LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian church on Sunday next morning and evening. Sunday School at 3:00 p. m.

—The Presbyterian Sabbath School will commence at 3 o'clock p. m. hereafter, instead of 2:30 as heretofore.

—Mrs. Lewis, mother of Mrs. G. W. Dithridge, died in this place on Friday evening last, after a short illness. The body was taken to Pittsburgh for interment.

—The Hunter well, near the Tionesta depot will probably be down this week. A small well is considered a sure thing by those who are posted in regard to the territory. It may be a gusher, but we do not expect that.

—We are informed that a child of Mr. Chadwick's, Section boss, who lives near the depot, died of diphtheria yesterday. More of the family are down with it. W. G. Irwin's youngest son is down with the same disease.

—Thanksgiving approached, and the turkeys are living high, eating heartily, all unconscious of the general massacre which is soon to take place among them. On that day the whole population will indulge in a general feast, and the strifes and discords consequent upon the important election just past will be buried and forgotten until the next election.

—From our Clarington correspondence of last week, which was received after the paper had gone to press, we extract the following:

Our old young friend, J. E. Hillard, is teaching school in Elk Co. Miss Calista Hillard, sister of the above-named gentleman, and friend of ours also,—as which of friends as knows us isn't?—will teach near Lickingsville during the coming winter.

Miss Jennie Shields has been engaged as teacher at the Butterfield school—just over the river and up the hill of many difficulties.

Miss Mary Butterfield will teach at the White school house.

Dillworth & Co., are putting down a well at Reynolds' Dam, Elk Co. Drilling has been commenced and will continue until oil, or a point 1200 feet beneath the surface, has been reached.

Some of the youth of our community are requiring quite a celebrity in the trapping business. Rabbits are the principal victims.

—The December number of Ballou's Monthly Magazine is issued, and contains the conclusion of M. Quad's great story, "That Taylor Boy," and which ends most happily for all concerned. In addition, there are some remarkably good stories, poems and engravings, and no one can read a single number of this cheap and popular monthly without being profoundly impressed with the conviction that it is the best popular magazine in the country, and has the most variety in it. Published by Thomas & Talbot, 23 Hawley Street, Boston, at \$1.50 per annum, which is cheap enough for any one.

THE 25TH DISTRICT.

THE OFFICIAL FIGURES. **Gen. White's Majority 1,759.**

Mr. P. M. Clark District Return Judge for this county, returned home from Kittanning this morning, and handed us the following official vote of this district on Congress-man:

	Jenks.	White.
Armstrong,	3,850	4,598
Indiana	2,357	4,854
Clarion	4,257	2,953
Forest	393	457
Jefferson	2,540	2,294
	13,397	15,156

White's majority 1,759. A man named Elder received 19 votes in Indiana and 2 in Jefferson, leaving White's majority over all 1,738. The 25th District has nobly redeemed itself.

OUR COUNTY TICKET.

It appears that we have elected Gen. Harry White for Congressman, and have probably lost Maj. Wetter for State Senate, although he reduced Corbet's majority fearfully. According to the returns we have lost our Assemblyman in this County by four votes. This is so close that there is talk of contesting the election on this point. We are not informed to a certainty whether the contest is to be made or not. It is not to be supposed, however, that either of the candidates wish to hold the seat by means of illegal votes, and if there is conclusive evidence of fraud enough to change the result, the contest will probably be made. We have no time to comment at length on this subject, but may say more about it in future. Our other County officers had no opposition, and went in with sweeping majorities.

