Time of Trains

Table with columns for Train No., Direction (South/North), and Time (a.m./p.m.).

Train 22, south, and 21, north, are 1st class; the others are accommodation freights.

On the River Division, i. e. from Olney to Irvineter, up the river is North; down the river, south.

LOCAL AND MISCELLANEOUS.

That concert which was to be on Monday night did not come off, on account of so many of the musicians who were expected to help being sick.

The Centennial car races have come down to a pretty decent figure, and as a consequence the Centennial grounds are so crowded that it is said to be impossible to take any comfort there at present.

Owing to the sickness of a portion of Prof. Boynton's class, and absence of others, he has concluded to defer his concert until about the 13th of October, at which time he expects to have a full class, and have them all ready for it.

The great Hell-Gate mine was exploded on Sunday last, and went off as easily and quietly as was promised by Gen. Newton, the engineer of the business.

In the Associated Press dispatches in Monday's papers, there is an account of a terrible disaster in Forest county, by reason of the swelling of the mountain streams from the late rains.

A daughter of Mr. Young, of Oldtown, a young lady aged about 17 years, died last week of diphtheria, which malady had, a short time before caused the death of a younger brother.

While in Tidouate, on Saturday last, we stepped in, of course, to see Papa Baldwin, who showed unto us a new sewing machine, yelet the "White," which is, without exception, the very best sewing machine we ever set eyes upon.

Communication from C. A. Randall, Esq., about that 'Serious Charge.'

TIONESTA, PA., Sept. 25, 1876.

ED. FOREST REPUBLICAN:—Allow me, through your columns, to correct an article which does me great injustice. Said article appeared in the Venango Spectator of the 21st inst., and in the Forest Press of a late date; is in regard to my citizenship, and charges me with voting at eight elections in this county without being a citizen.

Now it is true that I was elected a Justice of the Peace in February, 1875, and commissioned March 26, 1875, and that I have been a voter in this county for eight years, and this is the status of my citizenship: I was born in Canada, and came to this country with my father, in 1855, when about nine years of age, and settled in the State of Iowa. My father is and has been a citizen of the United States, and a voter for the last twenty years.

Respectfully Yours, C. A. RANDALL.

The following is the charge referred to, taken from the Spectator:

"Here is a precocious citizen and a leader of the party that supports Hayes; Chas. A. Randall, Chairman of the Forest County Republican Committee, was elected a Justice of the Peace in that county in February, 1875, and lifted his commission last summer. Mr. Randall has been a voter in the Radical ranks for some eight years, and here is the status of his citizenship: He was naturalized in this city on the 6th day of March, 1875, as shown by the record of the Court.

This is only another case of the way the Democracy is doing business in this campaign. The men who made the charge; the papers which published it, had no idea that it would remain unexplained or undisputed. Their game is to "make charges," but never, under any circumstances, to correct errors, when the person maligned belongs to the Republican party, in hopes that voters will see the charges, and not the corrections, necessarily published in other papers.

—On the first page of to-day's paper, we give some extracts from the stirring speech of Col. Ingersol, of Peoria, Ill. This speech has the ring of true metal about it, and will be read with interest in this county.

are knocked down, and by never correcting the false statements, even when they are convinced of their falsity. In this case, those who put themselves so much out of the way to furnish the Spectator with "a specimen of a Hayes and Wheeler leader," could have found out the truth in regard to the matter had they spent half the time looking for it, that they did to get up a charge against one who, in all probability, stands a head and shoulders above them in the community.

THE MASS MEETING.

The meeting last evening was the event of the campaign. Never has the like of it been since Forest was a county. The crowd, the music, the enthusiasm, were all that could be desired, and all went "merry as a marriage bell."

The Hayes and Wheeler marching club with torches formed in front of the Central House at about 7 o'clock p. m., and headed by a good marshal marched down Elm St., to the mouth of the creek, and thence back to the Court House, followed by a crowd which filled the court room to overflowing.

Col. Dewees was elected President of the meeting, and took the chair. The following gentlemen were elected Vice Presidents: H. H. May, Judge Kerr, Capt. Clark, L. Arner, Peter McMillon, Amza Purdy, Mr. Rowland, C. F. Gillespie, W. R. Dunn was elected Secretary.

The President introduced Geo. W. Hood, Esq., of Indiana, who apologized for the non-appearance of Gen. White, who was unavoidably detained, on an ejection suit, which was being tried in the Indiana county court. He then addressed the meeting at length, in a sound, able and convincing speech, which was listened to with interest and loudly applauded at the close.

The President then introduced Col. L. D. Rogers, of Franklin, who made a speech which has never, in Forest county, been equalled in telling hits, and stinging blows at the bull's eye of Democracy. Sound argument also characterized the Colonel's speech. It is impossible to do justice to this speech in a short article, such as we have room for, but it is sufficient to say that the Court House never witnessed a more enthusiastic meeting, nor did her walls ever resound more to the applause of the auditors.

The Colonel's manner is somewhat after the Ingersol style, and the audience was completely carried away by his native eloquence and quaint figures. We hope to hear both these gentlemen again during this campaign.

