Lawrence House.

LOCAL AND MISCELLANEOUS.

W. Allow March 1997

-Rev. Elliot will preach in the Presbyterian Church, on Sunday next morning and evening. Sabbath School at 3 o'clock P. M.

-Hon. J. B. Agnew has our thanks for a number of pamphlets and documents, sent during the past week.

-Alex., second son of Judge J. G. Dale, started last week for Akron, O., where he will become a student in Buchtel College.

--From the Press we learn that Mr. F. E. Allison, who has been doing the glad to welcome him back, as he is a Black Hills, has arrived safely at his good citizen and a straight forward home in Hickory. Welcome home.

-Rev. Allen has taken up his residence at Stewart's Run, but that does not prevent his paying strict attention to the religious wants of his Tionesta charge.

-The river closed above the bridge on Monday night. A few days of freezing weather would probably make "Vick's Illustrated Catalogue and a good ice bridge, to the injury of the toll bridge.

-Dithridge's mill shut down on Saturday last on account of the freezing up of the pond, so that the logcannot be gotten out without considerable expense.

-The County Auditors met on Monday last, and adjourned until next Monday, when the Annual Settlement dry season will cause a number of wawill be made. This docurrent will be published next month.

-Prof. Monday, teacher of vocal and instrumental music puts his card before the public in to-day's issue. He is a very thorough man in his profession, and deserves encouragement.

-This being the Week of Prayer services are being held in the two churches on alternate evenings. This evening the services will be held in the Presbyterian Church, and Rev. Elliot will deliver a sermon.

-Capt. Knox has taken a job of putting in square timber, and also putting in and sawing logs, for May & Kelly, at Oldtown. Wm. Reck is putting in some square timber at Sugar Run, just above the Blue Narrows

-Mr. Z. T. Shriver is down from Tidioute, where he has been engaged on another well for Wolcott, which we are sorry to report is dry. Zach. informs us that Will. Wolcott was quite severely burned about the face and neck by the ignition of a well lamp.

-"Prof. Sands' Great Sensation Show," is advertised to exhibit in Partridge's Hall on Friday and Saturday evenings of this week. The character of the show is to be slightof hand performances, ventriloquism. exposition of so-called spiritual manifestations, &c., &c. Admission 25 cts. Children 15 cts. -Winter commenced last week, and we had two or three days of cold weather, and a fall of about eight inches of snow. The roads are so rough, however, that the sleighing is not good. To day the weather is more moderate, and fears are entertained that what snow we have will go off. Everybody agrees in the statement that "this is a queer winter." -A week ago we received a letter from Mr. Daniel Harrington, who is perambulating the country from Edenburg to Bradford and intermediate points. As the "news" contained in said letter is now "old," we do not reproduce it. We believe Mr. H. proposes to invest in some oil territory about Bradford, and if he does, w hope he will get some good wells. -On Monday merning last, as Mr. H. W. Roberts was "edging" in Derickson & Co.'s stave mill, the third finger of his left hand came in contact with the saw, and was torn so that one joint will probably be stiffened. Some ugly accidents of this nature are continually taking place in the various stave mills about here, from the effects of which some of our young men have lost fingers, thumbs, and sometimes the whole hand. -Wm. Lawrence was sworn in as Treasurer of Forest County on Mon-SOUTH OF ROBINSON & BONNER'S day last, having furnished the required bail, which, on account of two sales during the term, was larger than usual. We hope Mr. Lawrence may give as good satisfaction as his predecessor, Mr. Setley, who leaves the office with the respect and confidence of all the taxpayers of Forest. Mr. Setley is staying in the office for a time, initiating Lawrence into the mysteries of the position.

School Report.

Report of German Hill School for Month ending Jan. 2: Number of pupils enrolled 22. The following were not absent during the month: Amanda Eikenburg, Mary Burhen, Verna Heath, Minnie Eikenburg, Vina Zuendel, Eddie Heath, Carlos CLARA HEATH, Teacher. Heath.

-Mr. G. G. Butterfield, after an absence of two or three years to his old home in Westmoreland county, has moved back to Tionesta. We are man.

-Mr. Brush, who has been having a long seige of pneumonia, is yet confined to the bouse, but is improving in health. Mr. Quinn is' convalescing. Mr. Dairah has had an attack of the quinzy, but is now out again.

