

BOROUGH OFFICERS.

Burgess—G. W. ROBINSON. Councilmen—P. D. THOMAS, S. J. SUTLEY, Wm. Richards, D. S. KNOX, A. B. KELLY, C. A. RANDALL.

FOREST COUNTY OFFICERS.

President Judge—J. D. WRENTHAM. Associate Judges—JOS. G. DALE, EDWARD KEELER. Treasurer—S. J. SUTLEY. Prothonotary, Register & Recorder, &c.—J. W. CLARK.

LOCAL AND MISCELLANEOUS.

—On account of the Rev. Allen's vacation, there will be no services in the M. E. Church on next Sunday evening.

—Mrs. John Guyton died at the residence of her husband, at Bear Creek, last evening. We are without particulars.

—Rev. O. B. Clark has sent us a season ticket on the beautiful little steamer "May Martin," which sails the placid waters of Chautauqua Lake. We are obliged to Rev. Clark and the owners of the boat for the favor.

—The circus bill board, which interfered greatly with our view of the river scenery and Derickson & Co.'s stove piles, has been torn down by Capt. Knox, who wishes to use the lumber for other purposes.

—Mrs. Swaggart, and a little son of M. Hille, Jr., are at present suffering with typhoid fever. It was at one time thought that Mrs. Swaggart would not recover, but we believe she is improving at present.

—Some man whose name we have forgotten, is to go over Niagara Falls on a raft to-day. The raft is gotten up on scientific principles, and the man expects to live to tell the world all the sensations of the wonderful trip.

—At the adjourned session of Court held this week, an order was made that a Grand Jury be summoned and called for the September Session of Court, subject, however, to be countermanded by Judge Dale, by the 1st of September, if the criminal business accrued by that time does not seem to warrant the attendance of Grand Jury.

—The N. G. P. are arriving at their homes, and are being made the recipients of enthusiastic welcomes. This is correct. Those men who have always been sneered at by veterans as "Sunday Soldiers," who had the sand to go where there was actual danger, are deserving of praise and banquets.

—We have heretofore mentioned that Mr. Chas. Bonner contemplated a trip to Europe, for the purpose of completing his education. He will start some time during next month, and Ben, son of Mr. H. H. May, will probably make the trip with him.

—Mr. Darrah, manager of the Superior Lumber Co. Store, has taken the agency for the Morris Nurseries, situated at West Chester, Pa. These Nurseries supply everything in the shape of Fruit and Ornamental Trees, Shrubby, Vines, Roses, &c., at reasonable prices.

—The last Forest Press gives us an item of news, that "Mr. William Lawrence of Tionesta Borough, is the Republican candidate for the office of Treasurer of Forest County at the ensuing election." This may be news to a few of the Democrats, but it is not news to a single Republican of Forest County, as it was published in the FOREST REPUBLICAN on July 4th.

—A few cases of diphtheria are reported in this county at present. It is to be hoped that the disease will not become epidemic again.

—Some of the best hunters in the country have been out searching for squirrels, but mourned because they were not visible. We have been out ourselves, and concur in the report of the other good hunters.

—Rev. Elliot departed for Chautauqua Lake on Monday morning last, to spend the week. While there last week, he had the good fortune to catch a ten-pound pickerel, which made him more envied among the clerical brethren than if he had delivered the best discourse of the season.

—The New York Aquarium has lost nearly one-half its fish by some one poisoning the water with white lead. The man, or thing who would do an act of this kind should be filled with white lead, have his head pounded in to a brush, and used to whitewash the characters of the Mollie Maguires.

—On Monday morning last, Messrs. McCreary, Townsend and Peate, all M. E. Ministers, the latter of whom is Presiding Elder of the Franklin District, passed through town, with a lot of provisions, luggage, wall-tent, shotgun, &c., on their way to the woods, for a week of rustication and recuperation. Hope they will be greatly benefitted.

—Jim Swailes is about to move his barber shop into the little house across the street from his present quarters. This house is on disputed territory, and it might be well for Jim to keep his weather eye peeled, or the parties in the affair might take it into their heads to move their land out from under him and leave him hanging upon nothing.

—Col. Thomas expects to move into his new house about the middle of next month. He is building an immense amount of stone wall above his house to keep the hill from sliding down upon him. Also several other walls all about the premises. When finished, he will have a property which will withstand the attacks of old Father Time better than any other in our city limits.

—Camp Meeting commences at Lickingville to-morrow. There will be a great demand for rigs to attend the same about next Sunday, particularly as there are no services in town on that day. In the past there have been some interesting times at those camp grounds, but latterly a sort of a police system has been in force, and rowdiness is not as prevalent as it used to be.

—A well is going down on the old Copeland farm, on land belonging to J. Kepler and others. It is being put down by Copeland and Gleasons. The big hole is down 100 feet, and casing is to be put in at once. Azro, who has a good interest, gets insulted if a person ventures to intimate that the well will be less than 400 barrels. It will be down in about three weeks if the operators have no bad luck, and we will give our readers the result. The Copeland farm is in Harmony township, up near the head of Hunter's Run.

