YESTERDAY'S ELECTIONS.

The Associated Press reports in this morning's Derrick are so meagre that they scarcely justify an opinion as to which party has carried Indiana. Ohio is undoubtedly Republican, and the returns from precincts in Indiana show Republican gains. The latter State will be close and it may take the official returns to tell which party has carried it.

COLORADO.

The latest news from Colorado gives us that State beyond a doubt, by a good majority. The Colorado Democracy concede the State to the Republicans. Our Centennial State has started in nobly.

Proceedings of the Grand Jury, Sept. Term, 1876.

The following roads returned as nuisances:

1st. That road in Harmony Tp., leading from Landers' Corners to Entersprize, a distance of about one-fourth of a mile.

2d. That portion of the road leading from Lester Warner's (Red-clyffe P. O.) in Barnett Tp., to intersection of Maple Creek road with road to Lackner's Mill on which an order to lay out and open was made May 27, 1872; a portion of which has been opened and the old road closed so that the traveling public are without a suitable road.

3d. In Green Tp. That road from Geo Buck Mill to Kingsley Tp., line, in bad condition. Recommend work earlier in season on road, when it would be of more benefit.

4th. In Tionesta Tp. Road from Tubbs Run to Hickory Tp., line, in very bad condition, being a part of an important road along the River, upon which a great deal of work is being done. In opinion of Grand Jury it is highly necessary that this road should be improved. This is the second time this road has been returned. (Road officers will take notice.) Also return that portion of the road in Tionesta Tp., from the end of the Tionesta Bridge toward Little Tionesta Creek between the end of the bridge and G. W. Dithridge & Co's Dam. It is represented to the Grand Jurors that G. W. Dithridge & Co., have obstructed and occupied the road with their mill property and in consideration

therefor, agreed to obtain a review and build the road at their own expense, at the foot of the hill, which has not been done, and that the old road is so obstructed that it cannot be used.

5th. In Howe Tp. The road from Brush Camp to Balltown, in very bad condition. Also about 7 miles of the road leading from Marienville to Sheffield, through Howe Tp., impassible and a public nuisance. It is the road over which the mail is carried, and the only road to Sheffield from Jenks Tp.

6th. That the dam of G. W. Dithridge & Co at the mouth of Tionesta Creek is an obstruction to navigation, often resulting in damage to rafts and lumber.

REMARKS. It will be noticed that two of these roads have been returned once before. The road in Tionesta Tp., from Tubbs Run to Hickory Tp., line is a road on which there is much travel, and which usually gets icy and bad in winter. The water turnouts ought all to be fixed this fall yet, and the mud holes filled up.

Judge Wetmore well said in his charge to the Grand Jury—"That a road tax had been collected for about 50 years in this county, and that yet from the presentments of previous Grand Juries and other information we seemed to have no roads. That there should be good roads, where a road system has been in force so long as in the County of Forest. The tax has been regularly paid and collected, the fault must then be in the proper application of the money arising from the taxes of large bodies of unseated lands, and labor from the seated. That there is no apology for bad roads in this County, therefore."

[The above report should have been published last week, but owing to the illness of the District Attorney, it was not handed in until too late for insertion in last week's issue.—Ed.]

Our Washington Letter.

Special to the REPUBLICAN.

WASHINGTON, D. C., Oct. 9, '76

Democrats are at their old game again; blustering and blowing about the large majorities they will obtain next November in nearly all of the States outside of New England. This is an old dodge, and if they could ever forget anything they ought to forget this, as it has proved so unprofitable; but they neither learn nor forget. If boasting would elect a candidate, Seymour would have been President; and they tried the same style of electioneering with Greeley, with the same result. Now Tilden boasts that he will carry New York by 75,000 and the hungry pack of office-seekers hanging to his coat-tails claim two thirds of the other States. It has been a comfort to Democrats for the last sixteen years to count their chickens before they are hatched, and it would be cruel to deprive them of this innocent pleasure; but if Mr. Tilden has not improved his knowledge of arithmetic since computing his income, his majority will dwindle down to zero.

The Democratic reformers are making every effort to colonize Indiana with repeaters and ballot-box stuffers from all parts of the country. Baltimore has furnished her quota of the very best material in that line. The monumental city became so noted, some years back, for the abundance of its rowdy element, that business men finding the trade about to be deserted had to organize themselves into committees for the purpose of putting down this class.

Washington, too, with very small supply of this element, claimed representation in the bogus convention at Indianapolis, so enough money was procured to send off a baker's dozen, and they were escorted to the depot by Democratic clubs and a brass band.

Charles Francis Adams was expected to go out with the boys, but he sent a letter instead, stating that such work would be better in the hands of young and more active men. His heart was in the cause, however, and he was a true reformer.

Gen. E. C. Carrington of the three months District Vol's, who has been stamping Ohio for the Democrats, will join the boys in Indianapolis. This veteran served some four or five weeks—long enough to impose on honest old Abe and get a commission as District Attorney for this District, which he held until removed by President Grant; and now he too, wants reform.

In the hotel lobbies in this city the

Indiana election is the all absorbing topic of conversation. Advices received here based on a careful estimation made by the Republican State Committee of Indiana, indicate that the Republicans will carry the State on Tuesday next.

If S. J. Tilden is a believer in the place assigned to the wicked in the Bible, it is not to be wondered at that he is a reformer. If the half told of him is true, there is no man in the country more in need of reformation than S. J.

There is no longer any doubt but that the Republicans have carried Colorado by at least two thousand majority, electing all the State officers the Congressmen and a majority of both branches of the Legislature. This is the first election of the Maiden State which has just been admitted into the Sisterhood of the Union. The Legislature just elected will elect two U. S. Senators and appoint three Presidential electors. Thus Colorado is sure for Hayes and Wheeler.

MAXWELL.

—Every Republican vote must be got out this fall. No business transaction, no public or private engagement should be allowed to interfere with voting. This should be considered a sacred obligation to be kept at all hazards and under all circumstances. The loss of a single vote may give a State to Democracy. The loss of a State may lead to the surrender of the Government to those who have plotted its overthrow. Republicans must work as if on one vote depended the salvation of the Republic. The lukewarm must be aroused to activity, the doubters must be convinced by the presentation of facts, every friend of the country must be enlisted in the great work of defense. The signs of the times indicate a Republican victory, but our friends must remember that the result depends upon the work accomplished. If the work is thorough the triumph will be complete.