—On Tuesday evening last we were riding in a crowded car in which were a half-dozen of the animals known as "rowdies." They run that machine their own way for a considerable time and a considerable distance—in fact until about four o'clock in the morning. Drinking, swearing, singing, foul language, etc., constituted their programme. In front of us sat a young man and his wife, evidently newly married, who vainly tried to snatch a few moments sleep, but were unsuccessful. At length the young man became disgusted with the performance, and went forward and said a few words to the ring-leader of the party, who shortly called him a "liar." Scarcely had the word left his lips until the arm of the young man straightened out and the rowdy-chief went crashing through the saloon door. He had been struck fair upon the end of his somewhat prominent nose, and landed on the spot where he landed, to bleed awhile. When he came out we took a look at him, and oh! but he had a beautiful nose! It was a thing of beauty and a joy forever! It had swelled, and spread, and flourished like Jonah's gourd. It was, by all odds, the best nasal job we have ever looked upon. And what was the effect? Why the noisy party subsided, and not another peep was heard from that corner during the trip. The result was immediate and lasting. We rose up and called that muscular young man blessed. We went forward and shook him by the hand and congratulated him upon his artistic work. We smiled upon his wife, who, after hearing us praising her husband beamed upon us like a summer morning. We felt like saluting the bride, but after studying the matter over a moment concluded we wouldn't because her husband might take umbrage thereat, and we wouldn't wish to excite a man with such a talent for striking from the shoulder. However we giggled, and snickered, and shook for hours after the occurrence. Would that all such rowdies had such a happy termination.

Outside of Philadelphia the State is Democratic by a fair majority, and had there been a fair election in that city, the electoral vote of the State would be cast for Tilden.—Elk Democrat.

That is to say, that if those fraudulent tax receipts in the hands of the bosses of the Democratic party, in Philadelphia, hadn't been captured, they would have been voted on, and that city would, of course, have gone Democratic.

—Mr. G. Jamieson is putting down a well on his place a mile above the river bridge, directly west of the old one, which by some means was spoiled.

—The following items are taken from our Lacytown letter of last week: **Owing to the numerous little jobs to be done about the mill, the manufacture of lumber has been somewhat limited for some time past, but now, both circular and band saw are doing good work—averaging 20,000 feet of boards per day last week.**

Cal Arner is the champion potato raiser this year. He has 150 bushels of more than ordinary size.

Some lover of flowers may be interested in knowing that we have in Lacytown the boss chrysanthem. It has now some fifty beautiful white flowers, and as many more buds.

The burning slab set fire to the corner of the run-way bridge on Friday, but was discovered in time to prevent any damage being done.

—Two men named John Brink and Joe White got into an altercation in the barroom of one of our hotels last Friday night, and the affair ended in a fight, in which White got stabbed in the neck and cut across the nose by Brink, a common pocket-knife being used for the purpose. The knife entered the neck immediately under the left ear, and caused an ugly wound, though not considered a dangerous one. The wounds were promptly dressed, and the injured man was cared for until Saturday, when he was sent to his home, in Pike township. Brink was arrested, and put under bonds for \$1,000. The quarrel between the two men was of long standing, and was not of a political nature.—Clearfield Republican.

THANKSGIVING PROCLAMATION.

WASHINGTON, October 26.
By the President of the United States of America:
A PROCLAMATION.
From year to year we have been accustomed to pause in our daily pursuits and set apart a time to offer our thanks to Almighty God for the special blessings He has vouchsafed to us, with our prayers for a continuance thereof. We have at this time equal reason to be thankful for His continued protection and for many material blessings which His bounty has bestowed. In addition to these favors accorded to us as individuals, we have especial occasion to express our hearty thanks to Almighty God that by His providence and guidance our Government, established a century ago, has been enabled to fulfill the purpose of its founders in affording an asylum to the people of every race, securing civil and religious liberty to all within its borders, and meeting out to every individual alike justice and equality before the law. It is, moreover, especially our duty to offer our humble prayers to the Father of all mercies for a continuance of His divine favor to us as a nation and as individuals. By reason of all these considerations, I, Ulysses S. Grant, President of the United States, do recommend to the people of the United States to devote the 30th day of November next to the expression of their thanks and prayers to Almighty God, and laying aside their daily avocations, and all secular occupations to assemble in their respective places of worship and observe such day as a day of thanksgiving and rest.
In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.
Done at the City of Washington, this 26th day of October, in the year of our Lord one thousand eight hundred and seventy-six and of the independence of the United States of America the one hundred and first.

U. S. GRANT.
