Train 22, south, and 21, north, are 1st class; the others are accommodation freights. These trains only are allowed to carry passengers.

On the River Division, i. e. from Oil City to Irvinston, up the river is North; down the river, south.

LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian church on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m.

—By reference to our announcements, it will be seen that F. E. Allison of Hickory, is a candidate for Assembly.

—Mr. O. W. Proper, started for Philadelphia on Monday, to attend the Centennial. He will be absent about ten days.

—W. C. Merven's School commenced on Monday last, according to previous announcement. He starts off with a fair number of pupils.

—The Parker Daily is now published as a morning instead of an evening paper, as heretofore. G. A. Needle, formerly of the Tidoute Journal is the editor.

—When the weather is dry enough, the woods around town are burning regularly. Hope the guilty parties will be sent up for their incendiary practices.

—Excursion tickets from this place to Philadelphia and return, are sold at \$19. These tickets may be used any time within thirty days from date of purchase.

—Mr. A. A. Hulings has purchased the Emlenton Times office, and proposes to publish that paper for the purpose of making money. He has our best wishes.

—Jno. N. Teitsworth caught a head about ten inches in length, in the river last week. This is the first we believe that has been captured in the river so far south.

—Mrs. C. M. Heath, in the Acomb building, has just received a superior stock of hats, ribbons, trimmings, embroidery &c., which will be sold at reasonable prices.

—Mr. Chas. Hinton has been appointed Street Commissioner, by the new Town Council. One dollar and seventy-five cents for each day's service is allowed him.

—Among the lawyers in town this week attending court, we notice B. J. Reid of Erie, D. D. Fassett of Titusville, Col. Rodgers of Franklin, and S. P. Johnson of Warren.

—Jno. Everhart, of Lickingville, started to the Grand Lodge, Philadelphia, on Monday last. He represents Yokohama Lodge I. O. O. F., of Lickingville, in the Grand Lodge.

—Saturday and Sunday nights the weather was quite cool, and our early vegetables and fruit were only saved from frost by the sky being overcast by clouds. "The wind is tempered," &c.

—Prof. Ogden's concert at the Court House last night was a very enjoyable affair. The house was crowded. The Prof. labored under some difficulties, as he was called away the night before, which prevented his being here to rehearse with his class. We believe he intends getting up another class.

—We clip the following from the Titusville Courier, and gladly give it a place in our columns:

Mr. J. H. Dingman, who has been a resident of our city for the last eleven years, formerly of the firm of Clark & Dingman, wholesale grocers, has rented his property here and removed to Tionesta. He has been living there several months although his frequent appearance on our streets led us to suppose that he was still living here, and we were not aware of his removal until yesterday. While we regret the loss of so good a citizen as Mr. Dingman we congratulate our sister town on the acquisition of so worthy a man and bespeak for him a warm reception and a brilliant future in his new selection of a permanent home.

—Court convened on Monday last at 10 o'clock a. m. Associates Dale and Kerr on the bench. Judge Wetmore not putting in an appearance, the court was adjourned until 4 o'clock, p. m. The President Judge was present, and the argument list taken up. Henry McSweeney was admitted to practice at the several courts of Forest county. Tuesday morning the Grand Jury was charged, Constables' reports received, names of Jurors called, and a jury impanelled. And the work before the court is now proceeding according to the most approved methods.

—The cry against extortionate charges at the Centennial is rising into volume, and, unless something is done to check the growing feeling, the Exposition will suffer serious injury. Instances almost without number of undoubted extortion, are recorded, and the news is rapidly flying over the country. The country people, residing at a distance, will be frightened either into staying at home, or of providing for their wants without troubling the restaurants. The bad faith of these extortioners constitute one of the worst features of the affair.

—John Peterson, of Trunkerville, (a terrible old war Democrat, by the way) takes advantage of the power furnished by Nature, and is pumping a well, a few rods in the rear of the depot, by water power. The well is at present, a small one, but, if we mistake not, is increasing in production. The cost of pumping is absolutely nothing, and the consequence is, that John has a good thing of it. It wouldn't spite us a particle if the well should increase to twenty barrels per day.

—We paid a visit to the Edenburg oil regions last week, and came pretty early catching the oil fever. We would have it sure, if we could find some person to furnish the capital for us to operate on. Business of oil kinds is brisk there, but there appears to be men enough there to do all the work needed. Wages are not as high as they were some time ago.

—Hon. R. B. Brown, of the Clarion Democrat, is in town this week. We notice that he is announced in Clarion county as a candidate for the State Senate, and that he is the only man announced. For Assembly there are four Democratic candidates, in that county; for Sheriff fourteen candidates, and for Associate Judge six.

—Our Washington correspondent, for this week has changed his base to Philadelphia, where he is "doing" the Centennial. His letter will be read with interest. "No pent-up Utica contracts his powers," and we would not be much surprised to receive one of his letters from the Black Hills.

