-The following in regard to the oil the county:

"The "Pennsylvania Oil and Lumber Association," recently organized by Marcus Hulings, of Emlenton, has over forty thousand acres of timber lands in Forest county, on which it is proposed to begin developments immediately with a view to discover the value of the property for oil purposes. By the terms of the leases the company must put down thirty wells at reasonable intervals, which will give the entire tract a satisfactory test. The timber is worth a large sum, and if oil should be found in paying quantity the enterprise must prove highly remunerative to its spirited projectors. The first wells are likely to be started on or near Tionesta Creek, about fifteen miles east of Tionests, and in any case the result will be of interest to the petroleum trade."

-That was rather a funny scene which occurred during the sittings of the "peace" Congress in Philadelphia. THE SUN.

DAILY AND WEEKLY FOR 1876. The approach of the Presidential elec-tion gives unusual importance to the events and developments of 1876. We shall endeavor to describe them fully,

faithfully, and fearlessly.

THE WEEKLY SUN has now attained a circulation of over eighty thousand copies. Its readers are found in every state and Territory, and its quality is well known to the public. We shall not only endeavor to keep it fully up to the old standard, but to improve and add to its variety

THE WEEKLY SUN will continue to be a thorough newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when of moment, and always, we trust, treated in a clear, interesting and instructive man-

It is our aim to make the Weekly Sun It will be full of entertaining and appro-priate reading of every sort, but will print nothing to offend the most scrupu-lous and delicate taste. It will always contain the most interesting stories and romances of the day, carefully selected

and legibly printed.

The Agricultural Department is a prominent feature in the Weekly Sun, and its articles will always be found fresh and

articles will always be found fresh and useful to the farmer.

The number of men independent in polities is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no dictation, contending for principle and for the election of the best men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. It has no fear of knaves, and seeks no favors has no fear of knaves, and seeks no favors from their supporters.

The markets of every kind and the fash-

The markets of every kind and the fashions are regularly reported.

The price of the Weekly Sun is one dollar a year for a sheet of eight pages, and fifty-six columns. As this barely pays the expenses of paper and printing, we are not able to make any discount or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which requires payment of postage in advance, one dollar a year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to get up a club in order to have the Weekly Sun at this rate. Anyone who sends one dollar and rate. Anyone who sends one dollar and twenty cents will get the paper, post-paid,

for a year.

We have no traveling agents.
