LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian Church, on Sunday next morning and evening. Sabbath School at 3 o'clock P. M.

—D. W. Clark started to Harrisburg yesterday morning, for the purpose of attending the Democratic State Convention, which meets to-morrow.

—The Eric Observer prints a list of dead beats who don't pay the printer. Such lists are going to be frequent after a while.

—Mr. O. J. Gunning, who once taught a term of school here, has been elected principal of the schools of Columbus, Warren County.

—A Temperance basket picnic will be held at Irvineton to-day. Hon. W. C. Plummer and Rev. J. N. Fradenburg will address the multitude.

—The Lawrence House is being treated to a fresh coat of paint under the artistic touch of Alex. Henage. The improvement is noticeable and commendable.

—Any militiaman who didn't turn out with his company during the late riots, is liable to be fined \$100, or in lieu thereof suffer a good term of imprisonment.

—Mr. S. Fitzgerald of Barnett township was in town last week, looking hearty. He reports the Republican party in that township all straight, as usual.

—Rev. Elliot came home from his trip on Monday last, feeling invigorated and strengthened by his little vacation. He didn't catch any more large fish.

—The Union Depot at Pittsburgh is being rapidly rebuilt. A force of thirty bricklayers are at work, and 40,000 bricks are laid daily. It is not probable that it will meet the fate of the old one.

—Not a croquet ball, nor a base ball, nor a masked ball has been struck here this season. Where is the ancient enterprise, and muscle, and energy, and aptness of our youth? On a strike?

—Rev. Theo. Crowl, for some years past in charge of the Presbyterian Church at Tidioute, preached his farewell sermon last Sunday. He was a very successful and popular pastor there. We are not informed where he intends to locate.

—Several wagon loads of hickory-pickers have come to the woods this week. Most of them will enjoy about Fort Pitt and Lamentation until they get their cans and jars filled. The crop is not extra large this season.

—A young lady of twenty, who describes herself as "rather pretty," advertises in the Graphic for a number of gentlemanly correspondents. The object is fun or matrimony. The address is box 412, Brookville, Pa.

—In the space from the Dutch Hill watering trough to Tubbs Run, there are more mosquitoes, dead snappings and ragged rocks than in any other part of Forest County we have ever seen. And there is no game in that section at present.

—Te Jas. Hutings belongs the honor of bringing in the first squirrels of the season. On Thursday last he brought in two, a black and a gray one. His success induced several deluded individuals to go out and try their luck on Saturday, but not a squirrel rewarded their long tramps over the hills.

—Grandin Bros., of Tidioute have a little piece of land situated in Dakota Territory, on the Red River of the North, the boundary between that territory and Minnesota, consisting of 27,000 acres. This they are farming, partially, and, in time, contemplate putting the major part of it under cultivation. This year they put in 2500 acres of wheat and about 300 acres in oats, beside cutting 1000 tons of hay. They report that this season has been favorable for wheat in that section, and their little patch will yield them not less than 50,000 bushels of clean wheat. To do this work they have used 50 men, 70 mules 35 each plows and harrows, all under the supervision of one man. The wheat was cut and bound with 12 reapers and binders combined, and is now being threshed by 4 steam threshing machines, each machine having a capacity of 1000 bushels per day. They ship on barges on the Red River of the North to Breckenridge; thence to Duluth by rail, and thence east by vessel. They are breaking up 2500 acres additional this fall, and next year will have 5000 acres in wheat. We believe this is the most extensive single farm east of the Rocky Mountains.

—Mr. Orris Hall, of Warren, was in town yesterday, and brings news of several attempted burglaries in that town. On Saturday night Mr. Moses Beecher, Cashier of the First National Bank of Warren, was awakened by hearing some person in his room. He raised up, when a voice said, "If you move, you are a dead man!" Mr. Beecher made a spring toward the direction of the voice, when the burglar fired a pistol, the ball penetrating the headboard of the bed, about six inches above Mrs. Beecher's head. The burglar made his escape, taking with him Mr. B.'s watch and a small amount of money. From the direction the ball took it must have come very close to Mr. Beecher.

