

"I WISH I HAD CAPITAL."

So we heard a great strapping young man explain the other day in an office. We did want to tell him a piece of our mind so bad, and we'll just write him. You want capital, do you? And suppose you had what you call capital, what would you do with it? You want capital? Haven't you got hands, and feet, and muscle, and bone, and brains, and don't you call them capital? What more did God give anybody? "Oh, they are not money," say you. But they are more than money, and nobody can take them from you. Don't you know how to use them? If you don't, it is time you were learning. Take hold of the first plow, or hoe, or jack-plane, or broad-ax that you can find and go to work. Your capital will soon yield you a large interest. Aye, but there's the rub. You don't want to work; you want money or credit, that you may play the gentleman and speculate, and end by playing the vagabond. Or you want a plantation and negroes, that you may hire an overseer to attend to them, while you run over the country and dissipate; or want to marry some rich girl who may be foolish enough to take you for your good looks, that she may support you.

Shame upon you, young man! Go to work with the capital you have, and you'll soon make interest enough upon it, and with it to give you as much money as you want, and make you feel like a man. If you can't make money upon what capital you have, you couldn't make it if you had a million dollars in money. If you don't know how to use bone and muscle and brains you would not know how to use gold. If you let the capital you have lie idle and waste and rust out, it would be the same thing with you if you had gold; you would only know how to waste.

Then don't stand about like a great helpless child waiting for somebody to come in and feed you, but go to work. Take the first work you can find, no matter what it is, so that you may be sure to do it like Billy Gray did his drumming—well. Yes, what you undertake, do it well; always do your best. If you manage the capital you already have, you will soon have plenty more to manage; but if you can't or won't manage the capital God has given you, you will never have any more to manage.

The young man who offers to stop drinking and chewing if his girl will marry him, will in less than a year after marriage tell her that he sold himself for fifty cents on the dollar, and she will reply that she paid twenty-five per cent. too much for him.

The story is told of Ralph Waldo Emerson that when he was abroad he went to see the sphinx. He and the sphinx looked at each other long time in silence, then the sphinx said "You're another," and that ended the interview.

When six hundred people will pack themselves into freight cars and ride twenty miles for the sake of eating a cold lunch in some old pasture, it is not for any journalist to fling insults at the game of base ball.

"I thought editors were intellectual beings," remarked a Missouri hotel-keeper, "but—but—" and he stood back and surveyed the pile of bones which one of the late excursion party had left behind him.

It is said that fully two-thirds of the letters which reach the dead letter office get there because women have an insane desire to write a beautiful fine hand.

"It is generally the case with bad boys," philosophically remarks Miss Anthony, "that they look like their mother and act like their father."

"Why should we celebrate Washington's birthday more than mine?" asked a teacher. "Because he never told a lie," shouted a little boy.

At the Wholesale and Retail Piano and Organ Emporium of

S. HAMILTON & CO., 77 5TH AVE., PITTSBURGH, PA.

OUR MOTTO IS AND HAS BEEN

QUICK SALES AND SMALL PROFITS.

Our business is exclusively PIANOS and ORGANS, which enables us to give our whole time and attention to this exclusive trade. Thus where other dealers sell from five to ten instruments a week, our sales very often exceed these numbers in a single day, so that we can better afford to sell at 10 per cent. profit on cost, than they can at 20 and 25 per cent.

Every instrument we sell is as good as an agent for us, as they invariably introduce us favorably to all who see them. We have sold and in use

2,000 OF THESE ORGANS

in and about Pittsburgh alone. They are not some new Organ, the growth of a few months, but are old reliable makes, that are constantly adding every meritorious improvement. The really Grand Simmons & Clough's Combination Organs have been manufactured for twenty-five years, while the Celebrated Taylor & Farley Celestes introducing them more thoroughly throughout all the country towns of the State, we have made new and very heavy contracts for large numbers of them, which we propose to sell on their merits, and without the assistance of AGENTS OR MIDDLE MEN, giving the purchaser the benefit of commissions and wholesale discounts, we are thus enabled to offer these Organs at the following prices, at which we shall sell for a short time.

CLOTHING!

Best Cloths! Best Make! Best Fits!

The question in these hard times is not only "What shall we do for grub to eat?" but

"WHEREWITHAL SHALL WE BE CLOTHED?"

It is a notorious fact that in most towns and cities around us, clothing made to order is not sold in accordance to the depreciation of other necessities of life. There is, however, an honorable exception to this rule in the person of

N. WISE, Merchant Tailor, TIDIOUTE, PA.

Who makes clothing of the very best kind, its guaranteed, from

25 to 30 Per Cent. Below the prices of other dealers in this part of the country.

WHY IS THIS THUS?

Because 1st, Mr. Wise pays no large figures for rent, as he owns the building he occupies. 2d, he doesn't pay a cutter \$2500 to \$3000 a year, but does his own cutting, and he cut excellent in this line in Western Pennsylvania. 3d, he buys cloths for cash, thus getting a reduction on ordinary rates. 4th he sells for cash, and thus has no bad debts to make up.

The fact is, from this place to Tidouite, and at the present time, you can go up in the morning and back at 3.30, having three hours in Tidouite to select your goods and leave your orders.

Give him a trial, and you will not only save money, but will get perfect fits, and any style or quality of cloth you want. Remember, the name and place.

Testimonials of Waters' Pianos and Organs.

"Waters' Concerto Parlor Organ possesses a beautiful and peculiarly soft tone. The Concerto Stop is, without doubt, the best ever placed in any organ. It is produced by an extra set of reeds, peculiarly voiced, from which the effect is most charming, and its imitation of the human voice is superior. For sweetness of tone and orchestral effects it has no equal."—N. Y. Times.

"The Concerto Parlor Organ" is something entirely new; it is a beautiful parlor ornament, possesses a sweet and powerful tone, is a most comfortable invention and holds a high place in public favor."—N. Y. Evening Post.

"AN ORCHESTRA IN THE PARLOR.—The orchestra organ is the name of a new reed organ recently announced by Horace Waters & Son. The instrument takes this name from its recently invented orchestral stop. The voicing of this is peculiar, producing the effect of a full, sweet, contralto voice. Its finest effect is produced when the stops are drawn, so that an orchestral effect is given. The case is unique and makes a handsome article of furniture."—N. Y. Sun.

The Waters Pianos are known as among the very best. We are enabled to speak of these instruments with confidence, from personal knowledge.—N. Y. Evangelist. 2-1v
