentleman informed him that he could. "Well," said the tall one, with a sigh of satisfaction, "I'll go out and see if I can find one," and he plunged out into the cold world on his mission. -Louisville Commercial

General Schenck, U. S. Minister to England, has been using an old American anecdote to good advantage. To the wife of a British cabinet officer, who assured him that "England made America all that she is," he said: he said: "Pardon, madam, you remind me of an answer of the Ohio lad in his teens, who attending Sunday school for the first time, was asked by his teacher, 'Who made you?' He replied, 'Why God made me about so long (holding his hands about ten inches apart) but I growed the rest."

Mr. Blivens, an old bachelor of Rochester, who is much absorbed in politics, visited the Widow Graham the other day, just after reading Grant's letter, and asked her what she thought of a third term. Now, the widow has been twice married, and in response to the question she made a rush for the astonished Mr. Bilvens and taking him tightly in her arms exclaimed, "O, you dear, dear man! What a happy woman I am!" At last accounts Mr. B. had locked himself ing to explain things to the widow through the keyhole. in the wood house, and was endeavor-

OUR MOTTO IS AND HAS BEEN

## QUICK SALES AND SMALL PROFITS.

Our business is exclusively PIANOS and ORGANS, which enables us to give our whole time and attention to this exclusive trade. Thus where other dealers sell from five to ten instruments a week, our sales very often exceed these numbers in a single day, so that we can better afford to sell at 10 per cent, profit on cost, than they can at 20 and 25 per cent,

Every Instrument we sell is as good as an agent for us, as they invariably introduce is favorably to all who see them. We have sold and in use

in and about Pittsburgh alone. They are not some new Organ, the growth of a few months, but are old reliable makes, that are constantly adding every meritorious improvement. The really Grand Simmons & Clough's Combination Organs have been manufactured for Twenty-five years, while the Celebrated Taylor & Farley Celestes Organs have been manufactured over Twenty years. And now for the purpose of introducing them more thoroughly throughout all the country towns of the State, we have made new and very heavy contracts for large numbers of them, which we propose to sell on their merits, and without the sssistance of AGENTS OR MIDDLE MEN, giving the purchaser the benefit of commissions and wholesale discounts, we are thus enabled to offer these Organs at the following prices, at which we shall sell for a short time.

Testimonials of Waters' Pianos and Organs.

"Waters' Concerto Parlor Organ possesses a beautiful and peculiarly soft tone. The Concerto Stop is, without doubt, the best ever placed in any organ. It is produced by an extra set of reeds, peculiarly voiced, from which the effect is most charming, and its imitation of the human voice is superb. For sections of tone and orchestral effects it has no equal."
