Lacytown Correspondence. LACYTOWN, July 29, 1876.

ED. REPUBLICAN :--Hon. Siverling absent on a visit. -Huckleberries, raspberries and cherries all selling for 10cts a quart. -Camp meeting commences the 24 th of August. Will be held at the

Lickingville ground as formerly. -Mr. Hoffman, the patentee of the

saw mill, spont several days of last week here, in setting the band saw order. This had not been attended to before.

-We came near having a terrible accident last Wednesday. In drawing a log up to be sawed one of the chains being short, gave the log a jerk, pushing Ed. Weaver within reach of the saw, which was running with great power; only a sudden stop of the moving timber saved him from a death to dreadful to think of. -Mr. Gilfillan treats his friends to

honey in a very bee-coming manner; he has now some seventeen working hives.

-We are sorry indeed that we montioned the new bridge as an improvement; it is so long building, and the stones thrown around, and also deep holes are dangerous for teams in the dark.

--Geo. Walters doubts if his eye has really recovered when he gazes on that 10 pound boy who offers himself as a hand in the harvest field.

-Dr. Egbert paid Lacytown a friendly call last Saturday. If the consumption of green apples continues we judge he will return before long, -Messrs. May and Haslet, juns., in town Saturday.

PHILADELPHIA, JULY 12, '76. Dear Sir :- The Headquarters of the Republican State Committee have been catablished at No. 1303 Chestnut Street, (2d floor,) Philadelphia, and we will be obliged if, through the colomns of your Journal, you will give public notice of the location.

Respectfully yours, HENRY M. HOYT, Chairman.

-Dan. Agnew has returned from Philadelphia, where he has had an opand putting the machinery in working portunity to see more of the Centennial than any other of the visitors from this county, having been there from the time of the opening until a few days ago. He was on the police force, which position he has resigned. -Does it ever occur to the members of Congress that one unquestion-

able piece of economy would be to wind up their business and adjourn? If the dispute over the appropriation bills continues much longer, the cost of the prolonged session will nearly counterbalance all the retrenchment effected.

-Oil is booming. The closing price of united, yesterday, was \$2.43%. There seems to be no doubt now but oil will reach \$3 in a few months. Now is a good time to put down these Forest county wells. We see by the Tidioute News, that preparations for starting up the wells at Fagundus, are going forward with all possible speed.

-The report that Sitting Bull, the leader of the hostile Sioux was killed in the battle with Custer seems to be reasonably sure. His body is said to have been recognized by an interpreter belonging to General Terry's commaud. This being true, the ablest leader of the hostile Indians is out of the way, and it is probable that they may soon be brought to terms.

-Happening in Meadville a few days ago, we called upon Williams & Co., Taxidermists, and took a look at Davy Hilands' swan, which is put up in as good shape as any thing we have ever seen. The position is natural and life-like, and Davy will undoubtedly think more of the swan dead than living. We suppose it will be on exhibition at the Central House, in the course of a week or ten days.

---John Huddleson, who lives on the Gordon farm, Hickory-town flats, informs us that they experienced a heavy hail storm in that section yesterday, the storm lasting upward of half an hour, and laying on the ground for about three hours before melting. The hail was of the size of hickory-nuts,

past fifteen years and shows the magnitude of the work done by the Republican party. The number of men independent in pol-itics is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no dictation, contending for principle and for the election of the hest men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. It has no fear of knaves, and seeks no favors from their supporters.

-No mail up yesterday. Various reasons were assigned therefor. The substance of the business was that the mail agent was left at Oil City. Whether he was sun-struck, or shot in the neck, doth not appear.

-Mr. H. A. Adams was called away on Monday lust, by the news of the death of his mother, which occurred near Hartstown, Crawford county, lady, sn old inabitant of that section, and was universally respected.

--Russell & Son are putting up a mill on Bear Creek, on the old Gee-Buck property. They are using the boilers of the old Gee-Buck Mills, but are putting in new machinery almost entirely. They have nearly 15,000,-000 ft. of timber to manufacture.

-Messrs. Jno. Thompson, Peter Berry and W. E. Lathy, Esq., departed yesterday to attend the District Congressional Conference, to be held at Parker. They were instructed to cast their ballots for Harry White, in accordance with the vote at the Primary Elections.

-The Acomb building has been are glad to see the change,

others than it is to see and correct our own; in other words, it is easier to notice the saw-dust in your neighbor's eye than to see the square timber in your own. When we come to considthat in all the printing which has ever been done, not over a half dozen books are entirely free from errors, we consider our mistake excusable. If we knew the individual who takes

such pains with us, we could probably point out three score and ten errors in his composition, more noticeable than that in our paper, to which he calls our attention. For instance, without knowing him, we can point out one error, which is at least as great as the one he points out to us : he addresses his letter to the "Forrest" Republican. How "r" you, errors.

-On Wednesday evening last, a meeting of the members and congregatiou of the Presbyterian church was held as per announcement, in the Presbyterian church. The old board on Sunday last. She was an aged of trustees, Messrs. G. W. Robinson, A. B. Kelly and Col. Thomas, were nominated to serve in the same capacity during the ensuing year. The

name of Col. Thomas was withdrawn at his request, and that of S. D. Irwin, Esq., substituted. The board as nominated was elected. A call was made, and unanimously concurred in, that the services of Rev. Elliot be secured for another year. Dr. Blaine, S. D. Irwin, Esq., and W. R. Dunn, were appointed a committee to secure funds for the minister's salary. Adjourned.

-It appears from the Press of last -It appears from the Press of last is in my hands for sule at very low week that Congressman Jenks voted figures. Terms-one-third purchase against giving Caster's soldiers' widows an l orphans bounties, because the law provided for them already. Of course he would have voted differently(?) if the law had not so provided. His record, during the war, and since, is prominent, as a friend(?) of the soldiers. Just why a coldier should spout, and froth at the mouth, and vote, and try to persuade others to vote for Geo. A. Jenks, is one of those political mysteries that no fellow can find out.

-If those who indulge in lottery speculations can take a hint, the action of the Government on that subject is a very suggestive one. The Postmaster General, sustained by the act of Congress, has declared unmailable letters, and circulars relating to lotteries, and managers are given to understand that the depositing of such letters and circulars to be sent by mail is an offense punishable by a fine of not less than \$100 nor more than \$500. This applies to all lotteries, whether authorized by law or not. But it is proposed to contest this decision of the Postoffice Department, certain lottery men claiming that the statute as it now stands refers only to unauthorized lotteries.

-The August number of the Republic magazine contains valuable Potatees material for the campaign. The opecing article "The New Conspiracy" will prove invaluable to public speakers and others who are to take an are numbered with the dead past, and active part in the canvass.
