Table with columns for Train No., Direction, and Time. Includes entries for Train 22, 51, 53, and 21.

LOCAL AND MISCELLANEOUS.

—Communion services will be held next Sunday morning, at the Presbyterian Church; regular services in the evening. Rev. Elliot will deliver a Preparatory sermon on Friday evening next.

—Benj. W. May returned from his school at Andover, Mass., last week, looking and feeling well.

—Class fruit jars, tin cans, and sealing wax, &c., at Robinson & Bonner's.

—Adjourned Treasurer's Sales were continued Monday and yesterday, and a good many good tracts of land were disposed of.

—Mrs. Gaskell, a daughter of Mr. John Rock, of Alliance, Ohio, is in town on a visit to her friends. Her aunt, a sister of Mr. R. accompanies her.

—S. D. Irwin Esq., returned from the Centennial last Monday. He reports the "Big Show" a grand success, and altogether is well pleased with his visit.

—We call attention to the change in the card of the Lawrence House, on our inside this week. Mr. McCray respectfully solicits a share of public patronage.

—Miss S. A. Dale has had her house painted by Henage, and it now presents a very creditable appearance. Paint applied in the right place is a thing of beauty and a joy for several years.

—Chas. Bonner, and Capt. Ferry and wife have returned from the Centennial, highly gratified with their trip. Mrs. Lathy and Mrs. Sharp departed for Philadelphia and Norristown last week.

—Quarterly meeting was held at the M. E. Church in this place on Saturday and Sunday last. The services were conducted by Rev. W. P. Bignell, P. E., who is one of the best men in the Erie Conference. His sermons are very highly spoken of.

—The borough council has put notices on nearly all the fences along Elm St., notifying the owners of lots to build or repair sidewalks within ten days from date of notice. We hope the ordinance will be strictly carried out, as some of our sidewalks are in a dangerous condition.

—Fruit canning is now the principal business of the general housekeeper, and cherries, currants and raspberries are the fruits that are now being tampered with. The amount of fruit, sugar, jars, cans, etc., a man of a family is now obliged to furnish makes his pocket-book groan with emptiness.

—Mr. Samuel Brandenburg left this place last Saturday, for good. He returns to his old home, in Switzerland, where he expects to start in business. Sam. has been a resident of Tionesta for several years past, and during his stay here has made many warm friends who will always be glad to hear of his success. We wish you a safe and pleasant voyage, Sam.

The 4th of July.

At midnight on the 3d inst. the Centennial 4th was ushered in by the ringing of bells, firing of cannon, and the whistle of Derickson & Co.'s stove mill, which continued for one mortal hour, putting sleep entirely out of the question.

Early in the morning, guns, fire crackers, torpedoes, &c., waked the echoes and the slumberers and the trouble commenced.

Shortly the Bunsquizzle-cars came out upon parade, fantastically arranged, creating much amusement. The life and drums headed this procession, and made a little music and a good deal of noise. The bass drum was played with a great deal of expression. In front of Robinson & Bonner's store a dry goods box was made into a rostrum, and one of the chief bumpers delivered a stump speech, which was well received, and often interrupted by applause and laughter.

At about 9 o'clock a. m. the Odd Fellows of Tionesta and Lickingville formed at the Lodge Room, under the direction of Lodge Marshall Varner, and marched down to the Tionesta House, where the procession was to have been formed. Word was sent down, however, for this body to march up toward the bridge to meet the Rescue Fire Co. and Band of Tidoute. Right here, we would say that the Fire Co. was brilliantly uniformed, and presented a fine appearance, marching with the precision of veterans. The brass band which accompanied them, although comparatively a new organization, played better than any band that has ever visited our place. We would recommend them to secure the services of Prof. Boynton for six months, and will guarantee that under his instruction there will not be more than two bands in the western part of the State that will excel them.

