THE SITUATION.

The aspect of the Presidential question is improved by the fact that the Returning Board of Louisiana has declared the election of all the Hayes electors in that State. The grand finalstruggle will take place in Congress.

Our Washington Letter.

Special to the REPUBLICAN.

WASHINGTON, D. C., Dec. 2, '76 The evidence of Mrs. Eliza Pinkston before the Louisiana Returning Board on the 28th inst, has caused a profound sensation here. The efforts of Democrats - the leaders of the party and the men of national reputation-to divert the attention of the public from the tens of thousands of outrages visited upon Southern Republicans since the close of the war, and their sneering allusious to the "bloody shirt" in Congress and on the stump, have had the effect upon many well-meaning but credulous men to render them skeptical and regard the tales of horror coming up from the South as gross exaggerations. This class of men, like General Smith of the Democratic visiting committee, feel that they have been wilfully deceived, and have been led into a partial endorsement of the Democratic party, which, if this woraan's story is true, if General Brooks is correctly reported, and if the scores of other witnesses in the same direction can be relied upon, they will hereafter blush to acknowledge. Of course every artifice known to proficients in this Democratic game of deception, is resorted to, to belittle this testimony, and to turn away this weight of odium that threatens to crush the whole organization, through the revalations now being made or imminent in New Orleans.

The new excitement awakened by the occurrences in South Carolina was not nearly as general or long-lived as that growing out of the election. It was felt that the rifle-club reformers of that State had fallen into a pit of a queer remark in Cincinnati on Montheir own digging, and after the lapse day. He was passing through the city on his way from New Orleans, of a few hours, there was a return to the normal mental condition, and, that after looking into matters in Louthough the most of us make no pre- isiana he regretted that Hayes did not tensions as constitutional lawyers, we carry New Jersey and Conrecticut. pretty much all felt and acknowledged | Considering that the Governor suppor- Prices-25 and 50 Cents per Cake; per the need of a military force in Columhis to preserve the public peace; for it cannot be doubted that had it not caution, the State government there would have been overthrown by violence for which the thousands of armed Democrate swarming the streets of the Capital, were ripe.

Mr. Randall is looming up as the next speaker of the House. It is understood that he, Cox, Morrison and Sayler are the most prominent contestents; while away back in the rear are Blackburn and Springer. Until yesterday so few of the members had argived that it was unsafe to predict who was apparently ahead. It is now intimated that Randall is to be the man by the grace of Mr. Tildeu.

Very little has as yet been said

Democratic papers insist that one of the first moves of the House after organization, will be the preparations of articles of impeachment of President Grant; but such menaces do not appear to disturb him or excite much discussion.

The jobbers and lobbyists (among them several females, I am told) are COMMISSIONERS' SALE OF LANDS. here in some force, but I do not think they are very buoyant over the prospect, for it is generally agreed that political matters must remain the engrossing topic for weeks, perhaps months, to the almost complete exclusion of everything else.

An absurd proposition has been entered by some one, that Governor 5194 Haves and Tilden meet and compromise the matter of the Presidency, as though they had the power to do so above any other two of the humblest gitizens of the United States. It also appears to be the purpose of the Tilden managers to have it understood that many Republicans are carnestly advising Governor Hayes to withdraw how to get a cheap Farm, or government Homestead, free, send your address to S. fairly elected; and that the declarstion of any other result can only be arrived at by fraud. As able a paper as the New York Nation has been engaged in this small business, and asserted that some one else had been told by ex- Gov. Dennison (a personal friend of Hayes, and at present one of the District Commissioners) that he had thus advised the Republican candidate. A Star reporter intervied Mr. Dennison, and he denied the story; and all such intimations may be at once set down as a device of the enemy. If Gov. Hayes is declared by the President of the Senate to have received 185 electorial votes he will be inaugurated, if alive and of sound

At a meeting of the Democratic Jackson Association, on Tuesday night, a local political society made up of hard-shell Democrats, one Colonel Fury, marked out a most sanguinary line of conduct for the national Democracy to pursue towards Radicals. MAXWELL.

The correspondent of the Cincinnati Commercial, who has been so highly commended for his reports from New Orleans, sums up his latest observations in these truthful words: "When the truth is out-and it will come out this Winter, if what the Republicans here allege is true, the Democastic party must not, cannot, defend it. The party will be damned that seeks to win nower through murder-cruel, cowardly, cold blooded murder. The American people are God-fearing, justiceloving people. They want none of this. I do not say that all the partisan Republicans allege here is true; but they are certainly making out a strong case; a case that will require some effort upon the part of the Democrats to get over. Let us have the truth. If the Republicans seek to profit by lying, let us know it; if the Democrats have carried five parishes with the shotgun, let us know it."

-Ex-Gov. Curtin is credited with and the Gazette reports him as saying | CONTACT with the PERSON. ted Tilden, his address about Hayes is not entirely logical.
