Tionesta, Feb. 2, 1876. —Guess we'll have about six weeks of winter now. —Senator Thomas was at home over Sunday. He was looking as if Harrisburg life agreed with him. —This is groundhog day. If this reptile comes out, and—but there's no use in telling you what you all know. —Several small boys amused themselves, yesterday, coasting on our office stairs, but failed in furnishing us a local item. —The Press, formerly published at Youngville, Warren county, has given up the ghost. Reason, want of patronage. —Bad roads, these, for hauling stove bolts; yet they are coming in to the amount of a dozen or more wagon loads a day. The reason is, they bring cash. —It appears that we were mistaken in saying that the post-office at Petroleum Centre was discontinued. It is still running and doing a good business. —Amos Cooper was married recently, to a daughter of Peter Lovel, of Oldtown. We did not learn who performed the ceremony. —The World Almanac for 1876, has been sent us, and the publishers have our thanks therefor. The carefully compiled statistics it contains, makes it valuable for reference. —The Warren Mail claims the first genuine leap year proposal for that town. The lady proposed, was accepted, and the wedding is to take place on the 4th of July. —The Spring elections happen on Tuesday, the 15th inst. We have heard of no candidates for any of the offices to be filled, but we are seldom short of that commodity when the time comes. —We print this week a very interesting and well-written communication from a gentleman of this section, who has been spending part of the winter in Florida. It will repay a perusal. —The Kerr Hill people did the square thing by Rev. Elliot last week. At a donation held there, the reverend gentleman was presented with a fine gold watch; his wife received a fine present in money and groceries, and his oldest daughter received a beautiful writing desk. We have a high opinion of the good people of Kerr Hill.

Lacytown Correspondence.

LACYTOWN, Jan. 28, 1876.

ED. REPUBLICAN:— —Good health reigns in every household; a physician should locate here. —The fact that not a tramp has passed through our village for the past year is worthy of note. If Boss Tweed sighs for a "lodge in some vast wilderness," let him come to Lacytown. —Goose and turkey parties are all the rage—excepting pinbacks. The preachers miss something by not favoring us this year. —Mr. and Mrs. Wm. Wales have returned from their wedding trip—a rather long one. Both look as if married life was "joy beyond description." —David Gill, Forest county's old friend, spent several days with us last week. He gathered some vines for a "young lady." This being Leap Year the case is most deplorable. —The abutment to the bridge is about completed. It is pronounced by some of our best judges to be a "splendid job." —We boast a very quiet, industrious people and some of the best workmen in the county. —Even the thermometer seems to be disgusted with the weather and is on the rise. —Tionesta creek is in good rafting condition but not a raft is to be seen on her shores. —The wind is in the south—least the dart on the mill points that way—and this is a poor week for news; correspondent has the spring fever. I DE CLARK.

—Valentine Day (14th inst.) approaches. There will be found a good selection of both the sentimental and comic sort at Fones' Drug Store. Look out to have your pet sins and foibles touched up on that day, or sooner. If the blow hits home, no matter if the means used are cowardly, reform, and you will be better for St. Valentine's day.

—Rev. Robert Sloss of Titusville, occupied the pulpit of the Presbyterian church on Sunday last, morning and evening, and preached to good audiences. On Monday evening he gave a public reading at the church. The audience was small, but attentive, and were highly entertained by the readings. As a reader, Rev. Sloss is a success.

—Drs. Blaine and Vogel extracted a fatty tumor from the back of Alex. Henage's neck last week, and he is doing finely. The tumor weighed about three ounces. The surgeons attempted to put Alex. under the influence of chloroform, but he was too hard to hold, so the operation was performed without its aid.

—A professor of penmanship put in an appearance in town last week, and didn't succeed in raising a class, but he did succeed in tanking a good deal of benzine. He is an excellent penman, and if he would cease his worship at the shrine of Bacchus, might do a good stroke of business.

—Eddie Simmons got a year and nine months in the penitentiary for his operations in the Oil City Savings Bank, and was to have been sentenced for his manipulation of the funds of the Building and Loan Association. The young man is very penitent, and much sympathy for him is manifested.

—Other places that don't hold as good shots as our town, are organizing rifle teams, and having shooting matches. We wish it distinctly understood that, whatever our shootists may do on a target, they can all cut down a deer on the run at almost any distance.

—The attention of Tax-payers is invited to the Auditors' Report in this issue. It will be seen that our county finances are in a fair state, considering the expensive improvements made in the past. With good management, it will not be long until Forest county will be clear of debt.

