LOCAL AND MISCELLANEOUS.

Lost Book.

Some time ago I lent a book entitled "California," bound in blue cloth, to some person in town. Any one having the same will please return it to May, Park & Co.'s Bank.

The Oil City Grays participated in the inauguration ceremonies at Harrisburg yesterday.

J. T. Brennan, has been appointed Commissioner's Clerk for one year. See notice of appeals in this issue.

The Auditors have got their annual report in readiness for publication. It will appear in our issue of February 24.

Carl Schurz lectures at Franklin to-morrow evening. There will be no excursion train run from this point on that evening.

Alex. Wilson's sister returned home last week, taking with her a finely upholstered child's sleigh for Alex.'s grand-son.

"It's an ill wind that blows nobody good." This mild weather, although rough on teamsters and lumbermen, is tolerably easy on fuel.

The Jaybird sat on a hickory limb; And Robinson stood up looking at him. The Jaybird sang a hymn to the morn, Then came down and stole some of Robinson's corn.

Jas. Swales has been appointed Mercantile Appraiser for 1876. All ye merchants and billiard men get ready for a visitation.

Some of our anglers have been tempting the sportive fish from his native element during the past week. What kind of luck they had we have not heard.

W. L. Porter, of Emlenton, has commenced work on a Steamboat, designed to run between Pittsburgh and Tidouste. Hope his investment will pay him handsomely.

It's amusing to read, in our Democratic exchanges, accounts of how Blaine was used up by Cox and Hill, in the Amnesty discussion. Poor fellow, he couldn't help it.

The Post Office at Petroleum Centre has been discontinued. Time was when this town was one of the swiftest in the Oil Region. How are the mighty fallen!

Shawkey has made no arrests since he was sworn in. Further the jail is empty, and it is to be so until some one offends the majesty of the law more than usual.

Dr. Vogel's wife is at present seriously ill with scarlet fever and fears are entertained that she may not recover. She has the best of care. It is to be hoped that the disease will not spread.

Eight bees in a pack of cards caused a ruction in Franklin recently. It would seem as if some of the citizens of the "Nursery" were up to "ways that are dark and tricks that are vain."

HARRISBURG.

INAUGURATION OF GOV. HARTRANFT.

Special to the Derrick.

HARRISBURG, Jan. 18.

At 12 noon, with artillery booming and great eclat, John F. Hartranft was inaugurated as Governor of Pennsylvania, in the presence of twenty thousand people. The military and civil authorities are more fully represented than ever before on a similar occasion.

The friends of Mr. Elliot who has had the pastoral charge of the Presbyterian church of Kerr Hill for the last four and a half years, do not propose to have him sever his connection with them without giving him some token of their respect and love.

Hon. Geo. A. Jenks, our member of Congress, spent the holidays and recess at home, in Brookville, and then returned to his post in Washington to vindicate the rights of the people against the usurpation and tyranny exercised by the Radical leaders in and out of Congress.

The above is from the pen of the old pharisee of Clarion Jacksonian. Now, if we had been let into the secret that George was going to Washington as a "vindicator," not only in, but out of Congress, we should have protested more than we did.

We are under obligations to Mr. C. L. Hanna, formerly of West Hickory, for late files of Denver and Greeley papers. The Colorado Sun is responsible for the following items:

Chas. L. Hanna, who has a large band of sheep on the Geary place, some fourteen miles down the Platte, was obliged to feed out about half a ton of hay per day to his stock on account of the snow.

Judge Levi and Charles Hanna have lately taken up one hundred and sixty acres of land down the Platte about seventy-five miles, and intend to move their sheep there another season. They are putting up a large corral, the lumber for which was hauled from Greeley. They estimate that about two thousand miles travel were required to get the material to its present location.

At a meeting recently held, the Crawford County Republican Committee passed resolutions against the continuance of the Crawford County System as a mode of nomination, and recommended a return to the delegate system. The question is to be submitted to the voters at the next primary meetings.

It depends somewhat on how the lumber trade starts up in the spring, whether we lose some of our oldest residents. We have heard several persons who have heretofore made lumbering their business, say that if business did not brighten up in the spring, they would seek homes in the far west.

Wm. Heath has opened his coal bank on Dutch Hill, and has given a lease to the Osgood boys. Some of the coal has been hauled to town but we have not heard anything as to the quality of it. Hope it is good, as it is handy to town.

When Haslet, Hulings and Hills were up in the woods two or three parties who got strayed from their camps, stayed with them over night. The strangers being mostly green hunters, were handed over to Haslet for instructions.

