FOREST COUNTY OFFICERS.

President Judge—L. D. WARMON.
Associate Judges—JOS. G. DALE, ED-
WARD KERR.

LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the
Presbyterian Church, on Sunday next
morning and evening. Sabbath School
at 3 o'clock P. M.

—Mr. A. B. Kelly's parents, of
Pittsburgh, are at present in town vis-
iting the family.

—The Court Proclamation, Trial
List, and List of Jurors are published
this week for the information of those
who have to do with Court business.

—Green County, the south-western
county of Pennsylvania, has some
good oil wells, one of which is going
sixty barrels per day.

—Lightning, the real article, not
Jorsey lightning, got after Lawyer
Richmond, in Meadville, and ripped a
lot of lumber out of his office.

—A few, a very few, squirrels have
been garnered in by our sportsmen
this year. Those in this section seem
to be confining their operations to the
beech-nuts.

—Collins' mill, at Beaver Valley is
sawing bill-stuff steadily. Wheeler &
Dusenbury's shingle mill, run by Mr.
Merrin, is sawing by heads; the mill
at Stowtown is shut down for want of
water.

—An oil land speculator was in
town yesterday, seemingly wanting to
buy up all the territory in Forest
County, and pay cash for it. He can
buy a good deal of land at oil prices
if he has the collateral.

—Brigham Young has passed in his
checks—delivered up the ghost—died,
in fact, leaving a numerous amount
of widows and orphans. His loss will
not be especially mourned by the
American people.

—Woods' Heirs, of New York are
about to put down a well on Little
Tionesta, about three miles from this
place. The carpenters are here to put
up the rig, and work will be commence-
forthwith.

—The borough schools started up
on Monday last, with Mr. T. D. Dunn
in charge of the upper room, and Miss
Ella Mays of the lower room. The at-
tendance is good, and the prospects
for good schools are excellent.

—Some of our soldier boys who re-
ceived evidences of the regards of
their Confederate opponents during
the late civil strife, in the shape of
gun-shot wounds, were in town yester-
day undergoing an inspection by the
U. S. Examining Surgeon, Dr. Co-
burn.

—We have had some extremely cool
weather for this season of the year
during the past week. Linen coats and
straw hats have disappeared as if by
magic, and everybody who has an
overcoat left over from last winter, is
thanking his stars and taking cour-
age to face the coming winter.

—The Assignee's sale of the prop-
erty of Joshua Douglass, part of which
is situated in Forest County, has been
adjourned to the 20th inst. The part
in this county consists of 285 acres in
Tionesta Twp., part of which is being
farmed this year by S. C. Johnson.
We presume that this will be an op-
portunity to purchase a cheap prop-
erty.

—The rails for Collins & Holbrook's
railroad, at Lacynow, are being haul-
ed from the depot through town to
their destination. The road is pro-
gressing favorably under the superin-
tendance of Lyman Cook, a practical
man who is held in high esteem by his
employers. We put in our bid for a
pass over this road.