-We acknowledge the receipt of Floral Guide," for 1878. It is something which should be in the hands of The following is the challenge : every one who pays any attention to gardening or floriculture. These catalogues are forwarded twice a year to all customers of Mr. Vick. Address James Vick, Rochester, N. Y.

-It doesn't take very much to create a panic in town of this size. A ter wells to go dry and then there is a water famine. Just now there is a milk famine, nearly all the cows in town having taken a notion to go dry at the same time. Butter famines occur frequently, and egg famines are regular visitations. When our ship comes in, or in other words, when this becomes the centre of a large producing territory, we shall probably not be bothered with these minor annoyances.

-The attention of our readers is directed to the new advertisements in this issue :

Mr. H. H. Evans, well and favorably known here, has embarked in the boot and shoe business in Tidioute, and invites the public through our columns to give him a call when in any man in the world, and if buffalo that place.

Miller Bros. of Cleveland, advertise their Chemical Paint, which has been sold for upward of a year by Robinson & Bonner of this place, and who will continue to keep it. This paint has given perfect satisfaction here, and will undoubtedly have a large sale as

soon as spring opens. Solomon Byers advertises a

IMPORTANT ANNOUNCEMENT!

SOMETHING THAT INTERESTS YOU!

INSECURITY OF

OUR PUBLIC BUILDINGS

Prisoners Have Escaped !

Large Rewards Offered!

READ! READ! READ!

T is well known to all that during the past two years, in fact for years previous hard times has been gradually tightening his grip upon us; that our incomes grew "beautifully less," and as a result we must practice greater economy. Then the ques-tion arises, how can this be done? the an-swer to which has prompted the writing of this short article. Nearly two years since, we engaged in the Grocery and Provision business in this place, and how well we have succeeded in bringing the price of that class of goods to their proper value, as sold in neighboring cities, we leave to sold in neighboring cities, we leave the surrounding community to decide; enough for us to know that our business has increased beyond our most sanguine anticipations. To accommodate the libe-ral patronage extended to us, we have removed to the large and commodious rooms known as the Haslet Building, where we have largely increased our stock, both as to quantity and variety, having added Tinware, Boots and Shoes, Gloves, No-tions, and the staple articles of Hardware to our former stock of Groceries and Pre-visions, Flour and Feed. To parties purchasing of us in quantity we offer a liberal liscount on our low retail prices and will duplicate prices of goods in our line, wherever purchased. Cash paid for grain, 27 tf J. H. which he has taken up, which the owner can have by complying with the law in such cases made and provided.

Messrs. Kelly & Robinson advertise a sketch of some proposed legislation on the dog and sheep question. We hope to make enough money on the ad. to pay our dog tax for a few years, after which we suppose we will have to kill the dog.

Sheriff Shawkey advertises some valuable real estate for sale on the 28th inst. A rare chance for somebody to acquire some oil territory.

-As our lumbering business is not what it once was, a great many of our young men are obliged to seek work elsewhere, and naturally drift into the oil regions. When they come home for a holiday they tell some large sto- 27tf ries, and indeed some which cannot be fully believed without unbounded faith or further confirmation. Here is a story one of them got off on New Year's day :

"They had a mush and milk festival at Bullion. The yeomanry of surrounding districts was engaged in hauling milk to town for a week before the festival. A four thousand barrel tank was filled with mush, and the management flattered theruselves that the arrangements were complete, and that such a thing as getting short of mush or milk was one of the impossibilities. But, such was the rush of the people of the surrounding country, and such the popularity of the festival, that the milk was used up entirely in the early part of the evening. What was to be done? 'Necessity is the mother of Invention ;' they torpedoed a cow, and she commenced flowing milk at the rate of four hundred barrels per day. They attached some hose, and when a man wanted milk they inserted the nozzle in his mouth and turned on the stream. When he had enough all he had to do was to throw up his hands and the stream was shut off.

"But some folks never know when -Try Kuukal'z Perfumes for the they have enough, and some of this handkerchief. For sale at Boyard's, I class neglecting to throw up their state

For sale at Boyard's. -If you want a good article, buy Kunkel's Perfumes for the handkerchief. For sale at Boyard's.
