LOCAL AND MISCELLANEOUS.

Lost. A copy of "Cushing's Manual," belonging to Tionesta Lodge, No. 369, I. O. O. F. Any one having the same, or knowing its whereabouts, will confer a favor on the lodge by leaving word at this office.

NOTICE.

There will be a meeting of the Republican County Committee at E. L. Davis' office, Monday evening, May 16th, at 7 o'clock. A full attendance is desired. J. T. DALE, Chairman.

—Rev. Elliot will preach in the Presbyterian church on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m.

—Green peas, fresh hominy and houseless codfish, for sale by Freeman & Corbet's.

—Parties hunting for trailing arbutus, are now fashionable. It is plenty in some places, but rather difficult of access.

—Dom Pedro Emperor of Brazil, is expected in Oil City this week. This will be a good chance to see a real live emperor.

—Notice Prof. Klein's new advertisement in this issue. He proposes to be on hand hereafter, regularly, to attend to business.

—Fresh Maple Molasses, Forest county production, for sale at \$1.25, at Robinson & Bonner's.

—J. Bonner Esq., of Stoneboro, is in town this week, on a visit of business and pleasure combined. He is looking well, and is as busy as ever.

—Remember the Grand Centennial Party, to be given at the Lawrence House on the evening of the 10th inst. McCray's band furnishes the music.

—There will be a Free Methodist meeting in the Universalist Church on next Tuesday evening. We failed to learn who was to conduct the services.

Now doth your neighbor's busy hen Improve each shining minute, And from your garden beds remove Each healthy seed that's in it.

P. S.—Fresh seeds at Robinson & Bonner's.

—The fare for round trip to Philadelphia from Oil City, during the Centennial, has been fixed at \$16.95. We know of several people who are not going.

—For the finest quality of fancy paper and envelopes, in boxes, go to J. H. Fones, at the Drug Store. He has the handsomest stock ever brought to town, and sells it at very reasonable figures.

—We understand that there is to be a first-class barber in town, to set up a shop shortly. He is known to some of our citizens, who will probably vouch for him. This would seem superfluous, but our citizens who have patronized some of the former tonsor artists, have lost heavily in shaving utensils and hair brushes.

Lacytown Correspondence.

LACYTOWN, Apr. 28, 1876.

ED. REPUBLICAN:—Most of our citizens have returned from their trip down the Allegheny, and are now applying themselves to the care of their gardens, which, despite the wet weather, we notice are looking improved.

—Sam. Grubbs has moved his family to Waterloo, near Franklin. Henry Matha intends moving into the house lately occupied by Mr. Grubbs.

—Mr. Sam. Walker has been dangerously ill for awhile; we notice him walking around this morning and so will report him better.

—We were informed that a series of meetings has been held at Oak Woods; we have expected something of the kind here, but as yet have not been favored. There is encouraging talk of a Sunday School being organized during the summer; we hope it may be a success.

—C. F. Gillespie, George Matha, Kaman, Adam Sipple, and Rev. More, are among the strangers in town today.

I DE CLARE.

—Prof. Ogden having closed a successful term of singing school in this place a few weeks ago, started in again on Monday evening, with a class of fifty scholars. He proposes to give twenty-six lessons, one each afternoon and evening, (Sundays excepted) until the term is finished, when he will give a grand concert at the Court House, on the evening of the 16th inst. His school is held in the Universalist church. Terms, Gentlemen, \$1.50; Ladies, \$1.00; small scholars of both sexes, 75 cts.

—And they're playing croquet again. Ah! well. Seasons come and go; tides ebb and flow; times of prosperity arrive, and are gone; hard times come again. Silver coin takes the place of fractional currency, Presidential candidates are set up and knocked over. Investigation spends millions of the people's money, and few are found guilty. And still, croquet moves on with a quiet, unassuming, but steadfast hold upon the people, and the click of the mallet is heard in the land.

—A. B. Kelly, Esq., who, some time since, purchased the Oldtown Farm, and who has since been steadily making needed improvements, is engaged in constructing some trout ponds, on a stream which runs through his property. We wish him success in this enterprise, and would be glad to record that many more of our citizens had gone and done likewise. The expense is not great, and the returns, in the course of a few years, are large.

—Messrs. Derickson & Co., in the Fisher store, have procured the agency for the sale of the Gowanda Plow, manufactured by Adams, Jackson & Bache, Gowanda, N. Y. It is claimed that these plows once introduced, continue to grow in favor; that they are what a farmer wants to work sod or stubble; and that they are adapted to all kinds of soil. Messrs. Derickson & Co. solicit an examination of this plow by all.