One who has tried it and found it a success, says that by eating an orange whenever your appetite craves strong drink, you will instantly feel that you wouldn't take a drink, even if it were offered you.

This remedy would be a little rough on oranges, if some of our "habituals" tried it. Nothing less than a full-fledged orange grove would supply the demand if they had to eat an orange every time their appetite craved strong drink.

Senator Anderson of Allegheny has introduced a bill in the State Senate designed to punish persons for the careless use of firearms. It provides that any person who shall point, discharge or threaten to discharge any gun or pistol, at any other person, shall be guilty of a misdemeanor, and subject to a fine of \$1,000 and two years' imprisonment.

Again we have weather which is not really appropriate to winter. But we are careful not to complain, because we have a vivid recollection of how the mercury crowded down toward the bulb last winter; and a repetition of that same after the weather we have had this winter, would throw the whole nation into a general neuralgia.

"Eddie" Simmons' case will come up in the criminal court at Franklin next week. It is rumored that there are palliating circumstances in the case, of which the public is not aware, which will put matters in a better light for "Eddie," but more will be known when the trial comes off.

Rev. James, Free Methodist, held forth last evening in the Universalist church, to quite a large congregation, many of whom were attracted by the report that a lady was to conduct the services. Another appointment was made for the same place on Tuesday evening, February 1st.

A petition is being circulated in town praying the Boro Fathers to build a foot-walk from Elm St. to the school house; a distance of perhaps 200 feet. The petition is being generally signed, and without doubt, the walk will soon be built.

J. M. Kepler has a barn on his premises now. It is not exactly a new barn, as he bought Varner's old one, and moved it to a new place, the rear of his lot. As he does not keep much stock, this barn will serve his turn as well as a more expensive one.

An unknown man, supposed to have been intoxicated, was struck by a train below Franklin, on the A. V. R. R. on Monday night. He was taken to Franklin in an unconscious condition. It is not known how badly he is hurt.

Coming down to hard pan. The wages of the track men, on a portion of the Philadelphia & Erie Railroad, have been cut down to 90 cts. per day. And yet, "Uncle Sam" has land enough to give us all a farm, and is willing to do so.

The river is just now at good rafting stage, and the weather is as favorable for running as it is generally in the spring. We hear, however of no rafts going out from this point, and observe none coming out from above.

Gen. Beauregard has applied to Congress, by letter, for the removal of his political disabilities. If Jeff. Davis is the only one to be eternally disfranchised, we see no reason why the petition should not be granted.

The poor tax is being collected just now, and to hear some tax-payers talk, you would think that they needed assistance from the poor board. But that don't wash, and they invariably have to "come down."

The amount of ice that has been put up this winter, in this latitude, wouldn't furnish sherry cobbler for Congress twenty-four hours, even if there were no argument on the Amnesty bill that day.

The Teachers' Association of Colorado met the other day, and resolved to ask the Constitutional Convention to insert a clause in the Constitution to the effect that the daily reading of the Bible in the public schools should never be compelled by law, nor should it ever be prohibited.

State Superintendent Wickersham, in his report submitted to the Legislature at its present session, says that section 6, of the act of April 20, 1874, applies to school directors, and it is their duty to comply with its provisions. We quote from this section, as follows:

The corporate authorities of every such municipality or district shall annually, in the month of January, prepare and publish, in at least two newspapers of said municipality or of the county in which the same is situated, if so many be printed therein, a statement showing in detail the actual indebtedness, the amount of the funded debt, the amount of the floating debt thereof, the valuation of taxable property therein, the assets of the corporation, with the character and nature thereof, and a neglect or failure so to do shall be a misdemeanor, punishable by fine not exceeding one thousand dollars.

Barnum is known to be a great humbugger, but there is no humbug about this extract from a recent lecture in New York, on "the world and how to live in it." He said:

The only real economy is to regulate the outgo to the income, so that the latter shall be greater than the former, and every year we shall be worth more than the preceding one. The real comforts of life cost but little; it is the eyes of others, not our own eyes, that rule us; it is the fear that Mrs. Grundy shall have something to say that governs us. The real wants cost little in comparison to what is earned, but it is this outside show that is so unfortunate for Americans. "Pay as you go" is the philosopher's stone, nearer than alchemist can get it.

Wanted---Wild Cats.

We desire to purchase two dead wild cats, that have been caught in traps, and whose skins are not injured. We want them for a taxidermist, who wishes to skin the animals himself, preparatory to stuffing. A fair price will be paid if the animals are brought in soon. 371f

Sewing Machine Needles.

