Time of Trains

At TIONESTA STATION, on and after May 24, 1875:

Table with columns for Train No., Direction (South/North), and Time. Includes entries for Train 60, 64, 62, 53, 59, 51.

On the River Division t. c. from Oil City to Irvineton, up the river is North; down the river, south.

LOCAL AND MISCELLANEOUS.

—Glance at Freeman & Corbet's new advertisement in this issue.

—Remember the dance at Lawrence's Hall this evening. The best of music—McCray's band—will be in attendance.

—Upward of one hundred pupils are in attendance at the schools in this place. This, we believe is the largest attendance the schools have ever had.

—A good many naturalization papers are being taken out this court, and, probably, the vote of Forest county will be larger this fall than ever before.

—S. H. Haslet has purchased a new carriage from the factory at Elkhart, Ind., in which his brother-in-law, Alex. Gordon, is interested. It is a fine looking vehicle.

—D. W. Clark's youngest child is dangerously ill at present, fears being entertained that it cannot recover. We hope, however, to record a change for the better next week.

—The Presbyterian Church is being re-painted by Alex. Henage, and the improvement in the looks of the structure is marked. Other improvements are contemplated.

—Installation of officers of Tionesta Lodge No. 369, for the ensuing term, takes place next Friday evening. We will publish the names of the officers installed next week.

—Hon. W. H. Short, U. S. Consul at Wales, arrived at his home in Youngsville, Warren county, on Friday last. His return was hastened by the ill health of his wife.

—The Ferry at Hickory, is, we understand, in good trim, and doing a good business. It is in the hands of W. M. Church, who is an accommodating and skillful waterman.

—The attention of our readers is directed to the professional card of Dr. W. C. Coburn, which appears in this issue. Office and residence in house formerly occupied by A. H. Partridge.

—Mr. N. K. Burton, of Marienville, this season, raised from one bean, planted beside his house, 132 pods of large full-grown beans. The vine was allowed to climb the side of his house, but had no extra attention. From this exhibit, it would appear that beans are a profitable crop to raise.

—Rev. Lusher is absent at a meeting of the Erie Conference, which, we understand is in session at Akron, Ohio. Mr. Lusher does not expect to be sent to this charge again, as he has already been here two years. He is a minister who has won the good-will and respect of all who have come in contact with him.

—The Commissioners' Room in the Court House presents an aspect like unto an agricultural fair; contributions of mammoth vegetables having been sent in by Hon. J. A. Dale, Col. P. D. Thomas, Messrs. W. Y. Siggins and H. A. Zuendell. Pumpkins, Squashes, Turnips, Beets, Onions and Rye (solid form) are among the articles exhibited, and they do our county credit.

OBITUARY.

REISINGER.—Died, in Montville, on Tuesday, Sept. 28, 1875, Mrs. Louisa R., wife of Col. J. W. H. Reisinger.

Mrs. Reisinger spent her girlhood from about twelve years of age, until her marriage in 1869, in Tionesta, and the news of her sudden death occasions general expressions of sorrow from all in this section who knew her. As a young lady she was universally respected, by old and young, wherever acquainted. As a wife and mother she was faithful and loving. Although not a member of any church, her religious convictions were firm and steadfast. She leaves two children, one a small babe, who will at present hardly realize their great bereavement, also a devoted husband, who made her married life pleasant, leaving no wish if her's ungratified. She was a daughter of Dr. Winans, of this place, and her death being unexpected was a severe blow to his family. The bereaved ones have our heartfelt sympathy for their loss, which, we believe is, without doubt, her eternal gain.

Senatorial Conference.

Agreeably to appointment, the Republican Senatorial Conference of this district met at Irvineton on Wednesday last. All counties but Elk were represented. The names of W. P. Finley of Clarion county, and W. R. Dunn were presented for nomination. Five ballots were had, each resulting in a tie vote, when on the sixth ballot, Mr. Finley had a majority of one. On motion the nomination was made unanimous. The candidates and friends were then called in, the canvass talked over, and preliminaries arranged for an active contest.

The best of feeling prevailed in the convention, and all were satisfied with the result. A good man for the position was nominated, and we hope to carry him through to a triumphant election, notwithstanding the Democratic majority in the District.

WM. P. FINLEY.

In its proper position will to-day be found the name of Wm. P. Finley, Republican candidate for State Senator from the District composed of Clarion, Forest, Elk and Cameron, whom we believe to be the most available man for the position in Republican party of the District.

