LOCAL AND MISCELLANEOUS.

HEADQUARTERS REPUBLICAN STATE COMMITTEE, HARRISBURG, July 12, 1877.

By direction of the Republican State Convention heretofore called to meet at Harrisburg on the 29th day of August next, is hereby postponed, to meet in Harrisburg, at noon, on Wednesday, September 5, 1877.

By order of the Committee, HENRY M. HOYT, Chairman. A. WILSON NORRIS, Secretary.

—Rev. Elliot will preach in the Presbyterian Church, on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m.

—Several of our citizens, male and female have gone to the woods in quest of raspberries, which are reported quite plenty this season.

—Oil seems to have a downward tendency for a few days past. The last rise was rather rapid to be solid, although it did not get up to the figures that oil is actually worth at present.

—Mrs. E. L. Davis has our thanks for a beautiful bouquet of verbenas, which she presented to us on Monday last. She has a cactus in bloom, which is the most beautiful flower we have seen for many years.

—It is lawful now to shoot squirrels and woodcock until the 1st of January, but it is not lawful to shoot or kill pheasants, deer, or wild turkeys until after the 1st of October.

—The Presbyterian Church steps are now favorite seats for the gentlemen of leisure in our town, of whom there are, just at present, quite a number. These afternoons when the mercury gets to gliding up to par, those steps afford about as cool a resort as can be found in town outside of the ice-houses.

—"Zip" Guyton captured a rattlesnake on Sunday last at the old "den," where he and Park Grove killed a large number of those reptiles last summer. He has the snake in a box, and we hope it won't get out. It was reported that this snake bit Geo. Hunter's dog, but we have not heard that any evil effects followed.

—Chas. Bonner has returned from Meadville, where he has been attending College for some months past. He will remain in the Store here this summer.

—Mr. R. Bonner, of J. & A. Bonner, of Stoneboro, Pa., has been in town for several days past on a visit. He is somewhat out of health, and is out recuperating. We wish him a speedy return of health and strength.

—Mr. Varner, of the Forest House, informs us that we were mistaken in stating last week that his fox killed Kepler's chickens, as the fox was tied in the cellar at the time the mischief was done. Our informant last week informed us that Kepler had seen and shot at the fox, so that there appears to be a difference of opinion. However, if the fox was tied in the cellar at the time the chickens were killed, why, that fox is not responsible for the death of those chickens.

FOR CHAUTAUQUA!

The following particulars in regard to the Chautauqua Excursion, in which a great many of our citizens are interested, we clip from the Tidoute News:

The excursion to Chautauqua Lake, of which we have spoken before, will take place on Saturday, the 4th day of August. Ample arrangements have been made to accommodate all who wish to go.

On that day Francis Murphy, the great temperance apostle will speak at the Point, as will also Rev. C. N. Sims, D. D., of New York city. Excursionists will have seven hours at the Point, while those who wish to go over the lake will find a steamer at Fair Point to take them to Jamestown and return in time to get the excursion train home.

The train will start from Tionesta at six o'clock in the morning; Tidoute, 6:45; Irvineton, 7:30; Corry 9:35, arriving at Fair Point at 10:15. Returning will leave the Point at 5:30, p. m.; arriving at Irvineton 8:35; Tidoute, 9:20; Tionesta, 10:00. Parties who wish to go from Warren can find tickets at Davis' Variety store, and by taking the morning train on the P. & E. Ry., will connect at Irvineton.

Fare as follows, from Tionesta Adults \$2 50 Children \$1 50 Tidoute 2 25 1 30 Irvineton 2 00 1 10

for the round trip. Those who wish to make the trip over the lake will find tickets on the train at 50 cents each. Parties who intend tarrying at the Point will find this the cheapest and easiest way of getting there, as the fare for the round trip is considerably less than half fare.

All should improve this chance for a holiday, and the opportunity to see Francis Murphy—a man so well known, at least by name, to so many of our people.