—Most of our citizens are taking time by the forelock, and providing against strikes and cold shins by laying in their winter's supply of hard coal. Twelve car loads arrived at Tionesta station in one day last week, and was distributed around town in quantities to suit cash customers. Soft coal is somewhat of a scarcity in town at present, and nearly everybody is burning wood. By the way, if any of our subscribers wish to bring us in a load or two of soft coal, we will be glad to place the amount to their credit.

—The last Forest Press gives us an item of news, that "Mr. William Lawrence of Tionesta Borough, is the Republican candidate for the office of Treasurer of Forest County at the ensuing election." This may be news to a few of the Democrats, but it is not news to a single Republican of Forest County, as it was published in the FOREST REPUBLICAN on July 4th.

Lacytown Correspondence.

LACYTOWN, Aug. 14, 1877. ED. REPUBLICAN:—

—Campmeeting appears to be the only excitement here at present. All the horses and carriages in the place have been engaged for next Sunday; even S. C. Rouse's mustang and cart-wagon, we believe, has been spoken for. Our little town will present rather a deserted appearance if the weather is pleasant, next Sunday.

—Lawyers Tate and Irwin spent the day in our town last Thursday, attending to some business for George Laey, of Galen's Mills.

—One of the most forlorn set of men we have seen, for almost an age, were those seven grass-widowers, perched on the front steps of the Forest Hotel, one evening of last week; and the sad expression of their eyes seemed to say "why are we thus?"

—J. B. Hagerty, while on his way up to Lacy's mills a few days ago met an old bear and two cubs. The old one greeted him with a growl and leisurely passed into the woods. We have no doubt but some of our "mighty nimrods" will be looking them up later in the season.

—Rattlesnakes seem to be almost as plenty as blackberries with us. Not less than a dozen have been killed within a mile of us in the past two weeks, measuring from three to five feet in length.

—Mrs. Frank Bowman, daughter of H. Wentworth is dangerously ill with billious fever at her Mother-in-law's house.

—Sadie Arner's school on Dutch Hill closed about one week ago, she is now rustivating among the blackberries on C. M. Arner's farm situated about twelve miles up Tionesta creek from here. MARK.

—We own a hen, and we don't wish it understood that we are immensely wealthy, nor purse pound because we own a hen—which is capable of supporting itself under any and all circumstances. We have it at the farm of Mr. Lewis, on this side of Tylersburg, under a course of training. It steals its nest, goes off in the woods and raises a large and respectable family. At the barn, when the horses are fed, she flies up into the feed-box, and give the horse's nose a few pecks with her beak; if the horse doesn't then stand back and allow her to satisfy her appetite, she flies up into his face, grabs him with beak and claws, and beats him with her wings until he is perfectly willing to postpone action upon the oats until she has finished her repast. She is of the black-breasted red game variety, and was hatched from a setting of eggs procured from Mr. A. McLaren, dealer in fancy breeds of chickens, Meadville, Pa.

—Mrs. Col. Dewees and son arrived in town last week on a visit to her parents and friends.

—Billy Blum and H. W. Roberts have gotten up a new sign on the blacksmith and wagon shop owned by the former, and partially occupied by the latter.

—The machinery for T. J. Payne's new mill, which he is putting up near Tylersburg, was hauled through town yesterday. Mr. Payne is one of the most thorough lumbermen of this region, and will be running about the first of September.

—A large rattlesnake, captured by Frank Sanford, afforded amusement to a crowd in the road in front of the Post Office on Monday evening. It was played with until public opinion demanded its death, when it was killed. Some of these chaps will play with their death some day.

—The September number of Ballou's Magazine has many improvements which will commend themselves to the reader after a careful examination. It is the best number that has appeared for some months. The contents of Ballou's is entirely original, and the stories are really of a high order of merit, there is not a single dry article in the whole number. Published by Thomas & Talbot, 23 Hawley Street, Boston, at \$1.50 per year, postpaid, and for sale at all the periodical depots in the country.

—"How I wish that my skin was as white and soft as yours," said a lady the other day to a female friend. "You can easily make it so," said the lady addressed. "How?" inquired the first speaker. Use Glenn's Sulphur Soap. Sold by all Druggists.

—Hill's Hair & Whisker Dye, black or brown, 50 cts. 44

The Last, Best, Cheapest, and the Most Enjoyable Excursion of the Season!

It has been decided to run the excursion, of which we gave notice last week, on Tuesday, the 28th inst., leaving Tionesta at about 8 o'clock in the morning, arriving at Fair Point about noon. After giving the excursionists several hours to look around Jamestown, the boat will start back to Mayville by moonlight, and an opportunity will be given all to dance to the music of McCray's celebrated string band. The excursion train will arrive at Tionesta sometime before daylight next morning. The fare from all points along the route will be uniform—\$2.25, which pays for the whole trip, including the run to Jamestown and the dancing. The train will start from Tionesta, and will stop for excursionists at Hickory, Frankville, Tidioute, Thompson's, Cobham, Irvineton and Youngsville.

Some slight changes in the programme may occur before the excursion comes off, but full and reliable particulars will be given in the REPUBLICAN next week.