—Mr. Peter Berry, of Fagundus, informs us that he intends to put down a well somewhere in the vicinity of Balltown during the coming summer. The company represented by Capt. Howe also proposed, some time ago, to commence operations during the present month.

—Mr. Caleb Richardson, of Tidoute, and another gentleman, whose name escapes us, have bought the ferry and some land adjoining the east landing. Mr. R. was, some years ago a citizen of Hickory twp., and is well thought of by all his former neighbors.

—Things are in a torn-up condition down around Council Run, consequent upon the building of the culvert for the new bridge to be erected there. But this will not be so very long, as the contract allows only thirty days from time of beginning for the finishing of the same.

—For lemonade and pies buy Gautes Lemon Sugar at Freeman & Corbet's.

—White lead, linseed oil and putty at Robinson & Bonner's.

—It has been decided, in cold blood not to sink the company well, above the cemetery any deeper. If we are not mistaken, there was a majority in favor of drilling deeper, but the minority refused to contribute their quota of the funds necessary for further development.

—A little child of Mr. Ingalls, who lives in the Roberts building, died on Saturday last, of scarlet fever and was buried on Monday last. Rev. A. Wilder conducted the funeral services. We understand that another child in the family is down with the same illness.

—Any lack of original matter in this week's issue, may be accounted for by the fact that we were drawn on the jury for the present term of court, and have been unable to evade doing our duty in that capacity, notwithstanding our business necessarily suffers.

—Rev. A. N. Craft, now of Titusville, once stationed in this place, will be one of the editors of the Assembly Herald, which is to be published at Fair Point, Chautauque Lake, during the Assembly. He is one of the ablest ministers in the Erie Conference.

—Farmers are disposed to grumble somewhat about the abundance of wet weather we are now having, on account of the same being unfavorable for plowing &c. And for the time of year less garden has been made than any season for several years.

—Robinson & Bonner are putting up an addition on the south side of their store the dimensions of which are 16x50 feet. This will effectually shut off our view on that side, but we would not interfere to prevent needed improvements for anything.

—Some lady whose name we have forgotten, will deliver a lecture in the M. E. Church, to-morrow evening, on the subject of temperance. She is said to be a very good talker, and should be greeted by a full house. The lecture will be free.

—The Jamieson well, opposite Tubb's Run is being tested, and is pumping, on an average, about nine barrels per day. When the water is once shut off, it will probably settle down to a ten barrel well, which ain't so bad these times.

—Mr. L. M. Gallagher, editor of the Mt. Joy Star, is in Forest county this week, looking after some lands belonging to himself and other parties. He favored us with a call, and we find him a very intelligent and pleasant gentleman.

—Gen. Harry White, of Indiana county, was in town the fore part of the week, attending court, we believe. We notice that the General is a candidate in Indiana and Clarion counties for the Republican nomination for Congress.

—Mr. J. T. Dale, Representative of Tionesta Lodge, No. 369, I. O. O. F. to the Grand Lodge of Pa., started for Philadelphia where the Grand Lodge is in session, on Monday. He will take in the Centennial before he returns.

—Dry cod fish, and mackerel, whitefish and trout, in kits, quarter and half barrels, at bottom prices, at Robinson & Bonner's.

—Mr. Fones, of the American Drug Store, informs us that his Soda fountain will not be charged this summer on account of the absence of sufficient ice. In such case we suppose beer and lemonade will have to suffice.

—Fresh Prunes, Figs and Dates at Freeman & Corbet's.

—Attention is called to the new advertisement of Mr. Brennessholtz, dealer in dry goods &c., Tidoute, Pa., which appears in this issue. Mr. B. is a square business man and will fulfill all he advertises to do.

—The Democratic County Committee at its meeting on Monday evening last, appointed Saturday, July 1st, as the day for holding the Democratic Primaries. The return judges meet on Monday following.

—The amount of freight unloaded at Tionesta Depot is astonishing. A large range of country get their supplies from this point.

FOR SALE. The valuable and beautiful homestead formerly owned by Hon. Joseph G. Dale, and in which he now resides, is in my hands for sale at very low figures. Terms—one-third purchase money down, and the balance in one and two years. MILES W. TATE.

—These beautiful lots just north of Mrs. Henry's residence can be bought cheap, on long time, by applying to the editor of this paper.

—When a Brooklyn woman wants a new dress and feels a little delicate about asking for it direct, she presents her husband with a nice beaded shaving paper-case, filled with tissue from an old paper pattern. The first time he uses it he notices the little round holes in the paper and naturally inquires the reason, which gives her the chance to say with a regretful sigh that it's only a "Domestic Paper Fashion" that she would have used some time ago but for the reason that she saw he was poor just then and felt as if she ought to economize to help him along. Noble self-denial like this usually fetches things.

For Sale or Rent.

This is a new and large three-story house, with a dancing hall in third story; has a billiard room with two fine tables, attached.
