LOCAL AND MISCELLANEOUS.

NO PAPER NEXT WEEK.

According to the usual custom among county papers, and particularly on account of the grand blow-out on the coming 4th, there will be no paper issued from this office next week.

4th of July Notice.

The ladies composing the Refreshment Committee for the 4th of July will please meet at Partridge Hall, on Thursday evening, June 29th, 1876, at 7:30 o'clock, to make arrangements.

—Rev. Elliot will preach in the Presbyterian church on Sunday next, morning and evening.

—The prohibitionists have put a "full" ticket in the field in Jefferson county.

—Bustles are out of fashion, but if we don't have a great bustle here on the 4th, we miss our guess.

—Strawberries are being shipped in now-a-days. It doesn't take more than a few crates at one time to supply the demand.

—Hen. Shoemaker dropped a stove bolt on his foot a few days since, and is now hobbling around and looking for the 4th of July.

—Judge Bertram, Assistant Secretary of the Treasury, has resigned his office; the resignation goes into effect the first of July.

—At the Presbyterian Sabbath School, on Sunday last, it was decided to close until the first Sunday in September, when it will be re-opened.

—Mr. S. A. Varner will please accept our thanks for a nice mess of fish, sent us last week. They were suckers, but were appreciated as well as if they had been trout.

—Gates are getting loose on their hinges these warm evenings, and we wouldn't be surprised if there wasn't a good gate in town by the time cool weather sets in.

—Senator Morrill, of Maine has been nominated and confirmed Secretary of the Treasury, made vacant by the resignation of Bristow. The appointment is an excellent one.

—Warren has become an oil town, and business is lively about there. Some good territory has been struck about there, and everybody who lives there expects to become millionaires.

—A "lightning calculator" gave a street exhibition in front of the Central House, on Thursday evening last, doing some difficult sums by a short method in a very short time. The object was to sell some books on the subject, which he had on hand. We believe he sold about half a dozen.

—Brown of the Democrat, and Watson and West of the Jacksonian, were all candidates for office at the recent Democratic primaries in Clarion Co., and their bids all hang on the fence. Brown says:

Having been a candidate for the democratic nomination for Senate, and the convention having nominated our opponent, we simply remark that the nominee—as well as every other man on the ticket—shall receive our cordial support, with the understanding that he and his friends all give the same pledge, and squarely support the whole ticket.

Mr. West feels encouraged, as witnessed the following:

During the absence of the senior editor the "local" will have to perform double duty in the way of editing, but as we are so highly elated with our success as an office aspirant, we feel fully competent for the task, and will endeavor to keep up his part of the work.

The result strikes Mr. Watson, however, in a very sore place, and he unburdens himself as follows:

Life is but a brief, an uncertain space of time allotted to man to prepare for long eternity, and how much better to meet a happy and peaceful end with a good conscience, than to rise to high attainments and lofty positions, in the world's esteem, through intrigue, treachery, falsehood, perjury and fraud.

—We are requested to state that a meeting of the "Bum-squizzlers" for the 4th, will take place at Partridge's Hall on next Saturday evening. All who intend to take part in this parade will please be in attendance at the meeting.

Lacoytown Correspondence.

LACOYTOWN, JUNE 26, 1876.

ED. REPUBLICAN:—

—The hills are red with strawberries, and they are unusually large and sweet for the kind. We have the promise of an abundance of all wild fruit this season, if nothing occurs to injure it.

—Will. Roupe was, and is still, a victim to intermittent fever. Dr. Coburn has been treating him, and there is now no danger.

—The mill is now engaged in manufacturing with great rapidity, such articles of use as water pipes, croquet mallets, wash stands, etc.

—The Republican primary election was held last Saturday afternoon, as appointed.

—Yesterday a jolly party of gentlemen came down from Coon Mills on a float; they had the damp appearance of drowned rats, but we would not insinuate that they had been dipped, as the water is in splendid bathing condition.

—Two Sundays ago the people of Lacoytown met and organized a Union Sabbath School; the "Westminster Lesson Leaf" was adopted into use. Both Sundays the attendance was very good, both parents and children showing a hearty appreciation of the attempt to shorten the long summer days in such a good way.