The States and the Goddess of Liberty were represented by young ladies, dressed in white, seated in a pyramid on a wagon drawn by four horses. The procession marched to the grounds, and listened to the reading of the Declaration of Independence, by E. L. Davis, Esq. A. B. Kelley Esq., then read Esq. Irwin's History of Forest county, which we reproduce this week. W. E. Lathly Esq., then delivered an oration which was well received. M. W. Tate Esq., followed with an oration, which was a fine effort, well rendered, after which a bouquet was presented him by the President of the day. This oration we will reproduce next week. Rev. Elliot pronounced the benediction, and the audience fell to work on the provisions, which disappeared rapidly under the attacks of the hungry crowd. The officers of the day did honor to their positions.

The wheelbarrow race was won by Geo. Hood. Other amusements were omitted on account of the rain.

In fact, the rain, of which considerable, was the only drawback to the occasion. No drunkenness, no fighting, no rowdiness marred the day.

In the evening a party was given at the Lawrence House, which was a grand affair, well attended, and enjoyed by everybody, not excepting the host, who put some money in his purse by the operation.

Everybody enjoyed the Centennial 4th, and it will be a day long remembered by those who participated.

List of Letters.

Remaining in the Post Office, at Tionesta, uncalled for, July 10, 1876:

Ernest Bithums, J. Brecht & W. H. Sellworth, John Bonner, Bruce Crawford, Ella Davidson, Mary Evia Hughes, Frank Hensinger, Susannah Isgrig, Mrs. A. F. Kelly, Rev. A. A. Kennedy, Mrs. J. A. F. Kelly, David McCall, James McClintock, Smith & McIntire, W. T. Whyte, Frank Walker, S. B. Warner, Mrs. Alisira Whitten, Mrs. Jennie Walters.

—Mr. Chas. McCray took possession of the Lawrence House, as Landlord, on Monday last. Mr. McC. has had considerable experience in keeping boarding house, and we have no doubt that he will be successful as Hotel Keeper, and make the Lawrence House a very desirable place to stop. Mr. Lawrence, who has for some years past kept the house in such a manner as to secure a good run of custom, goes to Sheffield, where, in company with John Miller, he proposes to make lumber for a term of years. We hope he will make some money at it.

Lacytown Correspondence.

LACYTOWN, July 10, 1876.

ED. REPUBLICAN:—We would offer an apology for some of our items, which are really no longer news, but we insert to oblige readers at a distance.

—J. B. Haggerty, who returned home a short time since from selling lumber along the Ohio, intends leaving for the Off Regions to-morrow.

—The stage on mail line from Clarion to Tionesta has changed its travel, going now from Tionesta to Clarion on Monday instead of Tuesday, as formerly. We believe this change is not agreeable to the Nebraska P. O. for one, as it deprives the people of their papers for Sunday reading. We are in hopes a change may be effected.

—Geo. Walters, formerly a jobber at this place, living now near Newmarket, was kicked on last Monday by a horse; the shoe struck so near his left eye as to tear the lower lid, and then in a circular form around the eye, inflicting a deep gash in the forehead. Mr. Arner was sent for, who dressed and sewed up the wound, which is now doing very well.

—These days, when the thermometer stands 98° in the shade, have brought out the snakes so that we despair of extinguishing them; their conning imparts a lively feeling to berry pickers.

—There has been a Sunday School started on Weant Hill; co-operation would have been better. The school here has received new singing books and papers for the children, and a free library is talked of.

—Miss Minnie McCurdy, a niece of Mrs. J. Flynn, has arrived and intends spending the summer in Lacytown.

—Marshall Van Giesse and Miss Maudie are rustifying here to-day. I DE CLARE.

—Messrs. Wilson and Brown, editors of the Parker City Oil Journal, paid our place a visit last week, and while in this section, concluded to go up to Saffron Creek and have a fish. We are sorry to hear that they had bad luck in getting a kicking horse, which kicked the buggy and harness out of time, and threw Mr. Brown out of the buggy at Newtown Hill. They were not discouraged, however, but left the horse and buggy at Newtown and walked to Buck Mills, where Mr. Daniel Gibson took them in charge, and among them they secured a fine string of trout. They are both gentlemanly fellows, and we hope they will not be discouraged by their bad luck this time, but will conclude to pay us another visit soon.

