LOCAL AND MISCELLANEOUS.

-According to law, it is now too late to catch trout. There is not now much encouragement to break the law

-Andy Weller now occupies the house recently made vacant by the removal of John Hulings into the hotel. We believe Mr. W. contemplates going into the oil business.

-If some of our rural friends would bring in a load of nice spring chickens, they would undoubtedly find good sale for them here, at reasonable prices.

-Several of the juveniles of Tionesta are "measled" at present writing, and it is probable that all who have not, at one time or another, had the measles, will get them this time.

-Hon. G. W. Scofield, of Warren had his ankle broken on the 7th inst, the new Court House. He has our sympathy. The fracture is mending rapidly.

-Some work is being done on the sidewalks about town, but not much. There are a great many of our people who wait a good while, on these occasions, merely to see whother or not the boro fathers mean business.

-Blackberry pickers, families, fractions of families, cans, jars, sugar, kettles, provisions and blankets etc., for camping out, are now out in the wilds, and there will be an immense quantity of berries canned this year in up creek lumbermen for a preliminary consequence.

-Mr. Richards, of Cincinnati, arriwed in town last week on a visit to his friends here, He stops at Dr. Blaine's, where his wife has been for some weeks. He contemplates a trip to Chautauqua and the Centennial before he returns to business.

-From farmers we learn that potatees will be a short crop this year. New potatoes are selling in town for crude, river shipment, \$1.17@1.20. all prices from 60cts, to \$1.00. The United, at the wells, 921(a95c. We former price will probably prevail hear business men from our large cithereafter, until regular potato-dig. ies and business centres, saying that

-The healthy season is apparently past, for a time at least. For the last two weeks or thereabouts, our - physicians have been kept pretty busy. In town there is not yet much sickness excepting measles.

- Oil is on the rise, and the heart of the producer singeth for joy. From present appearances it will not be long before oil will command three dollars per barrel. At this rate it is a paying business, but when it gets below two dollars there is not much margin.

-T. J. Payne, has had bills printed at this office for a vendue at his residence, new Newmanville, on Saturday next, at 10 o'clock a. m., at which Erie man won't receive the nominathere will be sold horses, harness, cattle, lumbering implements, farm- ference will be held on the 22d inst. ing utensils, wagous, sleds, household furniture, etc. Mr. P. is about to in the oil business.

-We are credibly informed that McLaughlin Bros., who made the first big strike at Cash-up, are putting down a well on the farm of Mr. John Thompson, at Stewart's Run. The well is now down over one hundred feet, and will probably be finished in the course of about two weeks. All the territory in that section was, at one time, sold for oil territory, or hung on to by the original owners, who, in after times either took a small fraction of what was formerly offered then, or else themselves, their heirs or assigns hold it yet. Cash-up, Pithole and Pleasantville, all big territory in their day, are all around this place, so that the prospects seem favorable.

-According to a communication in the Forest Press of last week, from Lemuel Osgood, a brother of the young man who was shot a couple of weeks ago, the shooting was not the result of an accident, as was stated to us. It appears that the young men each had a revolver and got to boasting over the mecits of their respective pistols, when, the debate getting warm, they agreed to step off one hundred yards and shoot at each other, which was done, Osgood receiving his antagonist's ball in his leg. If this is the true version of the case the combatants should be punished to the full extent of the law, in such cases made and provided.

-We are under obligations to Mr. Alex. Bonner, Secretary of the Sandy Lake and Stoneboro Driving Park Association, for complimentary tickets to the Fall Meeting of said Association, to be held at the grounds of the Mercer Co., Agricultural Society, situated about midway between Stoneboro and Sandy Lake, on Thursday and Friday of this week. Premiums \$850. Entries close to-day. Entrance fee, ten per cent, of the purse to be com-

-The September number of Peterson's Magazine is already on our table, greeting us as we open it, with "Jack in the box," a steel engraving which is true to life, and will make every reader remember her childhood days. The fashion plates for the month are beautiful. The reading matter in this periodical is second to none of its class. Terms \$2.00 per year. Address Chas. J. Peterson, 306 Chestnut St., Philadelphia, Pa.

-Spiders are cur bane in this by falling over some of the debris of country. No sooner does George Sawyer recover from a terrible sick ness, from the effects of a spider bite, than Isaac Shimp gets a dab on the leg from one of the same venomous creatures, which lays him up for a couple of weeks, during which time his leg beals, and causes him much pain and the loss of time and temper. It is no joke to get spider-bitten, as both these men can testify.

-The Superior Lumber Co. having built ice-breakers above the creek bridge, preparatory to extending their boom, steps were taken by some of the injunction, to restrain the Co. from going on with the work, claiming that the work would prove an impediment to the running of lumber from above. The matter is held under advisement by the President Judge until next term of Court.

-Oil was sold in the Oil City Exchange yesterday at \$2.50%. Last year at this time the prices were; there is more money in the oil business now than in any other, and that business is more brisk in and around the Oil City Exchange than any place else they know of.

-After allowing the fine cool spring weather to pass by without comment, now that the hot weather is upon us our juveniles are doing their regular work in the base ball arena. There is, as yet, no regularly organized clubs, but an organization will probably be effected about the 1st of December.

-The Congressional maddle in the Venango, Warren and Eric District has been fixed up, each county agreeing to come in with three delegates. It is rather safe to predict that the tion. The next meeting of the Con-

-Attention is called to the new Co., which appears in this issue. They made from timber at least 20 inches have moved their store in the Acomb in diameter. -Mr. S. J. Setley, Treasurer of the Centennial exhibition. He will and two years. MILES W. TATE. be absent about ten days.

-Some enterprising stationery firm have gotten out a pencil which they call the "Democratic Pencil." It is hard at one end, and soft at the other. We might have overlooked this item, had not our attention been called to it by a Democrat, who does not want Democratic campaign ideas slighted.

-Several of our former citizens are over at or about Edenburg, engaged in every kind of business which is down there, and more have got the fever, badly, and will probably land there. If they do well, we shall be pleased, but if what little they have is put down into the cold, cold, ground, we shall pity them sincerely.

-John Reck and Cart. Knox are about to have a well put down near Jamieson's. Mr. Grubbs, who has the depot, a man named Peterson, Hill is to do the work, which will commence shortly. This territory is
