Fresh corn meal and fresh oat meal at Robinson & Bonner's. 10 2t. Work on the culvert over Council Run, is progressing. It will be a week or ten days before teams can cross there.

Hon. Jas. A. Dale and family have returned from the Centennial, having seen and enjoyed all that was visible and enjoyable.

Somebody put a stone in a hat and laid it right side up on the sidewalk, the other day, but we heard of no one kicking it.

We hear no certain sound from our new council on the subject of sidewalks. It is time something was being done in that direction.

Mr. E. Klein, of Tidoute, a brother of Mr. L. Klein, of this place, started a jewelry store in Bradford. He's a good workman, and merits success.

Mr. and Mrs. P. O. Conner, and Mr. and Mrs. H. A. Adams and part of the family of the latter, started for Silver Creek, N. Y., on Monday last, for a short visit.

Lightning struck a couple of tanks of oil, near South Oil City on Saturday last, and about 70,000 barrels of oil, several wells, a house and barn, were burned. The oil was fully insured.

Mr. G. D. Ackerly and family, of Union City, and Miss Emma Arner, who has been teaching in that city, passed through town yesterday, on their way to Lacytown, where they propose to enjoy their vacation.

J. T. Brennan is building a foundation and cellar southwest of where the house now stands, and, when finished, will move his house on it. In the course of time he proposes to build a main part in front of and joining it.

Mrs. McKay departed for the Centennial last week, and, we understand, will make an extended Western trip before she returns. Mr. Einstein returned from the exhibition on Monday last, feeling well satisfied with his trip.

Mr. J. Bonner, of Stoneboro is in town, looking after his land interests in this county. He has an immense quantity of land scattered over the county, some of which he offers for sale much below the figures at which it is assessed.

On the 4th page of to-day's paper, we publish the Treasurer's Sales, for the accommodation of those who want papers containing them about this time. Heretofore we have had to draw on our files to accommodate buyers and tax-payers, but we've blocked their game this year.

Col. Belinger, of the Meadville Republican, came to town last evening, and is out trouting to day, with Mr. Greaves, the artist. We hope they will have good luck.

GRAND CENTENNIAL CELEBRATION

IN TIONESTA, PA.

JULY 4TH 1876!

Grand Time Anticipated!

ALL ARE INVITED!

COME OUT AND CELEBRATE!

At a mass meeting of the citizens held in the parlors of the Forest House last Monday evening, it was decided that we have a "good old style celebration," in this place, to which all the citizens of the county are cordially invited, and requested to participate in.

Committees were appointed to make all necessary arrangements, but as the committees do not report until next Saturday evening, when there will be a second meeting at the Universalist church, we are unable at present to give a complete summary of the ways that may be devised for the occasion. But we are authorized to say that these will consist of orations, reading of the Declaration of Independence, recital of the History of Forest county, poems, songs, &c., Basket Picnic, to which all the Sabbath Schools, and all other societies in the county are most cordially invited. Fire works will also be provided, and music and dancing of course.

In our next issue we will be enabled to give a more detailed transcript of the matter; in the mean time we would call the attention of our readers to the subject, and invite them to turn out and join with us, and by their presence and united efforts help to make the occasion a success.

Mr. T. J. Van Giesen was elected Marshall of the day, with the power to appoint assistants.

The following Committees were appointed: Committee to procure Orators, Literati, &c.: J. B. Agnew chairman, S. A. Varner, S. H. Haslet.

Com. to procure music: J. H. Fones chairman, W. B. Harlan, S. J. Setley, Wm. Lawrence, H. Foreman.

Com. on Finances: M. W. Tate chairman, A. H. Partridge, M. Einstein.

Com. of Arrangements: W. E. Lathy chairman, J. T. Brennan, E. L. Davis, W. C. Merven, W. C. Coburn.

Ordinance Committee: G. W. Sawyer and others.

Committee of fifteen ladies to be appointed at next meeting, to superintend refreshments.

Com. on Invitations: W. C. Merven chairman, J. T. Dale, P. O. Conner, W. R. Dunn, A. B. Kelly.

It is unanimously resolved that the ladies be invited to participate in next meeting, which will be held next Saturday evening at 8 o'clock, sharp, in the Universalist Church. Come one; come everybody.

W. P. MERRILLIOTT, Chm'n.

J. M. CORNET, Sec'y.

Mr. Gallagher, editor of the Mt. Joy Star, who paid this place a short visit during court week, publishes the following in regard to it, in the last issue of the Star:

"Tionesta is the county seat of Forest county, and its prospects are bright. It is situated on the east bank of the Allegheny river, and on the line of the A. V. R. R. It has four or five well-conducted hotels, a bank, a large and beautiful court house, and two newspapers, the REPUBLICAN and the Press. There are also a number of fine residences, a great many of which have lately been erected, which is an evidence that the town is improving, and has a steady growth."

Land plaster, a fresh lot, just received at Robinson & Bonner's. 10 2t

We have received from the officers of the Tradesmen's Industrial Institute, of Pittsburgh, a blank application for space to exhibit articles of interest, at the second exposition of this association, which is to be held in Pittsburgh, commencing on the 16th day of August next, and closing on the 23d day of September. Personally, we have nothing strange or new, to exhibit, and if any of our readers wish to display anything belonging to them, the blank is at their service. The buildings will be opened August 1st, for the reception of machinery and other goods. Goods at the risk of exhibitors; but efficient watchman or police will at all times be on duty.