—At the Democratic Primaries held in this county on the 1st inst., the following nominations were made: Congress, Geo. A. Jenks; State Senate, Jas. G. Hall; Assembly, S. H. Haslet. Kepler was badly whipped and did not take his defeat kindly, but blamed it on the "Court House Ring," whatever that may be. The nomination's occasion no surprise, except that of Hall, who for many years past has been execrated by men of both parties for the part he took in taking Millstone township from our county. However, we understand he explained this to the Democrats satisfactorily.

—Adjourned Court was held in this county Monday and Tuesday of this week. The Borough of Tionesta was divided, in accordance with petitions and the reports of viewers. The whole borough is to constitute one school district, but each ward is to have three councilmen, and to repair their own roads and sidewalks. The division line is the middle of Church St., all north of that being called the North Ward, and south of it the South Ward. We believe nearly all the voters are satisfied with the division.

—John Root, a son of Mr. A. B. Root, who for a few years has been in the U. S. Army, was honorably discharged a few weeks ago, and is now at home. He has seen a good deal of border soldiering, and is probably fully satisfied with his experience in that direction. The universal testimony of officers and soldiers on this question is, that army life in time of peace is the most tedious and monotonous existence in the world.

—The last Elk Democrat came to us with the outside printed in blue, and the inside in red, making a Yankee Doodle sort of a number. The effect is very good and inspires patriotic feelings.

—The baseball pitcher in the Braddock Base Ball Club, recently a student in Allegheny College, has been arrested on a charge of having a hand in issuing a scurrilous college paper in Meadville, called the Tutor et Ullor. The paper was printed in Pittsburgh, and was a bad publication. He went to jail for want of bail. It is extremely probable that he will be made suffer severely.

THE SUN.

DAILY AND WEEKLY FOR 1876.

The approach of the Presidential election gives unusual importance to the events and developments of 1876. We shall endeavor to describe them fully, faithfully and fearlessly.

THE WEEKLY SUN has now attained a circulation of over eighty thousand copies. Its readers are found in every State and Territory, and its quality is well known to the public. We shall not only endeavor to keep it fully up to the standard, but to improve and add to its variety and power.

It is our aim to make the Weekly Sun the best family newspaper in the world. It will be full of news, and its editorial writing of every sort, but will print nothing to offend the most scrupulous and delicate taste. It will always contain the most interesting stories and romances of the day, carefully selected and highly polished.

The Agrically and Politically a prominent feature in the Weekly Sun, and its articles will always be found fresh and useful to the farmer. The number of men independent in politics is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no direction, contending for principle and for the election of the best men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. It has no fear of knives, and seeks no favors from their supporters.

The markets of every kind and the fashions are regularly reported.

The price of the Weekly Sun is one dollar a year for a sheet of eight pages, and fifty-six columns. As this largely saves the expenses of paper and printing, we are not able to make any discount or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which requires payment of postage in advance, one dollar a year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to get up a club in order to have the Weekly Sun at this rate. Anyone who sends one dollar and twenty cents will get the paper, post-paid, for a year.

We have no traveling agents.

THE WEEKLY SUN—Eight pages, fifty-six columns. Only \$1.25 a year; postage prepaid. No discounts from this rate. THE DAILY SUN—A large four-page newspaper of twenty-eight columns. Daily circulation over 120,000. All the news for 24 hrs. Subscription postage prepaid 55 cent a month, or \$5.50 a year. 75 clubs of 100 or over, a discount of 50 per cent.

The Surveyor General of Washington Territory, who sends a club of five subscribers, writes, saying: "Consider that your journal has done more to properly educate the sportsmen of this country than all the other publications put together. I should induce every true sportsman to become a subscriber that I can do." Mr. Thomas A. Logan ("Glean") says: "You are doing good work with the paper, and you have—more and probably greater than you dream of—the wishes and God speed of the gentlemen of the gun."

Hundreds of similar endorsements from prominent gentlemen sportsmen might be added, showing the estimation in which Forest and Stream is held by its readers.
