LOST. From The Forest Republican.

The five "Mollie Maguires," Munley, McGehan, Carroll, Roarity and Boyle, recently convicted of the murder of Policeman Yost, at Tamaqua, were sentenced to death, at Pottsville, on Monday morning last.

On the contrary, these five votes are of the same class and always voted the same ticket as Tweed, Morrissey, Tilden, Connelly, and other boss "reformers." In the South when Democrats kill off a few negroes, policeman, or Republicans, if the case is mention ed, the paper noticing it is accused of "waving the bloody shirt." In this State, the culprits are represented as belonging to the party which has always discouraged just such actions. If they have joined the Republican party since their incarcoration we would call it a clear case of death-bed repentance.

WASHINGTON, D.