In justice to Mr. Hood, we would say, that although he made a good, sound, argumentative speech, it was not an effort such as he is capable of making, with proper preparation. He has not taken part in the canvass before, this fall, and had absolutely no time to prepare his points for presentation. But, as we said before, he made a good, sound, able speech.

At the close of the meeting, Col. Rogers proposed three cheers for Hayes and Wheeler, Harry White, and the success of the whole Republican Ticket: the audience arose to its feet, and such a cheer went up as has never been heard in Forest county.

The meeting was a grand success in every particular, and will help our majority greatly in the coming election.

—On the first page of to-day's paper, we give some extracts from the stirring speech of Col. Ingersol, of Peoria, Ill. This speech has the ring of true metal about it, and will be read with interest in this county.

DIED.

BATES.—In Tidouate, on Thursday afternoon, the 21st inst., Eda May, daughter of H. S. Bates, Esq., in the 16th year of her age.

Eda May was known and loved by all in Tionesta, where she frequently made long visits. We have never known a more modest, womanly, or lovable little girl than she was. Of an amiable disposition, she possessed judgment beyond her years.

Lacytown Correspondence.

LACYTOWN, Sept. 25, 1876.

ED. REPUBLICAN:—Mr. H. Weaver has taken his two boys—mutes, to the asylum in Phila. where they will be left until 21 years old. Aged respectively 15 and 17.

A little boy tramp from Pithole, was hired by Mr. Carr of Lacy's Mills to do chores, but proving worthless was discharged. He relieved some one of \$1.40 before starting. Coming to this place he stopped at Pete West's to chat with the boys, and take charge of a watch that was out of repair.

High water never fails to cause more or less excitement and draw a crowd of men. Flynn & Bros. were the only firm represented here in the late rise.

Hen, Silverling thinks head sawing more to the point, than holding the office of squire.

Some part of the machinery gave away in the saw mill recently which stopped work for a few days. Will be ready to begin again to-day.

E. H. Chase has returned from Edenburg.

Messrs. Derrickson, Adams and others were driving stave bolts a few days ago, and night overtaking them they put up at the Hotel. They looked as though water was not as invigorating as some other liquids.

Lacy & Co. are selling considerable lumber to Edenburg parties, which will probably reduce the amount of their spring rafting.

Miss Jennie Everhart, Miss Katie Flynn, and Miss Salladay, all Forest Co., teachers were here during the fore part of the week.

Going to court—the old folks. I DE CLARE.

Clarlington Correspondence.

CLARLINGTON, Sept. 23, 1876.

Rev. Sheckler will preach here tomorrow evening; his last sermon for this Conference year.

Dr. Sweeney and Rev. Wm. Steele of Brookville, will address the Hayes and Wheeler club here to-night. The latter will also preach here to-morrow morning.

Diphtheria is very bad in our neighborhood. A number of families are suffering from it, and one case has proven fatal—a child of Thomas Fitzgerald which died on Thursday night.

Owing to the recent freshet in the Clarion our streets present a scene of quiet almost bordering on the loneliness. But they'll come back.

Wheat harvest has commenced. Yield is light.

Maple creek mill has started up, but will only run for a short time.

On last Monday Philo Williams and Levi Reynolds experienced a very narrow escape from drowning. Both gentlemen were working at the bracket of the Maple creek mill-dam, when the bracket log, on which they were standing suddenly gave away and they were thrown into the water just above the chute.

gling he at last succeeded in reaching shore, (almost) entirely exhausted. Their escape was truly miraculous.

Several parties who have been stopping at Edenburg for several weeks are at home attending court; among whom we notice Ex Sheriff Van Giesen and Jas. Woodington.

Out of about 30 men who went down the river from this point at the late rise, there were but three Tilden men. The rest will cast their votes for Hayes and Wheeler.

We acknowledge the receipt from the Secretary of the Union Agricultural Society, of Sugar Grove, Warren Co., of a complimentary ticket to the Fair, to be held at that place this week.

The Oemer brothers, or two of them, who reside in Dunn county, Wisconsin, called upon us yesterday morning. Some sixteen years ago they owned and farmed a place on the creek about a mile above Lacy's Mill, but sold out during the oil excitement, and went West. They notice numerous changes in this county since they used to live here.

FOUND.

DURING our experience of the past six months, in the GROCERY, PROVISION, FLOUR & FEED Business in Tionesta, we have found the old maxim.

"MONEY

saved is money earned," a true one, and that we have saved the people of the borough and surrounding country a considerable amount. Having had a long experience in the wholesale business, we have peculiar facilities for buying from first hands, which enables us to offer extra inducements to Cash Buyers, and having adopted the true system of doing business for

CASH

only, we can sell goods for a much less profit, in fact, competing with prices in any of the cities in the State. In thanking the citizens for liberal patronage in the past, we announce our removal from the Fisher store, to the pleasant location known as the

ACOMB BUILDING,

(immediately south of the Company Store) where, in consideration of the continued depression in the times, have again lowered our prices, believing that goods should not be sold at war prices, where the opportunities to make money are so much less. In future our store will be kept open until 9 P. M., for the mutual benefit of the general public and ourselves. T. H. DERRICKSON & CO.