Wm. P. Finley was born in Franklin Co., Pa., and became a resident of Clarion county before attaining his majority,—about 1851, since which time he has been closely identified with the agricultural and manufacturing interests of his county. At present he controls a large producing interest in the Oil Fields of his native State. He enjoys in a great degree, the confidence of men of all parties. His integrity is unquestioned. A man of fine social qualities and rare abilities, he will, if elected, discharge the duties of the position without fear or favor, not asking "Is it policy?" but "Is it right?" Well acquainted, by a long residence in this section, with the wants of his constituency, he is not lacking the zeal and energy requisite for the performance of every duty he may be called upon to perform. As a representative of the Oil interest, he carries with him the fullest confidence of all who know him, and, knowledge of its peculiar and pressing wants, which will enable him to act intelligently on all legislation bearing upon this important branch of our industries. That he is practical and energetic, is attested by his success as a farmer, as a producer and a general business man. That he is popular with his constituency, is fully apparent from the call he received from about five hundred men of both parties of Clarion county. With such a man, sustained by such an immense home support, our case is hopeful, and we may confidently expect after the election to greet Mr. Finley as our Representative in the State Senate.

—Mr. Geo. Watson, who has just returned from a few week's visit in York State, showed us a photograph of the great railroad bridge, at Portage, which would be worth a long journey to see. It is a new bridge and is elevated 230 feet from the river, and is 850 feet long. The old bridge, of which he also had a photograph, was a wooden structure, and contained 4,000,000 feet of timber.

—Grand opening of New Goods at Freeman & Corbet's. A large stock of reasonable goods just received, which will be sold at bottom prices.

—Last week we published an item regarding a horse which had been found loose in the woods with a bridle on and the bit out of the horse's mouth, and that said horse had been turned over to Sheriff Van Giesen. On Wednesday last Mr. Isaac Dawson, teamster for G. W. Dithridge, was some distance up the new road on the north side of Tubbs' Run, loading some wood on his wagon, when a man came up behind him, and asked him if he had met any one down the road. Dawson said he had not, whereupon the stranger drew a revolver, and pointing it at Dawson's head, demanded where "that horse" was. Dawson informed him, when he was allowed to proceed with his loading, and the man disappeared in the woods. Two men from about Calloaburg, were in town last week after the horse, which they claimed had been stolen from them. We believe they went back after proof that they were the owners. These circumstances confirm the suspicion that the horse was stolen, and that there is a regularly organized band of thieves operating through this country. We have heard of no horses being stolen in this immediate neighborhood, but that this place is directly on the route of the thieves, is not doubted. It would be well to prepare for a raid on the thieves when necessary, and we do not doubt but the necessity will soon become apparent.

—On Thursday evening last the store of Thos. J. Bowman, was entered and about \$850.00 worth of goods carried off in some trunks and coffee sacks which were in the store. The goods consisted of his best dry goods, cutlery, cigars and tobacco. The thieves appeared to be old smokers as they took all the 10 cent cigars and left the 5 cent ones. About \$750 worth of the goods were recovered a day or two afterward, secreted in the woods near the village, and Mr. Bowman thinks he got off pretty well. He says he has no well founded suspicions as to who the thieves are, but the next ones who come around may expect a warm reception. Whether this is an independent gang, or a section of the same that stole the horse, is not known. It is enough to know that such characters are in the country, and proper measures should be taken to bring them to justice if such a thing is possible.

—Mr. G. W. Dean, on Thursday last, killed a copperhead, near the watering trough on Dutch Hill road. It was the largest we have ever heard of in this country, measuring three feet in length. David Hunter captured three of these reptiles alive, on his farm a few weeks ago. They are pets that we have no liking for, being treacherous and deadly.

—We are grieved to hear of the death of Mr. J. H. King, jr., one of the editors and proprietors of the Warren Ledger, which occurred last week at the residence of his parents, in Youngsville. He was a young man highly esteemed in his profession, and his death will be severely felt by his many friends in Warren county and elsewhere.

—Examine prices at Freeman & Corbet's before purchasing elsewhere.

Western Correspondence.

LONE ROCK, RICHLAND CO., WIS. } Sept. 24, 1875. }

ED. REPUBLICAN:

Thinking that perhaps an item would be acceptable from your correspondent in Badgerdom, I once more send you a few "locals."

