LOCAL AND MISCELLANEOUS.

Owing to the absence of Rev. Elliott, there will be no regular services in the Presbyterian church on Sunday next.

Wilson, the defendant in the calf suit, was discharged by the court, on Saturday last.

Davis is calcimining the inside walls of his office, and painting the weatherboarding.

We publish this week two Estate Notices, which may be of interest to a number of our readers.

Mr. M. Hulings, of the Embleton Times was in town yesterday. He reports the newspaper business in his section flourishing.

Al. Partridge is getting on some choice new furniture this morning. If he keeps on the new building will soon be too small to hold his stock.

Lost.—A clay-pick and scythe and snath. Any one having the same is requested to return them to store of Robinson & Bonner, without delay.

Capt. W. C. Howe, of Franklin, is in and about town, for a few days past. His presence makes people hopeful of an oil excitement in this section.

A few thousand shingles, left from the Presbyterian church roof, can be purchased cheap by applying to A. B. Kelly, Esq., at May Park & Co.'s Bank.

Blackberry pickers report this berry as plenty, but small in size; takes a good while to pick a gallon. They have sold at from 12 1/2 to 15 cts. per quart.

Mr. Geo. Watson of Red Brush (or as Mr. Bonner calls it, Green Brush) mills, is somewhere in York State having a visit, and a vacation, besides an excursion.

Bonner & Cornwell's Mill at Green Brush, is cutting about 70,000 feet of lumber a week, at present, and will not probably increase its production until the market gets better.

M. P. Jenks, Jeweller, Meadville, Pa., has just received a new stock of fine jewelry, and watches. He sells his wares as cheap as the cheapest, and warrants everything to be as he represents it.

We hear rumors of a rifle team to be organized in town to compete with similar organizations in towns near us. There are several excellent marksmen in town, and we would like to see the organization perfected.

Smith Foreman took the job of shingling the church and completed it in about three days of last week. The church is also to have a fresh coat of paint shortly, which will vastly improve its appearance.

On Friday last Park Grove and Zip Guyton killed twenty-seven rattlesnakes on the hill back of the station, five large ones and twenty-two small ones. One large one got away from them. Another party went up on a hunt a day or two afterward, but found no snakes.

OBITUARY.

Died, at his residence in Kingsley Township, Forest county, Pa., at 2 p. m. on Friday, Sept. 31, 1875, John Dice, aged about 39 years. Deceased was born in Hesse Cassel Germany, and emigrated to this country about 20 years ago, having come direct to this neighborhood where he has remained ever since.

The funeral took place from the residence of the deceased on Sunday last at 10 o'clock, and was largely attended from this place and the surrounding country. His remains were buried in the German Reformed Churchyard, in Green twp. Rev. Lusher conducted the English service, and Rev. Houpt the German.

Wm. Cropp, who lives in the south end of Hickory township, about five miles from this place, was "hoist with his own petard," on Friday morning last, in the following manner: It appears that he has, for some time past been missing corn from his corn-crib, and determined to give the thieves a warm reception. To this end he charged his old musket with shot, and set it in the crib, capped and cocked, with a fishing pole so rigged that when the door opened the pole would pull the trigger, and down would come the thief.

Calling at our schools yesterday morning, we found that the teacher of the upper school, Mr. Gunning, had enrolled twenty-five pupils who were in attendance on Monday. The number enrolled in this school last term was fifty-one, and the attendance will not fall much, if any short of that number this term.

The Recks mourn over the death of their little dog, which died on Monday from the effects of a bite from another dog. We suppose they would rather have lost a good cow, as the dog was a famous ratter, very intelligent, and the family were very much attached to him.

Some of our readers seem to think that we were poking fun at C. F. Gillespie's barn, in last week's issue, because we said it was painted with striped paint. The barn is painted red, and the batens white, which makes a very pleasing contrast on that kind of a building.

Campbell is at work on a foundation for Sheriff Van Giesen's new house, which he proposes to erect a short distance north of his house which has been, until recently, occupied by Jas. Huling. Said house will form the rear part of the new one.

