LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian church on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m. —Quarterly meeting will be held in the M. E. Church in this place, beginning on Saturday next and lasting over Sunday.

—That man deserves a monument who first discovered the Black Hills. There's gold there; there's mica there; there's good agricultural country there; there's timber there; and—there's Indians,—hair-raisers—there, and what- ever isn't there will probably be on the ground early in the spring. Esq. Hill of Fagundus has started the fever at that place, and the probabilities are, that when he starts for the Black Hill in the spring he will be accompanied by several ex-producers and others. The 'Squire is known and respected at home, and his accounts of the Hills are credited; hence the excitement. There is not much doubt but the Government will effect a purchase of that reservation before spring,—and then look out for the depopulation of a good share of old oil towns. Gold has a big advantage over oil, on account of the steadiness of the market. It makes no difference how much is produced, it is worth \$19.72 per ounce, in gold coin, or its equivalent in greenbacks, and if a fellow happens to make a good strike, the article don't decline to 40 cts. per barrel. And if lightning strikes it, it don't go up in smoke. And it don't smell so bad, neither. We would advise Democrats to go previous to the 2d of November, or the Republicans will have all the land taken up.

—On Tuesday Governor Hartman received by mail from New Orleans the guidon of the Eighty-third Regiment Pennsylvania Volunteers, accompanied by the following letter of transmittal; which will be read with interest by Co. G's members: HEADQUARTERS CO. F, FIRST REGIMENT LOUISIANA INFANTRY, NEW ORLEANS, July 4, 1875. To His Excellency, John F. Hartman, Governor of Pennsylvania. SIR: Fully recognizing the new order of things, as inaugurated at Bunker Hill last month, and desirous of adding my mite to the new era of renewed good feeling and fellowship between the North and South, I send you to-day by mail a small guidon, picked up by me on one of the battle fields (I forget which) of Virginia during the late civil war. It is inscribed "83d Regiment Pennsylvania Volunteers," and if its receipt will rekindle any kindly feeling among those who once bore it in battle, I shall be glad. A little guidon is a small thing to assist in bridging the "bloody chasm," but I trust it may fill its allotted place in such "pontooning." With sentiments of respect, I am respectfully yours, WM. MILLER OWEN, Late Adjutant Battalion of Washington Artillery, of New Orleans, Lee's Army, N. Va.

—Victoria Woodhull lectured in Oil City on Friday evening last, and was so much encouraged by the attendance and attention that she is going give them another dose this evening. Somebody is writing indignant letters to the Derrick because the average Oil Cityite doesn't appear to believe that Victoria is all that is lovely, and pure, and loveable, &c. If they have a pound in that city we would recommend that the police put that correspondent in it, along with the rest of the cattle.

—Some time Monday evening James Woodington found a cream colored horse with black mane and tail, wandering about the woods near Tubbs' Run, having on a bridle, with the bit out of its mouth, evidently for the purpose of letting it feed. The horse does not belong in this section, and as the circumstances were suspicious, it was taken in charge by Sheriff Van Giesen, and awaits an owner. Can any one throw light on the subject.

—After the harvest is past and the summer is ended, and the cold fingers of winter are just about to close upon us, we hear a young man proposing to get some base ball paraphernalia and organize a club! And he yet lives! Is life so dear or peace so sweet that such suggestions are allowed to go unpunished? We've got a club organized for that fellow's head, when next we meet him; also a red bat which we are anxious to break on his shin.

—The Republican Senatorial Conference for this district takes place at Irivinton to-day. That place was chosen as being the most central for the whole district; the conferees from Cameron and Elk coming on the P. & E. road, and those from this and Clarion counties going up from here on the O. C. & A. R. R. The conferees from this county are Messrs. D. Graham, John Thompson and S. J. Setley. Full report next week.

—Examine prices at Freeman & Corbet's before purchasing elsewhere.

Teachers' Annual Institute.

The Ninth Annual Institute of Forest county, will be held at Tionesta, commencing on Monday, October 18, at 2 o'clock P. M., and continue in session five days.

All teachers, school directors and friends of education are respectfully invited to attend.