On Sunday night an attempt was made to burglarize Mr. Hall's house, but the noise was heard by one of the family, who raised the alarm, and the burglars were frightened away.

—The Crawford County Teachers' Institute was held at Linesville last week. In the report of the proceedings published in the Meadville Republican, we find the following in regard to Mr. T. D. Dunn, who taught the upper school here last winter, and was re-elected to the same position, for the coming term:

An excellent essay on "Educational Barriers" was read by T. D. Dunn, of Coon's Corners. He was justly severe on that relic of barbarism called boarding school. Other Educational Barriers are Passive Directors, short terms, low wages, careless selection of teachers. He favors employing teachers for a period of from one to three years, that this would secure more care in the selection of teachers among other important advantages.

—On Sunday evening last, a large wild cat followed Jacob Berlin quite a distance, seemingly wanting a piece of him to eat. The circumstance happened in Ross Run hollow, some ten miles up the creek from this place. He saw the animal in the road, and, thinking it was a neighbor boy trying to scare him, he walked up to it, and found that he was facing a large wild cat. He left the place for home; he wasn't in any particular hurry, but simply edged off toward home at the rate of about 2:12. The cat sauntered after him at about the same pace for a few hundred yards, and then hauled off—distanced.

—The camp meeting at Lickingville broke up yesterday. It was very largely attended. What was accomplished in the way of converts we are not informed. On Sunday our town was almost deserted. Every horse and vehicle in and around the town was pressed into the service, and applications were made for a great many others which were not procurable. Old men, young men, old ladies and maidens, girls and boys, all had the fever, and all, so far as was possible, went out to camp-meeting. The attendance seems to be getting larger each year, and it is to be hoped that the good received thereby is correspondingly increased.

—Floyd Proper and Perry Roberts left yesterday morning for Randolph, N. Y., for the purpose of attending the school there. This school has a good reputation, and we have no doubt but the boys will improve their opportunity and receive much benefit from the course.

JAS. M. MCKAY, P. M.

—The President and Board of Directors of the International Exhibition Company have favored us with an invitation to be present at the Reception Ceremonies to the Governors of the United States, to be given in the Exhibition Building, Centennial Grounds, on the 30th inst. We would delight to shed the radiance of our presence upon the occasion, but must be allowed to plead previous engagements.

—These warm afternoons it doesn't take much of a difference of opinion to lead to an animated discussion, which generally ends in a bet of "the cigars for the crowd," much to the delight of the crowd. It is funny when the man who is surest he's right gets "stuck," but the crowd take their cigars with just as good a grace if it happens to be the other fellow.

—"Cooning" is in order at present. The corn is about the right size, the nights are cool, and there are dogs enough around that ought to be good coon dogs. It's awful hard work, but then it is sport, and it's amazing the amount of this kind of business some of these fellows are able to do who couldn't chop wood under any circumstances.

—The ministerial party which has been camping out on a branch of the Salmon for a week past, came through town on their way home yesterday. They had a good time, and were feeling greatly refreshed. In time Forest County will become as great a resort as Chautauqua Lake, perhaps.

—Our young fellows seem to have a great respect for whisky poker, so much so, that they designate it as w. p., instead of giving it the full, and somewhat bad sounding name. It must not, however, be supposed that our young men play the game for whisky, for such is not the case. Fun and cigars is the object.

—It will be seen by the notice in another column that the excursion to Chautauqua Lake will take place on Thursday, the 30th inst., instead of Tuesday the 28th as heretofore announced. We stated however, that the time was liable to be changed. So far as we can learn, quite a number of our people will go with the excursion.

