-The Democrats don't want their past record even hinted at. They say let the past be buried. But there are things happening down South that won't let us forget, but keep us on the alert, and ought to. With eighty-six Confederate Generals in the next Congress, and all of them Democrats, why shouldn't the Republican party hold together a while longer?

-The St. Mary's Gazette says: "We have thought that a good plan would be to divide the thing up a little. Say, allow Comeron or Forest to have the Senator for one year, then Elk for the next term, which will be equivalent to three years, and then let Clarion have it for the last four years." We approve of this plan most heartily, as far as it relates to Forest coun-

-Carl Schurz is expected to come back from Europe in time to stump Ohio for the Republican ticket; it is said he has promised to do so. Colonel Grosvenor, another of the original dezen in the Liberal movement, enters the list for the Republican candidates. When such men return to their places in the party, it is a sign of the times that gives the Democracy immense unensiness. And their discomfiture is all the more painful as they cannot point to any influential Republicans who are deserting the ranks and going over to the Democratic camp.

-With regard to the prospects in Mercer county, the Mercer Dispatch

Prohibition County Committee, to re-nounce his connection with that con-cern and declare his adhesion to the Republican party, was a happy indi-cation of success. Mr. Lightner was one of the original temperance men of the county, and has always been zeal-ous in advocating the femperance cause, hence his words and position cannot fail to have weight. He sees in the third party movement just what every other temperance man will see, every other temperance man will see, an indirect attempt to help the Demo-crats, and hence be washes his hands

-Extremities frequently damage, and even ruin, the cause they espouse. The Greenback Convention, at Detroit, The attempt to overthrow or limit our National banking system, so that it shall either not exist at all, or be shorn of power to limit currency, can only result in evil. Let us suppose all that Judge Kelly wishes were formulated into law. Our National banks must at once call in their circulating notes in order to redeem their bonds deposited with the Government, and thus have those bonds available to purchase greenbacks. Can any one fail to see that this will necessitate the calling in of a large proportion of their loans, and thus precipitate bankruptey? If greenbacks supplant National bank notes, it must be done gradually, and not at one fell swoop. We are opposed to the redaction of the volume of greenbacks, and thus dislike the law

providing for redemption in 1879. commits the error of making National bank notes take the place of green-backs. Our view is, that greenbacks should furnish elasticity so greatly needed in the volume of currency; and to this end should be increased or diminished in quantity, as the demand may require. We prefer increase to the other emergency .- Gazette.

Facts for Voters.

We commend the attention of voters to the following: The new Constitution forbids all persons from voting unless they have been assessed at least two mouths and paid their taxes at least one month before the date of the election. No one of foreign birth can vote unless, in addition to the above, he has been naturalized a month pre-

vious to the election. The date of holding the next elec-

tion is Tuesday, November 2d. Wednesday, Sept., 1st, is the last day on which voters can be assessed. Friday, October 1st, is the last day

on which they can pay taxes.

Friday, October 1st, is the last day for taking out naturalization papers.

-Some young rowdies, whose names we have not learned, have been en-gaged the past week, in robbing chicken roosts and stealing roasting ears, and cooking and eating them in the woods. A liberal supply of crooked whisky is used to wash down the solid food. Boys or men must have lost all sense of shame, or be filled with the very meanest whisky, when they steal chickens from a poor widow, or other poor and industrious persons. Our borough should have a police, awhile, and put a stop to so much rowdyism on the streets at night, and prevent this petty pilfering .- Clarion Democrat.

Mercer county, the Mercer Dispatch says:

"The meeting of the county committee on Monday was largely attended, and the best of feeling prevailed. The members were warm in their expressions of faith that the whole Republican ticket will be elected. The reports made, indicate that outside of two or three districts the third party yote will be very small, and that in a large number of districts it will be nothing at all."

The appearance, at this meeting, of Mr. Lightner, the Chairman of the Prohibition County Committee, to renounce his connection with that concern and declare his adhesion to the Republican party, was a happy indication of success. Mr. Lightner was one of the original temperance men of the county, and has always been zealthe county and has always been zealthe county. The approach of the Presidential election gives unusual importance to the events and developments of 1875. We shall endeavor to describe them fully, faithfully, and fearlessly.

THE WEEKLY SUN has now attained a circulation of ever seventy thousand copies. Its readers are found in every state and Territory, and its quality is well known to the public. We shall not only endeavor to keep it fully up to the old standard, but to improve and add to its variety and power.

their paper especially. It belongs to no
party, and obeys no dictation, contending
for principle, and for the election of the
best men. It exposes the sprruption that
disgraces the country and threatens the
overthrow of republican institutions. It
has ne fear of knaves, and seeks no favors
from their supporters.