Prof. C. A. Gilbert, Principal of Reid Institute, Reidsburg, Pa., will be with us during the greater part of the week and give instruction on methods of teaching, with practical suggestions in conducting the general exercises of the school room, and night lectures.

Superintendent W. H. Curtis, of McKean county, will be present during the entire session, and will give instructions in Elocution, English Grammar, Geography, Arithmetic, and in other branches.

S. D. Irwin Esq., will deliver a lecture on "Local Geology," during the session.

No pains will be spared to make the session both pleasant and profitable. Teachers are requested to make all necessary arrangements to give full and prompt attendance. Let no ordinary circumstances keep you away, but come prepared to take part in the exercises.

The committee on Permanent Certificates will be elected on Wednesday afternoon.

Directors Day on Thursday, 21st. An examination will be held on Saturday, Oct. 23d, commencing at 9 o'clock A. M. H. S. BRUCKWAY, Sept. 20, 1875. Co. Supt.

—We are under obligations to Mr. W. M. Henderson, Secretary of the Oil Creek Agricultural Association for a complimentary ticket to the Fair of that Society, which is to be held on October 5, 6, 7 and 8.

—The boro fathers are fencing the lot between H. O. Davis' and Jos. Grove's house, and setting the same back a few feet in order to make a passable road on the river bank between the bridge and May St.

—The Forest House is now in first-class shape. Mr. Varner has spared no pains in making his house a neat, comfortable and number one stopping place, and those who stop with him will find every thing to their convenience.

—It is said that there are only two sure things in this world—death and taxes. We were forcibly reminded of this saying yesterday morning, by having John Reck, Collector, shove a duplicate under our nose. He didn't get the taxes.

—We have heard a great many good stories about hunters bringing in large strings of squirrels, but never happen to see any of them. We haven't the slightest doubt, however, of the truth of these stories when we hear of instances where pets squirrels have bit the dust.

—We don't profess to be thoroughly posted on fixing roads, but do know that we came very nearly sticking in some fresh-made road between here and Newmarville last Friday. For the space of fifty yards the horse would sink in to his knees every step. Is there no remedy for this kind of improvements?

—C. F. Gillespie, of Whig Hill has purchased a separator, which looks like the one manufactured at Racine, Wis. This machine takes the grain from the straw, throwing the latter out of one vent and the former, all cleaned, from another, and is a great labor-saving machine. This is the only one we know of in this section.

—A young man named John Wingard, living about two miles east of Oil City, was killed last Saturday by the discharge of a rifle in his own hands. He was out hunting pheasants when the accident happened. The Derrick says he is the third one of this family who has been killed in nearly the same manner, and all within half a mile of the same spot.

—A young man named A. H. Lacy of Warren, was run over by a locomotive on the P. & E. R. R. on Monday last week, while intoxicated. The Ledger remarking on the casualty says: "This is the third death of late from the effects of drunkenness, and they may be made profitable sermons to boys and men who are in the habit of getting drunk. There is death in it. Keep sober."

—Those beautiful lots just north of Mrs. Henry's residence can be bought cheap, on long time, by applying to the editor of this paper.

—It is always interesting to know what strangers think of our town. We take the following from a Tionesta letter published in the Sugar Grove Journal:

"Ye old lumbermen of Warren county, who have made many 'trips' down the river, will remember the sunny little town of Tionesta, situated on the Allegheny at the mouth of the Tionesta creek. In common with other things this place has experienced a wonderful change, in the last decade of years—from a little lumbering town it has grown to be a borough—the cottage has given way to the large modern residence; side walks and shade trees make the streets commodious, while churches, printing offices, numerous stores, and in fact, everything that can add to the prosperity or comfort of a first-class town is found within its limits. The building of the O. C. & A. R. R., and the choice of this place as the county seat of the lately organized county of Forest, and the advantage derived from the consequent location of the public buildings, are the agents which have done the work of Tionesta."

—Peter's Household Melodies for October is issued, and contains the following choice vocal music, all songs and choruses:

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Biliary Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no anti-bilious for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Gout, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Gout, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, &c. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Itch, Scabies, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurf, Discolorations of the Skin, Humors and Diseases of the Skin of whatever nature or origin, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is full; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