Mrs. C. M. Heath has just received the largest and most complete assortment of sewing machine needles ever brought to town. She keeps the only sewing machine needles for sale in town. Her place of business is in the Acomb Building, up stairs.

C. W. Grann, of Oil City, (Reynolds & Hukill's Block,) keeps constantly on hand a full assortment of the latest Foreign and Domestic goods for the manufacture of gentlemen's clothing. He keeps none but first-class goods, and employs the best cutter in the Oil Regions. Whatever you get there you can depend upon its being of the latest style, and first-class goods. His prices are reasonable for the superior kind of goods he keeps on hand. If you want poor clothing, you cannot be accommodated at his establishment. GOVERNMENT LAND SALE.

DEPARTMENT OF JUSTICE, Office of the Solicitor of the Treasury, Washington, D. C., Nov. 17, 1875.

Public sale, of farms and all lands near Tionesta, Forest County, Pennsylvania, by Bluford Wilson, solicitor of the Treasury, with the approval of the Secretary of the Treasury.

The following described property lying in Forest and Venango counties near Tionesta, will be offered at public sale to the highest bidder at Agnew's Hotel, in the town of Tionesta, on Saturday the 27th day of February next, at ten o'clock in the forenoon, viz:

Tract No. 1.

The original Holeman Farm, containing 401 acres.

Tract No. 2.

377 acres, made up of three pieces, one of 301 acres, one of 41 acres and another of 45 acres, adjoining. These tracts bound on the Allegheny River at Holeman's Flats, and are situated about three miles from Tionesta. Much of the land is covered with excellent timber. The cleared part is good farm and bottom land, a number of good houses and barns are on each tract.

Tract No. 3.

437 acres, situated near the mouth of West Hickory Creek, on the Allegheny River, five miles above Tionesta, and consists of bottom and hill land. There are two houses and good out buildings on this tract.

These tracts are considered valuable all lands, and it is thought that, upon being properly tested, will be remunerative. They were taken by the United States for debt. The title is believed to be indisputable, and can be examined by bidders for themselves before the day of sale. The solicitor of the Treasury has no power to give warranty deeds, and will only sell and convey to the purchaser all the right and title of the United States.

The several tracts numbered 1, 2, and 3, will be sold separately.

The highest bidder for each tract when the same is struck off to him as the purchaser, will be required to sign his name to a certificate setting forth that he is such purchaser and agreeing to comply with the conditions of sale, and will also be required to pay to the agent of the government attending the sale, the sum of \$200.00, which will be forfeited if he shall fail to make the payment and deliver the security according to the conditions.

Payments will be made as follows: One-half of the purchase money, less the \$200.00 paid on the day of sale, shall be paid on delivery of the deed conveying the tract, the remaining half to be paid in one year from the day of sale with interest at six per cent, for which deferred payments the purchaser shall give his bond secured by first mortgage on the premises sold.

An agent of the government will attend at the postoffice at Oil City, on Wednesday, March 1st, 1876, and where each purchaser will be required to pay to him one-half of the purchase money, less the \$200 already paid, and deliver to him the proper securities for the remaining half, and to receive a conveyance executed by the solicitor of the Treasury, of all the right and title of the United States of, in, and to the tract sold to him. BLUFORD WILSON, Solicitor of the Treasury.

Approved,

R. H. BIRDSON, Secretary of the Treasury.

For further information in regard to the above described lands, apply to J. B. Agnew, Attorney-at-Law, Tionesta, Pa.

VERY CAREFULLY.

DR. CRUMB, established for many years in Buffalo, by an entirely new system of medication, treats successfully Catarrh, Bronchitis, and Diseases of the Lungs, Liver and Kidneys, also Difficulties of a Constitutional Nature, wherein skill and experience are required. Dr. Crumb has developed a practice which from its unparalleled success in thousands of cases, many of a very aggravated character, is able to positively guarantee a perfect and permanent cure in every case he undertakes. He sends no Circulars or Treatises on these diseases to his patients, as it is undeniable that such knowledge is in general extremely prejudicial, exercising an injurious effect by retarding and frequently counteracting a cure, tending to alarm the patient, who is the principal object of such productions, and excites and exaggerates his fears as to the curability of his complaint. The Doctor requires simply a brief history of the case and a candid plain statement of present symptoms—a thorough examination will then be made, and if considered remediable—a sincere, conscientious opinion will be given promptly and such medicine as will be applicable will be sent by express, accompanied by full and explicit directions. Charges very moderate and within the reach of all, and success guaranteed. Such cases as have failed under other treatment particularly despondent, all letters must enclose \$1.00 for consultation fee and correspondence during treatment, and addressed to DR. W. R.