—Dan. Agnew was hauling stove-bolts from up Hunter's Run, one day last week, when one of his feet was caught between his vehicle and a root and middling badly crushed. No bones were broken. And now the boys are poking fun at Dan. about his toe-jam.

—"Oil is booming," just now. On Monday sales were made at \$2.00 to \$2.08 at the wells. This is the best price oil has commanded for some time. As a consequence, business is lively in the oil regions; particularly in the oil exchanges.

—The Philadelphia Times regards the selection of Colonel Quay as Beaver's delegate to the National Convention, as scoring one for Hart-rant.

—The New York Times thinks there is general public sentiment in favor of some modification of the right of suffrage, but says both parties are afraid to tackle the delicate question.

—The beautiful snow descended somewhat extravagantly for awhile yesterday afternoon, and this morning about four inches of it covers the ground, and things have the appearance of winter.

—It's against the law to kill rabbits now, so all ye bold hunters take notice, and confine your hunting to bears, panthers, wild cats and foxes, and come in and get your bounty on their scalps.

—Mr. Evans, formerly commercial agent for Johnson & Brevallier, of Erie, has accepted a position in the Tidouite Savings Bank. He is a straight business man, and will do the bank good service.

—M. C. Kerr, Speaker of the House, is out in a letter declining the honor of being the Democratic candidate for the Presidency. He recommends Governor Hendricks of Indiana for the position.

—Some individual, whether a rogue or an idiot, is not known, put a letter in the post-office on Sunday with three stamps, which had been taken from bunches of matches, affixed. That letter is held for postage.

—We are informed that Partridge's Hall has been rented by some of our young folks for a space of six weeks or two months, for the purpose of starting a dancing school. Mr. Klein, we understand, is to teach them.

—A son of T. J. Brennan, aged about three years, died of scarlet fever, at Buck Mills, on Sunday last. The child was a very bright and interesting one, and the bereaved parents have our heartfelt sympathy.

—We have made arrangements for a weekly letter from Washington, which will contain all the important doings of Congress up to the Saturday evening before publication. This week's letter is crowded out for want of space.

—Work on the hospital for the insane, at Warren, has been suspended for want of funds. It is expected that the Legislature will make an appropriation for the hospital this winter, and that the work will proceed in the spring.

—It is undoubtedly a sin to play "whiskey poker," and it is inexcusable for a man to play it who calls a "flush," a "slosh." If he must and will play this immoral game, we would advise him to get Minister Schenk's rules of the game.

—Captain A. Bogardus, the champion wing shot of America, will give an exhibition of his skill February 4th. He is to shoot at twenty-five pairs of pigeons, and to kill thirty-eight out of the fifty from two plunge or spring traps, forty yards apart, he to stand on a line between them. He is also to kill twenty-five birds in four minutes, loading his own gun in the time.—Meadville Republican.

—The Chicago Tribune, which strongly favors resumption, says of the process of reaching resumption through contraction: "We repeat what we have often said, that any scheme of resumption which arbitrarily ignores the existing relations of creditors and debtors, and which compels the sudden contraction of the paper currency in which the existing indebtedness was made and is payable, is an act of cruelty and oppression for which there is no necessity, and for which there can be no justification and will be no toleration."

READ THIS VERY CAREFULLY. DR. CRUMB, established for many years in Buffalo, by an entirely new system of medication, treats successfully Catarrh, Bronchitis, and Diseases of the Lungs, Liver and Kidneys, also Difficulties of a Constitutional Nature, wherein skill and experience are required. Dr. Crumb has developed a practice which from its unparalleled success in thousands of cases, many of a very aggravated character, is able to positively guarantee a perfect and permanent cure in every case he undertakes. He sends no Circulars or Treatises on these diseases to his patients, as it is undeniable that such knowledge is in general extremely prejudicial, exciting an injurious effect by retarding and frequently counteracting a cure, tending to alarm the patient, which is the principal object of such productions, and excites and exaggerates his fears as to the curability of his complaint. The Doctor requires simply a brief history of the case and a candid plain statement of present symptoms—a thorough examination will then be made, and if considered remediable—a sincere, conscientious opinion will be given promptly and such medicine as will be applicable will be sent by express, accompanied by full and explicit directions. Charges very moderate and within the reach of all, and success guaranteed. Such cases as have failed under other treatment particularly desired. All letters must enclose \$1.00 for consultation fee and correspondence during treatment, and addressed to DR. W. R. CRUMB, 102 Pearl St., Buffalo, N. Y.