A woman from Jenks twp., was brought down to the county jail by constable Burton, on Monday last, charged with larceny. Bail was promptly procured, and she was released before she had a fair chance to know how prison life went.

Uncle Billy Grove is on deck again, and now the deer will have to keep their weather eye out, as he is a dead shot, and a famous hunter. Jas. Swales killed a fine buck somewhere up the creek a day or two ago, which was in fine order.

Robinson has fenced the cows out from his store lot, and he says they stand around the gates at night with tears in their eyes, salty tears, saltishly shed, because they cannot get a closer view of his salt-shed.

We received a paper devoted to matrimonial projects, from Chicago, last week, and among the advertisers for correspondents with a view to matrimony was one whose address was "Miss Anna," Tionesta, Pa. Now the next question is, who is "Miss Anna?" Are beaux so scarce or matrimonially-inclined youths so few that foreigners must be called in? We advise "Miss Anna" to take her advertisement out of that paper, and take another square look among the young men of this vicinity, and if she is not then suited, let her do her advertising and spend her money at home. If she follows our advice we will promise to do our best to get her a man, who will "love, honor and obey" her while life lasts.

"Eddie" Simmons, who quietly removed from Oil City recently leaving a deficit in his bank account, and also an aching void in the finances of the Building and Loan Association, had two bills found against him by the Grand Jury at the last Venango county court. The first was embezzlement and larceny of \$3,300, while acting as Secretary of the Oil City Building and Loan Association. The second was larceny from Oil City Savings Bank of \$5,600, while acting as book-keeper. He was not known to have any extravagant habits except dabbling in fancy poultry. Therefore, beware of poultry.

This is the day the "unterrified" meet in convention in Erie, for the purpose of nominating Wm. Bigler for Governor and some other unfortunate cuss for State Treasurer. They will also get off a platform reflecting on the Republicans and praising the Democrats for virtues they don't possess. Senator Wallace and Congressman Randall, leaders of opposition factions are on the ground, and if they fall out, there is a probability that honest men will get their dues. Dr. Winans, Representative Delegate from this county, started for the scene of strife yesterday.

On Thursday last Messrs. J. T. Dale, F. E. Mabie, J. M. Corbet, P. M. Clark, J. E. Wenk, W. A. Hilands and D. W. Agnew, of this place, took a chance with some Titusville excursionists and went to Niagara Falls. They had a very pleasant time, narrated, of course with a few skirmishes with the outlaws who run hacks, hotels and museums, but came home very well satisfied with their trip. None of them would have missed the sights for twice what it cost them.

The Recks mourn over the death of their little dog, which died on Monday from the effects of a bite from another dog. We suppose they would rather have lost a good cow, as the dog was a famous ratter, very intelligent, and the family were very much attached to him.

Go to Robinson & Bonner's for glass fruit jars, jelly glasses, tin cans, sealing wax, etc.

The Pleasantville Cornet Band came in as advertised on Wednesday last, and discoursed some very good music on the streets. This band has improved materially since its last visit to this place. We did not attend the concert, but do not hear it highly spoken of, which may be accounted for by the fact that their boss performer didn't make his appearance that night. They are a very gentlemanly set of boys, however.

Attention is called to the advertisement of the Meadville Business College, which appears in another column. This college is presided over by Prof. A. W. Smith, whose reputation as a penman and instructor is equal to the best.

Just as we go to press we learn that Mrs. Sibbel, the old lady, met with an accident yesterday, in a blackberry patch, resulting either in a fracture or dislocation of the right arm at the elbow. Dr. Powell fixed it up.

DESIRABLE PROPERTY FOR SALE.—The property of Dr. Powell, opposite the Lawrence House, together with his practice, is for sale at reasonable figures. This is a fine opportunity for a good physician as there is but one other in the place. The reason for selling is that Dr. Powell wishes to settle elsewhere.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Biletic, Sedative, Counter Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful In-variant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Cough, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Rheumatic Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blisters, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Scrofula, Erysipelas, Itch, Scurf, Discolorations of the Skin, Humors and Diseases of the Skin of whatever nature or origin, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tap, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the term of life, these Tonic Bitters display no decided influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