—By lessening the number of pension agents in the country, the districts of those remaining in office have been very considerably increased. Major McGregor, hereafter, will have to pay the pensioners in forty counties in the State, as follows—those marked with a star having heretofore been patrons of the Philadelphia Pension Office: *Adams, Allegheny, Armstrong, Beaver, *Bedford, *Blair, Cambria, *Cameron, *Center, Clarion, *Clearfield, *Clinton, Crawford, *Cumberland, *Elk, Erie, Fayette, *Forest, Franklin, *Fulton, Greene, *Huntingdon, Indiana, Jefferson, *Juniata, Lawrence, *Lycoming, *McKean, Mercer, *Mifflin, *Perry, *Potter, *Snyder, *Somerset, *Tioga, *Union, Venango, Warren, Washington and Westmoreland.—Commercial-Gazette.

—We take the following from the Derrick of the 20th inst. We suppose it is J. P. Siggins, formerly Treasurer of this county, who is hurt:

MARTINSBURG, July 19. As Conductor Keating's train bound for Parker was passing a small trestle below town this morning, a passenger named Pat Siggins met with a severe accident. Mr. Siggins had ridden some distance with his arm out of the window, and coming in contact with the beam of the trestle, it was broken in three different places. Mr. Keating ran him back and had him placed in care of Dr. Derrision, who dressed the wounds properly. Siggins then departed for Karns City.

—On the Fourth of July, Chief Justice Agnew, of the Supreme Court, in company with some friends of Beaver, went out gunning for woodcock. Not finding any of that kind of game, the party turned their attention to snooting pheasants, and secured some twenty or thirty. It is unlawful to shoot pheasants at this season of the year, and the entire party have been notified to appear before a magistrate of Beaver, and answer to the charge of violating the game laws. It is understood that at the hearing the Chief Justice will plead guilty as accessory before and after the fact.

—Mr. N. B. Battell, who has been stopping in town for several weeks, painting and paper-hanging, has been doing some very good sign-painting, noticeable among which are those of the Forest Republican, Robinson & Bonner, G. W. Bovard, Central House, and Mr. Tate's. If any of our readers wish anything of the sort, they should inspect his work and then send in their orders.

Murphyism in Clarington.

CLARINGTON, PA., July 16, 1877.

ED. FOREST REPUBLICAN:—Our village has been refreshed by a Temperance shower. We have had several meetings, and still the great tidal wave rolls on; the majority of this town has enlisted under the banner of Francis Murphy, and with their motto "with malice toward none and charity for all" are determined to go forth and "Rescue the Perishing." On the evening of the first meeting we were favored with the presence of Dr. McKnight and Dr. B. Sweeney, from Brookville. These able physicians explained at length, the effects of alcohol, on the physical, as well as the mental man.

On the third evening, we were favored with speeches from Deputy Sheriff Steel and Mr. John Heichhold; the gentleman acquitted themselves creditably. Other speeches were made by Judge Coon, Rev. P. H. Sheekler, Rev. J. Q. Sweeney and others. Miss Emma Thompson presided at the organ and rendered the meeting valuable assistance.

Sometimes we think, it is quite difficult to educate people on the responsible position they occupy in this world toward God, toward their children, and mankind in general; they seem to say by their actions that they are only ciphers, and have no position to fill, and is it not probable, or at least possible that when in after years they see the effects of this ground they took in these Murphy meetings culminate in deplorable results, will they not fully realize the terrible results? The young lady who will not sign the present "Murphy pledge" will reap the harvest she has sown in the character of a drunken and profligate husband in years to come, it may be a father, a brother, or a son, but the day of retribution certainly will come. "He that is not for me is against me." We must occupy either positive or negative grounds, there is no intermediate place, no purgatory.