The weather at present is rather cool, with a sprinkling of rain twenty hours out of every twenty-four. We have had rain almost every day for the past three weeks, and some of our farmers cannot get their grain stacked; while our neighbors, over in Iowa, and also in Minnesota are praying for dry weather, as their crops are in some instances totally destroyed. In some places teams cannot be got out in the field, the ground being so moist that they become mired. Yet we are not so bad off here but less rain at present with us would be acceptable.

The corn crop here is splendid and soon the farmers will commence cribbing it. This is no small job; for twenty acres of corn is about as small a crop as any farmer has, while one of my neighbors has one hundred and twenty-five acres in one field. Corn pays us better than small grain, and our farmers generally intend planting one half their land to that crop.

Drovers are at present shipping cattle and hogs. Choice heaves are worth

\$2.50 per cwt, while fat hogs readily bring \$8.00.

A great business in this State during the fall of the year is the gathering of the cranberry crop; for in the northern part of this State is to be found some of the best cranberry marshes in the Union.

I learn from our station agent here, that there have been eighteen car loads of melons shipped from this station during the last six weeks. One man has cleared, above expenses, one thousand dollars on his melon crop this season.

I am told by one of my neighbors who has just returned from Yankton, Dakota, that the grain west of here is seriously injured by high water; in many places the water is half way up on the shocks of wheat and oats, and it is estimated that there will be a loss of several million bushels of wheat in the State of Minnesota alone; consequently we may expect good prices for wheat before another crop is raised.

The weather has become somewhat cool and we hope that our fall rains are over for the season. As the river is in good stage for running, lumber is passing down to market in large quantities. St. Louis is our principal lumber market in the west. Lumber is cheap here at present: fencing can be bought for fifteen dollars per thousand, and as lumber is almost entirely used here for fence, large quantities are used yearly.

More anon, N. B. HOOD.

Teachers' Annual Institute.

The Ninth Annual Institute of Forest county, will be held at Tionesta, commencing on Monday, October 18, at 2 o'clock P. M., and continue in session five days.

All teachers, school directors and friends of education are respectfully invited to attend.

Prof. C. A. Gilbert, Principal of Reid Institute, Reidsburg, Pa., will be with us during the greater part of the week and give instruction on methods of teaching, with practical suggestions in conducting the general exercises of the school room, and night lectures.

Superintendent W. H. Curtis, of McKean county, will be present during the entire session, and will give instructions in Elocution, English Grammar, Geography, Arithmetic, and in other branches.

S. D. Irwin Esq., will deliver a lecture on "Local Geology," during the session.

No pains will be spared to make the session both pleasant and profitable. Teachers are requested to make all necessary arrangements to give full and prompt attendance. Let no ordinary circumstances keep you away, but come prepared to take part in the exercises.

The committee on Permanent Certificates will be elected on Wednesday afternoon.

Directors Day on Thursday, 21st. An examination will be held on Saturday, Oct. 23d, commencing at 9 o'clock A. M. H. S. BROCKWAY, Co. Supt. Sept. 20, 1875.

Notice—Settle.

All persons indebted to me are hereby notified to settle on or before the 25th inst., if they wish to save costs, as after that time my books will be placed in the hands of M. W. Tate, Esq., for collection.

Also, all costs due me as Constable for the year 1874, must be settled immediately, or they will be collected by law. H. SWAGGART, Tionesta, Sept. 15, 1875.

DESIRED PROPERTY FOR SALE—The property of Dr. Powell, opposite the Lawrence House, together with his practice, is for sale at reasonable figures. This is a fine opportunity for a good physician as there is but one other in the place. The reason for selling is that Dr. Powell wishes to settle elsewhere. 20t.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded, possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Astringent, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter Irritant, Sulfuric, Alterative, and Anti-Bilious. Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system. No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fortified.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Cough, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Serofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Glands, Scrophulous Inflammation, Indolent Inflammation, Abscess, Abscesses, Old Sores, Eruptions of the Skin, Sore Eyes, &c. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative power in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Pimples, Salt Rheum, Itch, Scalds, Ringworms, Scald-head, Sore Eyes, Eruptions, Itch, Scalds, Discolorations of the Skin, Humors and Diseases of the Skin of whatever nature or origin, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display an decided influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities breaking through the skin in Pimples, Eruptions, or Sores: cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
