-The lower House of Congress was organized on Monday, by the election of M. C. Kerr, of Indiana, as Speaker, and one Adams for Clerk. John G. The latter the cheapest newspaper published, was formerly Sergeaut at Arms of the when the size and quality of the pawas formerly Sergeant-at-Arms of the Rebel Congress.

-Germany is said to be suffering from "hard times" even more seriously than the United States. The depression caunot be ascribed to a depreciated currency, or a public debt, but to a reaction from the the speculative excitement incident to its war with France, and the vast indemnity paid tional copy for every ten to the getter by France to Prussia, stimulating up of the club. Postmasters are reoverproduction, and fostering railroad construction, with all its collateral branches of business, to an unhealthy degree, and now the reaction has set in, and there is general stagnation and embarrassment.

-Strictly classifying the new House of Representatives, it stands thus: Democrats, 173; Republicans, 105; Independent Republicans, 3; Reformers, 4; Liberals, 6. On a strict vote. the Reformers, Liberals, and Independents will be about equally divided between the two regular parties, so we will count the Democrats 180 and the Republicans 111, giving the Democrats a majority of 69. Of the 173 straight out Democrats in the House. 89-or more than half-are from the Soutern States. From this fact it will be seen that once more, as previous to the war, the Democratic majority in Congress is hopelessly at the mercy of real estate, to-wit:

The bill provides that "Any person who shall point, discharge, or threaten to point or discharge any gun, pistol, or other firearm at any other person, whether playfully or otherwise, shall be deemed guilty of a misdementor, and upon conviction thereof shall be aentenced to pay a five of one thousand dollars, and undergo an imprisonment not exceeding five years, or both, at the discretion of the bill provides, "That nothing contained in this act shall be abar to the recovery of any damages that may be claimed in a civil suit arising from any injury that may be sustained through fright or bodily damage by pointing, discharging, or threatening to point or discharge fire-arms of any description whatever."

Something is necessary to restrain the periodical idiet, who, in the exuberance of a playful spirit, points a gun which he didn't know was loaded at brother or sister or companion, as the case may be. The chronicle of deaths caused by this stoudity is growing larger every day and almost rivals the work of that other incautious person who hasteens the fire in the stove by pouring on kerosene from the can.