To RATIONAL INVALIDS.—In sickness every portion of the body sympathizes with the seat of the disorder. When the stomach fails to perform its functions, the liver, bowels, nerves, muscles, veins, arteries, &c., are all more or less affected. These delinquents require a medicine, combining the properties of a stomachic, an alterative, a purgative, a tonic and a sedative to bring them back to their duty, and all these elements, in their purest and most effective forms, are united in

GRACE'S CELEBRATED SALVE. IS A VEGETABLE PREPARATION, invented in the 17th century by Dr. Wm. Grace, Surgeon in King James' army.

It has been a health resort for some years past for people suffering from pulmonary affections, Catarrh, Ague, and debility; many thousands have entirely recovered.

A new brick hotel has just been completed, 100 feet front, with back buildings, four stories high, including French roof, and all modern improvements for the accommodation of visitors.

Price of Farm Land \$25.00 per acre, payable installments, within the period of four years. In this climate, planted out to vines, 20 acres of land will count fully as much as 100 acres further north.

Persons unacquainted with fruit growing can become familiar with it in a short time on account of surroundings.

Five acre, one acre, and town lots, in the towns of Landisville and Vineland, also for sale.

Whilst visiting the Centennial Exhibition, Vineland can be visited at small expense.

A paper containing full information, will be sent upon application to CHARLES K. LANDIS, Vineland, N. J., free of cost.

The following is an extract from a description of Vineland, published in the New York Tribune, by the well-known Agriculturist, Solon Robinson:

All the farmers were of the "well to do" sort, and some of them who have turned their attention to fruits and market gardening, have grown rich. The soil is loam, varying from sandy to clayey, and surface gently undulating, intersected with small streams and occasional wet meadows, in which deposits of peat or muck are stored, sufficient to fertilize the whole upland surface, after it has been exhausted of its natural fertility.

It is certainly one of the most extensive fertile tracts, in an almost level position, and suitable condition for pleasant farming, that we know of this side of the Western prairies. We found some of the oldest farms apparently just as profitably productive as when first cleared of forest fifty or a hundred years ago.

The golden rule would soon discover the cause of this continued fertility. The whole country is a marine deposit, and all through the soil we found evidences of calcareous substances, generally in the form of indurated calcareous marl, showing many distinct forms of ancient shells, of the tertiary formation; and this marly substance is scattered all through the soil, in a very minute form, and in the exact condition most easily assimilated by such plants as the farm or desires to cultivate.

THE "MENDELSSOHN" PIANO CO.

HARD PAN PRICES.

Only One Price for Cash, and a low one. NO DEVIATION.

We give no discounts.

We pay no agents' commissions, which double the prices of all Pianos.

We look to the People, who want a first-class Piano at a fair profit over cost of manufacture. We appoint the People our agents, and give them our Pianos as low as any agent can buy equally good Pianos of any other manufacturer, giving the People, in a reduced price, what is usually expended in commissions, rent, freight, traveling and incidental expenses.

The "Mendelssohn" Piano Co. can sell you a 7 octave rosewood case Piano, 6 feet 10 inches long, with front round corners, carved legs, serpentine and plinth mouldings, with improvements, including Full Iron Frame, Over Strung Bass, Agraffe Treble, and French Grand Action, which only accompany the best Pianos of the most celebrated makers, at the very low price of \$250, \$275 or \$300, according to style of case, or with four round corners and full agraffe for \$350, and guarantee them in every respect equal to any Piano made of similar style, or no sale.

The "Mendelssohn" Piano is manufactured from the very best materials, and by the most skilled and finished workmen. The manufacture is conducted by one of the most experienced Piano manufacturers in the country. This is no new enterprise, turning out a poor and cheap piano, made from green wood, and by greener mechanics.

Our Piano is unsurpassed by any in the market for its rich and powerful tones, and its adaptation to the human voice in sympathetic, mellow and singing qualities. It speaks for itself.

We are willing to place it beside any other make of Piano on its merits, either in beauty of case, or excellence of tone, and "at half the money" of equally good instruments.

"The best the cheapest"—When it costs the least money. All Pianos fully warranted for five years. Send for our Illustrated and Descriptive Circular.