—Mr. Merrin, of Beaver Valley
yesterday left with us, a few hours, a
pamphlet entitled "Solution of the
Money Question," by R. L. Wolcott,
of Pain Point notoriety. The book is
gotten up on a greenback basis, and
claims that the only road out of our
financial depression is for the people
to demand, and hence to get, the Gov-
ernment to issue an unlimited supply
of greenbacks; to defer specie pay-
ments until after the day of Judgment,
and so, on to wealth, happiness and
prosperity. Now we don't want to
quarrel with his theory; but he neg-
lects to state how we the people, are
to procure these greenbacks from the
Government. During the war up-
wards of two millions of men received
pay from the government, while serv-
ing in the army and navy; hundreds
of thousands of others received pay
from the Government for working in
Government workshops. The Govern-
ment bought horses, mules, metal,
flour, pork, beef, and, in fact the de-
mand created by the vast purchases
the Government made business brisk,
and at the same time the people had
an opportunity to get hold of some
of those greenbacks which the Govern-
ment was issuing. But how are those
greenbacks, if they are issued now, to
get into circulation. The Government
in buying next to nothing; the stand-
ing army does not get pay enough to
make any perceptible difference with
commerce, except with a few sutlers
who garner in the wages of the sol-
diers; the Government is doing abso-
lutely nothing to enable the people to
get its greenbacks if it does issue them.
Of course we have not had time to
give Mr. Wolcott's pamphlet even a
hasty perusal, but glancing at its con-
tents here and there we are not taken
with his arguments. One thing he
says which strikes us as being erro-
neous in its conclusion, viz: "The luxu-
ries of the rich are the tears of the
poor." This we believe to be the very
opposite of the truth. What are the
luxuries of the rich? Fine horses, fine
carriages, fine residences, fine grounds,
good living, and purple and fine lin-
en. Very well; if you are a farmer or
a stock-breeder, raise fine horses and
get a fancy price from these nabobs.
If you are manufacturing, make fine
carriages, fine furniture, fine carpets
and fine wares of all kinds, and find a
market for these among the wealthy
If you are an architect, you can build
their fine residences; if you are a lab-
orer you can improve their grounds;
if you are a gardener, or a butcher, you
can sell the best and the choicest of
your productions to the rich, and re-
ceive the top figures for them. If you
happen to be a seamstress or a dress-
maker, these luxuries of dress in which
the rich indulge, instead of being your
"tears," are your meat and drink, your
food and your joy. In fact, if the rich
were to live as economically as the
poor are obliged to, the poor would
find less work, at less wages, and
would be obliged to live yet poorer
than they have ever done since the
first few decades of our existence as a
government.

—Mrs. Lohmeyer, aged about 78
years died at the residence of her son,
Mr. Frederick Lohmeyer, in Green
Twp, this county, at about 11 o'clock
last night, 31st ult., under the follow-
ing circumstances: Although her
health had not been very good for a
few weeks past, yet she had been about
attending to her ordinary duties, and
had milked the cows and eaten a
hearty supper the same evening, retir-
ing to her room up stairs at her usual
hour. At the hour above mentioned
there was a fearful clap of thunder
which seemed to shake all Dutch Hill,
and at the same time Mr. L. heard a
shriek in his mother's room. Going
up stairs, he found the old lady on all
fours on the floor, and blood flowing
from her mouth. He laid her on her
bed, where she expired in a few mo-
ments.—Forest Press.

—E. L. Davis, Esq., Senatorial, and
W. E. Lathy, Esq., Representative
Delegate, left on Monday morning,
to attend the Republican State Con-
vention, which convenes in Harrisburg to-
day, for the purpose of putting in nom-
inations candidates for Supreme Judge,
State Treasurer and Auditor General.

—The "Iron City" is still stranded
on "Pitohole Riffle," and may have to
stay there all winter. The loss to the
owners from her forced inactivity this
season must be considerable.

—Prof. Weber is again figuring
about Tidouste, and we suppose may
be expected to pay his Tionesta friends
a visit soon.

—Since publishing an item in regard
to Grandin's big farm in Dakota ter-
ritory, we have received a copy of the
Fargo, Dakota, Times, which has the
following in regard to the same farm.
It will be seen that a gentleman named
Dalrymple owns a half interest in
the farm, a fact of which we were not
before aware:

"Mr. Dalrymple owns a half inter-
est in what is known as the "Grandin
farm," a tract of 40,000 acres just
north of Elm River, in Traill County,
D. T., 35 miles north of Fargo. The
other owners are the Grandin Brothers
bankers of Tidouste, Pa. On this
farm there are 3,500 acres in wheat
this year, and some 3,000 acres brok-
en for next year. To harvest this crop
of 7,500 acres on the two places, it re-
quired 42 self-binding reapers, 225
horses and mules and 150 men. Nine
steam threshers, each with a capacity
of 1,000 bushels per day, are now at
work threshing the grain.

In addition to his interest in these
two immense farms, Mr. Dalrymple
owns 2,000 acres of land in Cottage
Grove, Minn., near St. Paul, 1,500
acres of which is in wheat—so that
either as sole or half owner, Mr. Dal-
rymple is interested in 9,000 acres of
wheat this year, which will be increas-
ed to 15,000 acres next year.

