LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian church on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m.

—A few loads of coal will be taken on subscription at this office.

—It is understood that Mr. E. E. Clapp, of President contemplates starting up the Cobb Mills, at Red Hot.

—A new lot of the latest styles of clothing, overcoats, &c., for sale at bottom prices, at Robinson & Bonner's.

—Charley Hill has moved into the Holeman house, on Vine St., and is blacksmithing at Roberts' shop—Spears' old stand.

—Knox's mill is running about half the time, we should judge, only sawing and planing bill stuff. Dithridge's mill is running steadily.

—The boys were around on "Holler-Eve," but not much damage was done. A few cabbages were pulled up, but we hear of nothing else.

—Wm. Y. Siggins, of Stewart's Run, left with us a half-dozen onions, raised from seed, which are the largest and best we have noticed this season.

—All the bars being closed on election day, it is fair to infer that there were a good many improvident chaps suffered severely from thirst on that day.

—Thick boots, Arctic overshoes, woolen stockings and overcoats are getting in demand. Those who have them left over from last year are lucky.

—The Chestnut crop is all in, and didn't cause much money to change hands. And no one was hurt climbing after them, as near as we can find out.

—E. L. Davis has removed into the Benedict building, on river street. Wm. Butler is to occupy the building between the Lawrence House and the Press office.

—Derickson & Co. are still busily engaged in getting their stove mill ready for operations. It will probably be running in the course of a couple of weeks.

—We are one day late with our paper this week, having delayed issuing on account of the election returns. We will be out on time next week, if nothing happens.

—The viewers appointed by the court, to report on the division of the borough into two wards, met at the appointed time, but adjourned without making a report.

—Dr. Wiens' funeral took place on Friday last, a large concourse of friends and citizens following his remains to the depot. The burial took place in the cemetery at Franklin.

—S. H. Haslet starts for the wilderness soon, with his new Winchester rifle, half a bushel of ammunition, and a cart load of bear-traps. He expects to bring in a right smart haul of bear hide.

OUR COUNTY.

As will be seen in the official table published in this issue, the Republicans carried the county for the State ticket, and elected all the county officers proper, except two. The board of Commissioners is Democratic, because of the action of the Republicans of Barnett township, who pasted Jamieson's name, and voted for Long, the Democratic home candidate.

The Republican candidate for Prothonotary, T. J. Van Giesen, was virtually beaten at home, by those who owe fealty to the Republican party above almost any other man in it. Jealousy was the cause. The effect will be to strengthen the disaffection caused by Barnett in her vote on the Commissioner question.

A citizen of our county, and a merchant of our place came pretty nearly making a wager last week, but didn't. The party of the first part picked out a pair of gloves which were represented to be buckskin.

The Borough fathers have concluded that the sidewalks in town, on the principal streets, at least, must and shall be fixed, and those who do not, forthwith, improve their walk and conversation, the same, more particularly the walks, will be fixed by the council, and the costs collected from the property. This is right.

The following complimentary notice of Supt. Brockway, is from the pen of Prof. C. A. Gilbert, and was published in the Press of last week: Something of Interest to the Superintendent, H. S. Brockway.—The teachers of the Institute paid marked attention to all his desires, and seemed happy in their relation to him.

Col. Reisinger, editor and proprietor of the Meadville Republican, has ordered two new power presses, and a motor which runs by water, for his office, his increasing business making such additions necessary. He has steam for his machinery at present, but prefers the water motor on account of both safety and economy.

Dr. J. E. Blaine, formerly of this place, is in town to-day, making arrangements to come back here to practice. He will move his family and effects here next week. This will be good news to many of our citizens, who made strenuous efforts to keep him here last spring. His office and place of residence will be given hereafter.

The improvements on the Presbyterian church are steadily progressing, and it will not be long until it will be as comfortable and complete a place of worship as there is in this section.

We understand that the woods in this county are tolerably full of deer hunters, who must do quickly what is to be done, as the season expires on the 1st of next month. If the hunters average a deer apiece, venison will be scarce in this section for several seasons to come.

Whenever the Directors get a little currency ahead, we think it would be well to put a tasty little bellfry on the school-house, as the old rack which now supports the bell is anything but ornamental, and is rather out of keeping with the school house, since the new furniture etc. has been put in.