—In addition to the list of fairs and horse-races published in this paper last week, it is to be understood that the permanent exhibition at Philadelphia is still in progress; also that the Pittsburgh Annual Exposition is to be opened on the 14th of September, and closed October 6th.

—In our Crawford and Jefferson County exchanges, we read of numerous thefts and burglaries, but in Clarion county highway robbery seems to have the preference. Our County has so far been free from such experiences, but it is well for everybody to be on their guard against them.

—The County and City Superintendents of Western Pennsylvania, will hold a series of educational meetings at the Normal School, Edinboro, September 4th to 28th. All teachers in the State are invited to attend, and are offered the use of the libraries, reading room and cabinets of the school free.

—Silas Wolcott, of DeWittville, N. Y., was in town last week looking after his interests here. He seems to be very successful as a farmer, and we believe he has abandoned the oil business for good. He was in good health, and reports his family well.

—The Sunday School part of the Fair Point Assembly closed yesterday. The Assembly proper will close to-morrow. We believe this has been the most successful season, financially and otherwise, since the Assembly was organized.

STARTING FROM TIONESTA

—ON—

THURSDAY MORNING, AUGUST 30, AT 7:30 O'CLOCK.

The Last, Best, Cheapest, and the Most Enjoyable Excursion of the Season!

It has been decided to run the excursion, which we have noticed heretofore, on Thursday, the 30th inst., leaving Tionesta at 7:30 o'clock in the morning, arriving at Fair Point about 11:30. A picnic will be had there, at 3:30 the boat will start for the head of the lake. After giving the excursionists two and one-half hours at Jamestown, the steamer will start back to Mayville at 8 o'clock, and an opportunity will be given all to dance to the music of McCrae's celebrated string band. The excursion train will arrive at Tionesta at about 2:30 o'clock in the morning. The fare from all points along the route will be uniform—\$2.25, which pays for the whole trip, including the run to Jamestown and the dancing. The train will start from Tionesta, and will stop for excursionists at Hickory, Trunkville, Tidioute, Thompson's, and Irvineton.

The above is official, and will be carried out to the letter. Since the announcement last week, the manager, Mr. Casfield, has secured the services of Rescue Cornet Band, which will accompany the excursion. This will be the last excursion of the season, and all who think of going to the lake this year should embrace this opportunity which gives them twelve hours at the lake and very low fare.

—We would call attention to the change in the advertisement of Mr. Murphy, the Tailor, who is now settled in the Jamieson building north of the Central House. He is being rushed with work, but expects help immediately, and is prepared to take any number of orders.

—E. L. Davis, Esq., of this place, has received the sanction of the other counties of the 38th Dist., and will represent us as Senatorial delegate in the Republican State Convention which is to meet at Harrisburg, on the 5th of September.

W. E. Lathy Esq., is the Representative delegate from this County.

—The situation in the anthracite coal region is unchanged. Dispatches from Kingston say that it is the Molliques who are particularly discontented and vicious, and were they not overawed by the presence of a force of which they are afraid, they would ride rough-shod and lawless all over that section of the country.

—C. F. Gillespie's separator, the only one in the county, we believe, was in operation up at Knox's barn yesterday afternoon, and was visited by several persons who had never seen one work. It is a good article, does good work, and does it rapidly.

—It is rumored that the Presbytery of Erie have in contemplation the purchase of a body of ground bordering on Chautauqua Lake, which is to be fitted up somewhat after the manner of Fair Point. There is nothing certain about it, however; it is only being talked of.

—The Derrick has sent a correspondent to interview Secretary Sherman on the financial and other questions of the hour. The Secretary thinks that the stagnation of business is about at an end, and that good times will be along right away. If the Secretary is a true prophet he is a harbinger of good and will be the most popular Secretary the Treasury ever had.

—A correspondent of the Elk Democrat speaks of the killing of a deer by a lot of hickberry-pickers whom the deer had attacked. This reminds us of how the boys in blue used to kill sheep in self-defence, because the sheep "bit at them."