—The base ball club of Lacoytown would challenge that of Tionesta but for one simple reason, and that is, the want of a ball.

—Mr. Ledabar killed a large rattlesnake on the iron bridge yesterday; he secured the rattles, which were ten in number.

—Selden Whitman is in a buzz this morning, securing pulleys and ropes to raise his barn to-morrow. He informs us the barn is larger than our saw mill, and that elderberry wine and butter-milk will flow like water for all those who help him.

—Mrs. Gilfillan starts to-day on a visit to her mother at West Hickory. I DE CLARE.

—Hon. J. B. Agnew desires us to return his thanks to those who supported him at the late Primary Elections, and also to state that he bears no malice whatever against those who supported his opponent.

—Misses Alice Proper and Alverta Paup, and Robert Haslet and Floyd Proper, returned home from Williamsport last week, all looking well, and, we believe, feeling well satisfied with Dickinson Seminary.

—Peter's Household Melodies, No. 19, is to hand, and contains about \$3 worth of music, if it were published in sheet form. This publication is published monthly at \$4 a year. Address J. L. Peters, 843 Broadway, N. Y.

—M. Little has killed some rattlesnakes, besides a few copperheads (snakes) on the old Dan. Stow place this season. J. R. Stroup also disposed of a huge rattlesnake recently on the Proper place, where he is living.

—Street Commissioner Hinton is employing men and teams in covering the culvert over Council Run, which is almost completed. Warm work it is this weather, but we must have good roads at any sacrifice of comfort and ease.

—Lead mines are being discovered in various places in this county, notably on the land of Judge Cook, of Cooksburg. Silver and copper mines have often been discovered about here, but we have heard of no one getting rich out of them.

—S. D. Irwin, Esq., and family departed on Monday last for the Centennial, where they will spend some time. Esq. Irwin's History of Forest County will be read on the 4th, by A. B. Kelly, Esq., in whose hands it will not suffer, as he is a good reader.

—"Death and Taxes" are certainities. Fred. Kauffman has charge of a little book which he circulates, and gathers in stamps and promises. It is hard to pay taxes and attend the Centennial the same year, and we have about concluded to pay our taxes.

—The Democracy of the Union are at work in St. Louis to-day selecting their victim for slaughter in November. Tilden, Hendricks and Hancock are the leading candidates, each having staunch followers. The "great unknown" may win the battle, but present indications are that one of the three snakes named will receive the nomination.

—From all quarters of Maryland, Virginia and Pennsylvania came cheering notes of an abundant harvest of wheat and excellent prospect for the corn crop. The wheat is now ripe for the reaper, and indeed has already been cut in some parts of Virginia. In Maryland there is little complaint of any injury to that cereal either from rust or the fly. The corn crop is also said to be vegetating in a manner indifferent to the cut worm, the grub, and similar enemies.

—Mr. M. J. Bond, who for several years has been making lumber at Bear Creek, is about taking his departure for Clam Lake, Michigan, where, we believe, he will take up his residence for some time to come. He has quite on an amount of timber standing yet, but will not cut it at present, on account of the low price of lumber. When the market gets up to his figures, he will come back and cut the rest of his timber.

—And now the Democratic primaries of Forest County will be held next Saturday, and the way the candidates for Assembly are using up horseflesh is a caution. It is impossible to prophecy in regard to their nominations, as sentiment changes so much. To-day one is the strongest; to-morrow another, and so on. It is amusing to see how much interest they take in this little game, in which the winner is sure to be nipped in the bud in November.

—The new narrow gauge railroad from Emlenton to Edenburg, is progressing rapidly. Two miles of the Emlenton end are already graded, and 75 men are at work. The ties and track are to be laid as fast as the road is completed, and very soon the iron horse with his train of cars will come snorting over the hills to Edenburg. Before the frost comes, or roads get bad in the fall, they expect to have the road completed.

—Mr. A. Guyton found a young bird by the side of the road, on Dutch Hill, yesterday, and brought it in and left it in care of Davy Hiland's. Judge Proper pronounces it a bald eagle, and others call it a fish hawk. Its feathers look like wool, and it is a real curiosity.

—Dress, used with taste and judgment, enhances beauty. Ladies, you will find both taste and judgment displayed in the "Domestic Fashions."
