John King, in 1862, lived in Tenee. Soldiers of both armies raided his farm. So he removed all his produce to a cave in the Cumberland Mountains. A storm tore down a rock which closed the mouth of the cave. Therein he lived for thirteen years in the dark, eating from his produce and drinking from a spring. The other day a railway company blasting for a tunnel blasted him out. So says a paper, but then the paper probably lied.

In the San Froncisco jail is a girl only sixteen years old. She is ex-cessively sby and demure, bluehes when looked at by visitors, and faints when drunkards are brought bleeding into prison. Her face is delicate and expressive of retiring modesty and gentleness. Her name is Annette Gil-iard, and she is awaiting trial for stabiard, and she is awaiting trial for stab-bing a man four times with a big butcher-knife, and then smashing his skull with a brick.

A California farmer sent to the State Fair, which was recently held in Illinois, the heaviest fleece of wool on record, its total weight being a little over fifty pounds. The Wool Grow-ers' Association had it scoured and weighed, when it was found that there were thirty-eight pounds of grease and dirt in it and two pounds of burrs.

"There may be such a thing as love at first sight," remarked a Detroit girl as she twisted a "fris" around the curling iron, "but I don't believe in it. There's Fred; I saw him a hun-dred times before I loved him. In fact I shouldn't have fallen in love when I did if his father hadn't given him that house and lot." BUSINESS CARDS him that house and lot."

They were husband and wife, and as they stood before the Soldiers' Monument she asked :

"What's that figure on top?" "That's a goddess," he answered. "And what's a goddess?"

"A woman who holds her tongue," he replied.

Mr. Doze of Milwaukee, awoke the other day to find that his wife had run away with a sewing machine "feller." At first Mr. Doze thought he was dreaming, but when he discovered that she had really gone, he could not help feeling sympathy for the sewing machine agent.

George Metzge, of Carlisle, Pa., now in his ninety-fifth year, is the oldest person who has ever served is the Pennnsylvania Legislature. He was a member during the years 1813 and 1814. He is said to retain his powers of body and mind almost un-impaired. impaired.

"Stonewall" Jackson was a great military chieftain, and is famous in history, and yet how many of our readers to whom his sobriquet is so familiar, would know, if we didn't tell them, that his real name was Thomas Jonathan Jackson ?

OUR MOTTO IS AND HAS BEEN

QUICK SALES AND SMALL PROFITS.

Outputdness is exclusively PIANOS and ORGANS, which enables us 'to give' our whole time and attention to this exclusive trad's Thus where other dealers sell from five to ten instruments a week, our sales very often exceed these numbers in a single day, so that we can better afford to sell at 10 per cent, profit on cost, than they can at 20 and 25 per cent.

Every Instrument we sell is as good as an agent for us, as they invariably introduce us favorably to all who see them. We have sold and in use

in and about Pittsburgh alone. They are not some new Organ, the growth of a few months, but are old reliable makes, that are constantly adding every meritorious im-provement. The really Grand Simmons & Clough's Combination Organs have been manufactured for Twenty-five years, while the Celebrated Taylor & Farley Celestes Organs have been manufactured over Twenty years. And now for the purpose of in-troducing them more theroughly throughout all the country flowns of the State, we have made new and very heavy contracts for large numbers of the a, which we pro-pose to sell on their merits, and without the satisfance of AGE. TS OR MIDDLE MEN. giving the purchaser the benefit of commissions and wholesale discounts, we are thus enabled to offer these Organs at the following prices, at which we shall sell for a short time.

Testimonials of Waters' Pianos and

Organs.

"Waters' Concerto Parlor Organ pas-sesses a beautifui and peculiarly soft tone. The Concert Stop is, without doubt, the best ever placed in any organ. It is pro-duced by an extra set of reads, peculiarly volcek, from which the effect is most charming, and its initiation of the human voice is superb. For sweetness of tone and orchestral effects it has no equal."-N. Y. Times.

⁴ The Concerto Parlor Organ" is some-thing entirely new; it is a beautiful parlor ornament, possesses a sweet and power-ful tone is a most commendable inver-tion and holds a high place in public fa-vor."-N. Y. Evening Post.

AN ORCHESTRA IN THE PARLOS. - The orchestral organ is the name of a new reed organ recently announced by Horace Wa-ters & Son. The instrument takes this name from its recently invented orches-tral step. The voicing of this is perular, producing the edited of a full sweet con-icato voice. Its finest effect is produced when the stops are drawn, so that an or-chestent effect is given. The casols unions chestral effect is given. The case is unique and makes a bundsome article of furui-ture."—N. Y. Sun.