—Mr. W. G. Irwin, who moved here with the intention of starting a handle factory, will not embark in that business, owing to the fact that such timber as is needed for handles cannot be had in this section. So he informs us. However, he has got his eyes open, and will undoubtedly start up some kind of business in a short time.

—G. W. Robinson is about to thoroughly overhaul and fix up the house on the corner of Highland and Vine Sts., formerly owned and occupied by Wm. Dimond. He will put a cellar and stone foundation under it, plaster, weatherboard and paint it, and will then have a first-rate house to rent.

—Attention is called to the new advertisement of Holeman, Hopkins & Co., Pleasantville, Pa., This firm do a general mercantile business, buy in large quantities, and give their customers the benefit of reduced rates.

—Mr. Andrew Cons, of Oil City, with whom a great many of our citizens are acquainted, has been appointed and confirmed as Consul at Para, Brazil. We congratulate him on his good fortune.

—We notice that work is going on up at the Jamieson wells. Believe they are being drilled deeper. They formerly produced about five barrels each, we believe.

—Farmers and others, beware of parties now traveling through neighboring counties swindling farmers by appointing them agents for a patent clothes line. It is the same old fraud of inducing the victim to sign an order, which proves with a little manipulation, to be a judgement note.

—Not much in the way of gardening has yet been done, but about next week we may expect to see a general tearing up of the soil around here. There were about a dozen men who had the "best garden" in town last year, and the number will probably be increased the present season.

—The oil well, of Grove & Hart is being drilled to the third sand, that which they struck at or near 300 feet having been considered the third stratum. They will certainly get oil, notwithstanding "J. J. M." of the Derrick reported that the well was down, and was a failure.

—We find the following in regard to Mr. McSweeney, of this place, in the Oil City Derrick:

"Henry McSweeney, who was admitted to the practice of law at Franklin Monday, passed a very creditable examination. He was a student with McNair & Hancock."

—A big fire occurred in Brookville recently, and nearly a whole square was burned. Our friend, D. A. Henderson, formerly manager of the Superior Store, came nearly being burned out, but fortunately the flames were subdued in the building adjoining his store.

—Petroff, Assemblyman from Philadelphia, who was concerned in the Boom Bill bribery business, was expelled from the House on Monday by a vote of 118 to 46. The case of Ly-sott, on the same charge was set down for trial yesterday.

—Somebody, we suppose G. G. Sickles, has put a fence on the hillside along Vine St., which diminishes considerably the pasturage of the town cows. The land thus fenced in, is being cultivated, but by whom, we are not informed.

—It is said that silver is in circulation, but we would never have suspected the fact. Nor would we be sure that all the U. S. and National Currency had not been retired, had we not seen some of our dealers paying for U. S. licenses.

—Wm Blum is putting down a well for water, by a process, the name of which is unknown to us. Suffice it to say, a tube, perforated at the bottom, is driven down to where the water is, and no digging, or walling up is required.

—Navigation on Chautauqua Lake has commenced. We venture to say that many of our citizens will take advantage of the close proximity of this resort, and the excursion rates which will prevail during the Fair Point meetings.

—Some part of the engine of Derickson's stove mill was broken last week, and had to be sent away for repairs. This will account for the stoppage of the mill for some time past. They will soon be running again.

—We notice some of our citizens planting trees this spring—Centennial trees, we presume. A hundred years hence their posterity may repose under those trees, and make maple sugar from the sap.

—M. Carpenter is canvassing for subscribers to McCabe's Centennial History of the United States. It is a beautiful and valuable work, and is sold for \$3.75 and \$4.00, according to binding.

For Sale or Rent.

The Lawrence House property will be rented for three years, on reasonable terms, or will be sold, to a responsible buyer, with or without furniture. This is a new and large three-story house, with a dancing hall in third story; has a billiard room with two fine tables, attached. A new barn; a good house, renting for \$60 per year, and the stove mill, renting for \$72 a year, go with the house. This house has a good run of custom, and will prove a good investment for any one wishing to rent or purchase. Apply in person or by letter, to

DIED.

MAGILL.—In Tionesta, on Monday morning, May 1st, 1876, Mary Louise, daughter of Thos. J. and Ellen Magill, aged 12 years, 1 month 5 days.

Louie was ill for several months, but was thought to be better up to a few days before her death, at which time her father was absent at Edenburg. She was a little girl who was well liked by all who knew her, and the sympathy of all our citizens goes out to the bereaved parents in their loss. The funeral takes place to-day.