We may add that it is the intention
of the owners of these two huge farms
to break on an average about 5,000
acres each year, until the whole 51,000
acres are brought under cultivation.
They have abundant means, and the
experiment so far has proved that it is
not possible to make a better invest-
ment of money. This is the second
year of the enterprise, and so far the
net profits have been over \$10 per acre
each year, for every acre under culti-
vation. Go thou and do likewise, and
there is plenty of room here to do it in."

—A terrible railroad accident ac-
cident occurred on the Chicago, Rock
Island and Pacific Railroad, Wednes-
day, Aug. 29, near Des Moines, Iowa.
All the train but the sleeping car went
down into the stream. Barnum's show
car went over with the rest, and it is
said that all of the 11 occupants but
one were killed. A special to the State
Register from the wreck says that
there are 16 killed so far as known.
Twelve bodies are out on the banks.
A later dispatch says 17 bodies have
been taken from the wreck. Two more
bodies are known to be in the wreck
of Barnum's car, a little girl, daughter
of Mrs. Crowe, one of the women
killed. It is thought by many that
there are still other bodies in the bot-
tom of the wreck, which floated down
stream, but those posted foot up the
total death rate at twenty

—Mr. A. T. Scofield, son of Hon. G.
W. Scofield, of Warren, Pa., was in
town yesterday. He is at present a
student at Lafayette College, Pa., but
intends to join the Woodruff Scientific
Expedition, which starts in October
on a two years' voyage around the
world.—Jamestown Journal.

We understand they expect to have
about 400 students and cadets on board
the "Ontario." It will cost the stu-
dents \$2,500 each and the cadets \$3,000
for the trip. They go first to South
America, through the Strait and then
across the Pacific to China and other
countries. It will no doubt be an in-
teresting trip, and we wish our young
townsman a pleasant voyage and im-
proved health on his return.—Warren
Mail.

—James M. Carson, who was tried
last week for the murder of David E.
Mikesell, in Oil City, in April last,
was acquitted, the jury bringing in a
verdict of "Not Guilty." It is suppos-
ed that there was no doubt in the
minds of Judge, Jury, or spectators, as
to the guilt of Mr. Carson, but it seems
that the evidence furnished would not
justify the jury in finding any other
verdict. It is an established precedent
that any man will be cleared under
the same circumstances.

ing prices:

—Rev. D. C. Tomlinson, Financial
Secretary of Buchtel College, which is
located at Akron, Ohio, delivered a
sermon in the Presbyterian Church on
Friday evening last, to a rather slim
audience, owing to the inclemency of
the weather. The College which he
represents is said to be a first-class
one, in which a thorough education
can be had at reasonable rates. Those
wishing information in regard to the
college can address Hon. Jno. R.
Buchtel, President, or Rev. D. C.
Tomlinson, Financial Secretary, Ak-
ron, Ohio.

—The legal fraternity appear to be
reaping a harvest just at present. Sev-
eral suits of assault and battery, a
couple for trespass and malicious mis-
chief, one for stealing butter without
a license, and a couple for selling li-
quor with malice aforethought, have
taken place within the last week, with
a prospect for more suits for assault
and battery. We guess that grand
jury will have to come in on Court
week, as business seems to be piled up
for it.

—Rev. Elliot is getting to be quite
a Nimrod. Yesterday himself and Mr.
Kepler were out hunting, when, get-
ting tired shooting at squirrels,—or a
squirrel—the Reverend gentleman pro-
ceeded to shoot the head off a rattle-
snake, slick and clean. It had seven
rattles, and was killed up Dawson's
Run.

—Azro Copeland was in on Mon-
day, and informed us that the well on
the Kepler farm, in which he is inter-
ested, was down 500 feet, and would
probably be finished in a week or ten
days. He anticipates a good well.

DENTISTRY.

Dr. S. J. Fisher, Dentist, of Union
City, Pa., formerly of Warren, will be
at Tionesta, at the Lawrence House,
on Sept. 22d, to remain one week—
during Court week.

He will be prepared to do all work
pretaining to his profession in a thor-
ough and skillful manner.