If this be winter, which has settled down upon us, we have not much hopes of any improvement on last season. It is commencing much earlier, and if it is as much colder, we will all freeze up before spring. However, it will be a magnificent time to lay in a stock of ice for the next summers' use.

Prof. W. H. Curtis, Misses Mary Harrington and Aggie Kerr, applicants for permanent certificates, at the late Teachers' Examination, after passing a thorough examination, all received the favorable consideration of the committee, and the certificates will be forthcoming.

James Swales caught a young bear in a pen, up on Salmon creek last week. He says he might have gotten the old one had he properly appreciated the position. However, he went back the first of this week, and says he will lug in the old one before very long.

Horace Jones, Gunsmith, at Tidoute has on hands, and makes to order, the best guns in the country. His specialty is double-barrel rifles. A full line of Fowling Pieces, Pistols, Ammunition and Fishing Tackle, constantly on hand. Deal with him, and you will find him reliable.

M. Carpenter, Photographic Artist, is back from his ramblings, and will soon be ready to attend to his business here. He is constantly adding experience to his previous knowledge of the business, and will, no doubt, take pictures even better than formerly.

D. S. Knox contemplates putting up a three-story building next summer, on the site now occupied by Carpenter's Gallery. It will shut off our southern view a little, but we are willing to put up with the loss of that to see solid improvements going on.

The Warren Mail says it is claimed that not more than two thirds the usual amount of lumber will be manufactured this season. As far as this county is concerned, we think one-half would be nearer the figure.

Some of our sportsmen endeavored to get up another hunt for the supper on Friday last, but on account of the wintry blasts that made their appearance about that time, the hunt was indefinitely postponed.

Mr. Wilson has two beautiful skiffs, and some elegant little sleighs for sale, at his boat in the back channel. If any of our citizens need either of these articles, they can get a bargain by calling on him.

Some of our citizens have attended the Pittsburgh Exposition, within the last two weeks, among others, Messrs. G. W. Robinson and A. B. Kelly. They pronounce it a success in every particular.

A petition has been circulated asking the P. O. Department to change the name of "Nebraska" P. O. to "Holbrook." The petition was generally signed, and the change will probably be made.

H. Ewald has re-opened the Empire Hotel in Tidoute, with everything new and fresh. His rooms are excellent, and his table is always set with the best the market affords. Charges reasonable. 28 2t

N. Wise, Merchant Tailor, of Tidoute, has just returned from the East with a new and complete stock of goods, from which any man cannot fail to suit himself. His stock of overcoats cannot be beaten in the State. Give him a call, and you cannot fail to be satisfied, as he makes perfect fits, and his prices are 25 per cent. lower than most establishments of that kind in this section. 28 2t

The lightest running Machine in the world is the Grover & Baker, at least Baldwin, of Tidoute says so, and he knows. 46 1y

VERY CAREFULLY.

DR. CRUMB, established for many years in Buffalo, by an entirely new system of medication, treats successfully Catarrh, Bronchitis, and Diseases of the Lungs, Liver and Kidneys, also Difficulties of a Constitutional Nature, wherein skill and experience are required. Dr. Crumb has developed a practice which from its unparalleled success in thousands of cases, many of a very aggravated character, is able to positively guarantee a perfect and permanent cure in every case he undertakes. He sends no Circulars or Treatises on these diseases to his patients, as it is undesirable that such knowledge is in general extremely prejudicial, exercising an injurious effect by retarding and frequently counteracting a cure, tending to alarm the patient, which is the principal object of such productions, and excites and exaggerates his fears as to the curability of his complaint. The Doctor requires simply a brief history of the case and a candid plain statement of present symptoms—a thorough examination will then be made, and if considered remediable—a sincere, conscientious opinion will be given promptly and such medicine as will be applicable to the case, accompanied by full and explicit directions. Charges very moderate and within the reach of all, and success guaranteed. Such cases as have failed under other treatment particularly desired. All letters must enclose \$1.00 for consultation fee and correspondence during treatment, and addressed to DR. W. H. CRUMB, 26 4

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The quantity is almost daily asked, "What is the cause of the unparalleled success of WALKER'S BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of WALKER'S BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.

The properties of Dr. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offspring of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Scrofulous, etc. In these, as in all other constitutional diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetters, Salt-Rheum, Blisters, Spots, Pimples, Pusules, Boils, Carbuncles, Ring-worms, Scald-head, Itch, Erysipelas, Itch, Scurf, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuge, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