A little son of Mr. Geo. Albaugh, who lives at the foot of Hilland St., fell into the back channel on Saturday last, sank several times, and was finally carried over the rifle, some rods into the river. Mr. John Hood happened to get sight of the boy, and plunged into the water, and brought the little chap safely to shore, and he is now all right again, but he came very nearly passing in his checks. It is a wonder that we do not hear of more accidents of the same kind, as scarcely a day passes but numerous boys, from five to twelve years are paddling all over the eddy, where the water is from four to fifteen feet deep.

The Black Hills bubble has been effectually punctured by the hatchet of the Indian. The telegrams giving an account of their depredations are sickening in their details of butchery. The poor fellows who have been led to the Hills by the false reports, in hopes of making a fortune, lose their lives instead. The latest report from that section is of the killing of a party of forty-nine men, a wholesale butchery, which will cause the deepest feeling of indignation and sorrow.

This is the last issue of our paper in which candidates are allowed to announce themselves, previous to our primaries, according to the rules. So the Republicans must make a choice among those whose name are already announced. Personally, we would be better satisfied if there were fifteen or twenty persons announced for each office, as in that case, we would by this time, have money enough to make us comparatively independent for a time.

The Democrats in this county and district are working just as hard for nominations as if they expected to make the election provided they are nominated. With the exception of State Senate, they will certainly be mistaken, and on that office they may be. It is a great mistake, however, for these individuals to buttonhole Republicans; for according to the rules they are not allowed to vote at the Democratic primaries.

The Republican primary elections in Butler county were held last week, and, at the convention, held at Butler on Friday last, it was decided to throw out the entire vote from the oil districts. The oil men are very indignant, and, if the vote was straight, in their respective districts, they have a perfect right to be. The result will be bad splits in the vote at the November elections.

Ex-Speaker Blaine has exhibited those letters which he refused to give up to the committee, and has shown up Mr. Knott, who received a telegram establishing his (Blaine's) innocence, and who suppressed the same. Speaker Kerr, is now having a chance of personal explanation, "having been charged with taking money for securing one Green a commission during the war.

Petroleum V. Nasby dictates the platform on which the Democrats should go into the campaign. It must meddle with no man's views on the currency question, or any other question which will divide the votes. Reform, is the whole of the platform. He publishes letters received from Tweed, Connelly and Sweeney, all of whom recommend "reform" as the watchword.

Some one has removed our hatchet from the office. It was not our intention to dig up the hatchet at this time, but it appears that some individual believes that it is time it was raised. Now if said individual will bring said hatchet back, we will bury it—in a stick of kindling wood—as soon as cold weather sets in.

There were Free Methodist services last evening in the Universalist church. A lady conducted the services.

People talk of the inconvenience of silver as change, urging that their pockets will be worn out, and their money lost, and their legs made sore by the weight of the money. This may be true in exceptional cases, but we can assure our readers that there are no holes in our pockets, and that our legs are as sound as they ever were in the days of fractional currency.

Talking with Capt. Howe, of Franklin, a few days ago, he informed us that the work on the wells in the old part of the county, about Balltown, would commence shortly. The company have had much to contend with, in dealing with some of the large land-holders, the latter holding the price of their leases too high. We believe all things are now ready.

A smart Illinois girl who had been cruelly jilted, rose up in her wrath and recovered \$5000 for breach of promise,—and she had no sooner got this suit out of the way than she took some of the proceeds and went right to work on another—a handsome black silk made after the "Domestic Fashions."

Mr. Chas. Hinton, Street Commissioner gives notice to tax-payers that he will commence work on the roads on Thursday morning next, at 7 o'clock. All who wish to work out their road taxes, to meet him on that morning at Haslet's corner, and they will be set at it.

At the primary elections, held in Armstrong county last week, Gen. Harry White received the entire vote of the Republicans, having had no opposition. He will undoubtedly receive the instructions from every county in the district, and will be triumphantly elected.

Ice cream and soda water are in fashion here. In larger places, people are now indulging in strawberries, cucumbers, radishes, &c. Our garden stuff will soon be ready for business, and then we can all get sick without having to pay such high prices for the stock.

Henry McSweeney, Esq., who was admitted from Venango county, to practice at the bar of Forest county last court, has stuck out his shingle in St. Petersburg. He was a good student, and passed a creditable examination. We wish him success in his practice.

Our hills are clothed with verdure, and flowers are blooming spontaneously. Our place, in the summer, is not excelled in beauty by any other town on the river. Summer visitors could find no more pleasant place to spend a few months than Tionesta.

We publish to-day the card of Drs. Blaine & Eggert, who have formed a copartnership for the practice of medicine. Dr. Eggert is a regular graduate of one of the best medical colleges in the United States, and is undoubtedly well qualified to practice.

It is a lamentable fact, that no one of our active, robust, healthy young men has ever broached the subject of base ball this season. If this state of things is allowed to continue, crooked fingers and black eyes will become unfashionable.

The July number of Ballou's Magazine is superb, for it contains such a large variety of reading matter that all must be pleased with it. In addition to the stories, there are quite a number of excellent engravings, some of them of a handsome character, and all worthy of particular notice. There is a continuation of the great serial called "That Taylor Boy," by M. Quad, of the Detroit Free Press, and it grows more and more interesting as it advances in the plot, and a spirited sea story by a well-known writer, and quite a number of domestic tales of interest. Published by Thomas & Talbot, 23 Hawley St., Boston, at \$1.50 per year, postpaid.
