LOCAL AND MISCELLANEOUS.

THANKS.

Capt. Knox and family desire us to tender their thanks to friends and neighbors who manifested their sympathy in deeds of kindness during the sickness, death and burial of their daughter, Sallie.

Buy calicoes at Freeman & Corbet's for 7c.

A. T. Stewart, the great New York Dry Goods man, died yesterday. His estate is valued at nearly \$100,000,000.

Our readers will notice the change in Dr. Coburn's card on this page. His residence is now in the Wolcott house, Elm St.

Several rafts have gone down the river from above, but none have yet gone out of Tionesta creek. There are two Alleghenies coupled up in the mouth of the creek.

Chas. Bonner returned home yesterday, and is gladly welcomed by numerous friends. It is to be hoped that he will conclude to cease his wandering and stop with us hereafter.

We are very sorry to learn that the residence of Mr. James A. Scott, of Jenks township was completely consumed by fire last week. We are without particulars, but understand that he saved none of his household goods.

The weather for about a week past has been beautiful and spring-like, but this morning it is raining heavily. Thunder and lightning, also, have put in an appearance, and we are really of the opinion that spring has come.

The case of Chas. Larabee, the man who was sentenced to be hanged for the murder of one Williams in Oil City, upward of a year ago, has been looked over by the Board of Pardons, and a recommendation made that the sentence be commuted to imprisonment for life.

The Grove & Hart well on the old brick-yard property, inside the borough limits, is down nearly a hundred feet, and the work is being pushed rapidly. It is considered certain, that oil will be found at 300 feet but in what quantity nobody will know until the well is down.

Some half a dozen or more ducks have been sailing on the turbulent waters of the Allegheny about here for a few days past, and a great deal of powder has been wasted on them. We have heard of only one being killed. Better get longer range guns, or better arranged shootists.

Our Washington correspondent did not favor us this week, for which we are sorry, as we consider his letters good reading. We made arrangements for a weekly letter as long as Congress was in session, and this is the first time it has failed to come to hand. Next week we will probably get a letter.

War with Mexico.

After a series of skirmishes along the line between Texas and Mexico, actual open hostilities seem to have broken out. From yesterday's papers we extract the following:

LAREDO, Texas, April 10.—A special to the Galveston News says at the request of a Special Deputy United States Marshal, Major Merriam planted a twelve pounder on the bank of the river this morning, and at one o'clock this afternoon the Mexicans opened a hot fire from New Laredo on our guard at the ferry, and they were compelled to withdraw.

LAREDO, Texas, April 10.—The Mexican federal troops opened fire on the United States Government troops at seven o'clock to-night. The United States troops are returning the fire with twelve pound howitzers, shelling New Laredo, Mexico. A hot fight is going on.

Roll of Honor.

Report of Tionesta Union School for month ending March 30, 1876:

Room No. 1, O. J. Gunning teacher. Number enrolled, 50. Pupils neither absent or tardy during month: Emma Davis, Linnie Grove, Cora Knox, Emma Sawyer, Lizzie Thompson, Ellis Shawkey, Mary Shawkey, Theo. Riddle, Chas. Davis, Walter Adams, Alex. Dale, James Haslet.

Room No. 2, Dorcas D. F. Walter teacher. Number enrolled, 41. Pupils neither absent or tardy during month: Katie Pease, Sadie Pease, Bertha Harlan, Louie Richards, Sally Hulings, Albert Richards, Tardy but not absent: Flora Walter, Minnie McDonald, Sadie Elliot, Charles Adams, Sammy Clark, Charley Kilmer, Forest Proper, Sammy Elliot.

The following are the officers for the current term of Tionesta Lodge No. 369, I. O. O. F., who were installed on Friday evening last by D. D. G. M. Jas. Woodington:

- N. G., C. A. Randall.
V. G., T. J. Van Giesen.
A. S., S. J. Setley.
Treas., A. B. Kelly.
Trustee, 18 mos., Dr. Blaine.
Warden, S. A. Varner.
Con., J. E. Blaine.
R. S. S., D. W. Clark.
L. S. S., W. Y. Siggins.
R. S. N. G., L. Agnew.
L. S. N. G., P. M. Clark.
R. S. V. G., S. Bradenburger.
L. S. V. G., J. G. Dale.
I. G., M. W. Tate.
O. G., A. Weller.

Finance Com. G. W. Sawyer, J. E. Blaine, S. A. Varner.

Now while investigation is the order of the day, we would like to know why in blazes we cannot get a letter here from Franklin or Mendville, the same day it is mailed? The mail on the A. & G. W. R'y gets into Oil City 50 minutes before the train starts up the river. Now if this isn't time enough to sort that mail, what is the sense in running these fast mail trains? We would like to have somebody investigated, and further, we would like this negligence remedied.

The "excess" on this O. C. & A. R. R'y, is something fearful to contemplate. The Gen. Pass. Agt. is determined that passengers shall buy tickets, or suffer in their most tender point, i. e., the pocket book. For instance, the price of a ticket from here to Oil City is 75cts; fare on the cars, \$1.00. So it is along the whole line. Hence we advise the traveling public to buy tickets.

Attention is called to the card of Williams & Co., Taxidermists, Meadville, Pa., which appears in to-day's REPUBLICAN. We have seen numerous specimens of their work, and can conscientiously recommend it to our readers. Every sportsman occasionally gets specimens which he would like to preserve. To such we would say, Williams & Co. will fix them up for you in the best style, and at reasonable rates.

Immense invoice of fine dress goods, prints, cambrics &c., just opened at Freeman & Corbet's. — 2 It

Forest county, one of the richest in timber and coal and probably containing as much if not more oil than any in Western Pennsylvania is soon to be the scene of active operations.

Three companies beside many individuals are making preparations to tap the oil belt that is believed to run from the Clarion development to Bradford. Why this belt should not be found continuous and rich in Forest as in Clarion there is no reason. Former efforts made in 1864-65 proves that there is oil, and that too in paying quantities, but this section of the oil belt has been singularly neglected by operators, and the result is that thousands of acres of good land, rich in timber, coal, and most likely oil, in Forest lies idle.

—Mr. M. Carpenter has secured the agency of Rev. Dr. Boyd's history of the wonderful career of Moody and Sankey in Great Britain and America, together with the Trials and Triumphs of Faith as illustrated in the lives of Patriarchs, Prophets, Kings and Apostles. The book contains about 750 pages, and is sold at \$2.00 and \$2.50, according to the binding.

These are not flush times, and patched trousers, and turned garments, are the really consistent and natural result. Economical, home-made dresses are now the rule rather than the exception and serve to show not only the great popular drift, but also the very important part which "Domestic Paper Fashions" sustain in the economy of the household.

The May number of Ballou's Monthly Magazine is issued, and contains an immense variety of interesting matter, in addition to M. Quad's great story of "That Taylor Boy," one of the most exciting continued stories that the noted humorist of the West ever wrote. Its interest continues to increase, and much speculation will be made as to what will be the boy's ultimate fate. That he will come out all right, we feel assured. Published by Thomas & Talbot, 23 Hawley street, and for sale at all periodical depots in the country, sent at \$1.50 per year, postpaid.
