LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the
Presbyterian Church, on Sunday next
morning and evening. Sabbath School
at 3 o'clock P. M. Communion services
in the morning. Preparatory
services will be held in the church on
Friday evening.

—Dr. Blaine again puts his card be-
fore the public in this issue. Those
wishing his services will please notice
his office hours.

—There are counterfeit five-dollar
bills out on the First National bank of
Hanover, Pa. They are said to be a
good imitation, so look out for them.

—Advices as to the condition of Col.
Thomas are not flattering. At present
it looks as if it were only a matter of
a short time till we shall hear of his
decease.

—Remember the spring elections,
which come off next month. There
are several important offices to be
filled, and it is meet that good men
should be selected to fill them.

—Although the statement is not yet
official it is pretty nearly certain that
the Odd Fellows will move their place
of meeting to Partridge's Hall about
the 1st of March.

—A Democratic paper, called the
Leader, is being published in Titus-
ville. We have not yet received a
number of the paper, and are not pre-
pared to judge of its merits.

—Oil seems to be slightly on the
rise, but it is liable to rise and fall
several times before it reaches a pay-
ing price. A great deal of paper oil
is being bought and sold in the oil
exchanges.

—Powers, Gaston & Co., a heavy
boot and shoe firm, of New York, from
whom several of our merchants have
been in the habit of buying heavily,
made an assignment on Saturday last;
liabilities \$260,000.

—Geo. Holman, of Holeman's Flats,
was riding a horse which fell with him
on Monday last. We saw George yester-
day, and he wasn't absolutely cer-
tain but his shoulder was out of joint.
The shoulder was very badly swollen.

—P. S.—Dr. Coburn informs us that
George's collar bone was broken. It
was set by the Dr.

—Capt. Knox has an unusual
amount of "blood in his eye" just at
present, by reason of having been hit
in the eye by the branch of a tree, up
at his job on Piney Run, just below
the Blue Narrows.

—Mr. Jno. Jamieson, who has been
stopping at St. Petersburg for nearly
two years past, is at home on a flying
visit. He is looking well, but reports
business in the Clarion region a little
duller than usual.

—Now is a good time to buy winter
clothing and heating stoves. It's get-
ting nearly time for warm weather,
and the time to buy winter clothing
and fixtures cheaply is just before
spring opens.

—As will be seen in another col-
umn, the County Commissioners hold
appeals from the assessments. If you
have any objection to the valuation
put on your property, speak now, or
prepare to hold your peace, for a year,
at least.

—Gen. Harry White, Member of
Congress from this District, Senator C.
W. Stone, of Warren, and Representa-
tive J. B. Agnew, of this place, have
placed us under obligations for public
documents received during the past
week.

—The Jamieson stove mill is shut
down at present for want of bolts. The
firm has quite an amount of bolts in
the woods, which will be hauled in on
the first run of sleighing. The Derick-
son & Co. stove mill in town is shut
down for the same reason.

—Messrs. Fones and Darrah have
revived the telegraphing mania, and a
line is now in operation from the Drug
Store to Darrah's house. If Darrah
happens to find out anything of inter-
est, he can step to his instrument and
tell-a-Fones all about it.

—Some Pittsburgh parties arrested
Mr. T. B. Cobb, of this place, some
time since, for alleged perjury in an
affidavit of defence. The trial came
off in Pittsburgh last week and Mr.
Cobb was found "Not Guilty," and
prosecutors to pay the costs.

—The free pipe bill, which is before
the Legislature, will be valiantly sup-
ported by the Senators and Representa-
tives from or adjacent to the Oil
Regions, but will be bitterly opposed
by those from Pittsburgh, to which
city it would be very damaging. The
fate of the bill is uncertain.

—In these latter days, when timber
is not as plenty as it once was, it has
become necessary to take the timber
where it can be had,—not, as used to
be the custom—where it was the hand-
diest. Reck's and Knox's jobs are
cases in point: on both the timber has
to be taken down from very steep hills
precipices, almost, and the work is at-
tended with a great deal of trouble and
hard work, beside considerable dan-
ger. On Reck's job, one day last
week, a stick of timber was being let
down the hill, by means of cables, pul-
leys, grabs, and all the paraphernalia
in such cases made and provided, when
a remarkable accident happened. Paul
Blute's team was hitched to the rope
which held the timber, and which had
also a hitch around a large tree. In
some way the grabs, or one of them,
let go their hold, and the timber went
crashing down the hill, jerking the
horses at the first bounce, some twenty
to thirty feet down the hillside, and
just as they struck, gave them another
jerk which threw them fifty feet more.

On going to look at the bodies of the
horses, one was found, with his head
under a log, and not at all injured—a
little "shuck up, like," we suppose, but
nothing to disable him. The other was
found partly suspended to something
or other by means of his harness. In
cutting him down, due care was not
exercised to prevent him from strug-
gling, in which act he hurt one of his
shoulders badly. Had this not oc-
curred neither of the horses would
have been the worse for the accident.

—This is an open winter—a very
open winter; so much so that a person
buying a quarter of beef for home con-
sumption is pretty certain to have to
"corn" about three-fourths of it. The
rain falls with great regularity, and
our lumbermen are feeling rather blue
over the prospect, as, should there not
be a good run of sleighing before the
spring opens, it will cost them consid-
erably more to put their timber and
lumber into the water. This prospect
at the present price of our main article
of commerce is a rather gloomy one
to contemplate.

—P. S.—An editor always misses it
when he writes his weather items the
day before going to press. The earth
is covered with snow this morning and
mercury approximates zero.

—We had a call last week from Mr.
Thos. Ray, of the Clarion Jacksonian,
and Mr. John P. McCauley, who for
the past three years has been in the
employ of Mr. Chas. Cott, of Colum-
bus, O. Mr. R. reports the printing
business good in Clarion. We inquired
as to the condition of his brother,
Emery Ray, who was accidentally shot
some time since, and learn that he has
almost entirely recovered, but that
Young, the man who shot him, refuses
or neglects to pay the doctor bills, etc.,
incurred by reason of the wound. As
Mr. Young is abundantly able to pay
said bills, the law will probably com-
pel him to do so with costs and dam-
ages.

—To-day we publish the Court Pro-
clamation, Trial List and List of Jurors
for February Term of Court, which is
to convene on the 25th proximo. If
the list is gone through with we shall
have a full week of Court, which will
be a benefit to the town in general,
and the landlords in particular. Our
town then takes on a livelier aspect,
and reminds us of the time when the
lumber business was flourishing, and
our town the centre of a great indus-
try—as it will be again when times
revive.

—Every time we have a little rise
in the river, quite an amount of good
lumber and timber floats by our place.
Time was when all this would have
been caught by the "Arabs," who
made a good thing of it, as the "drift"
was hardly ever claimed, but when a
tolerably-sized raft was accumulated,
would run it to Pittsburgh, and sell it.
But now it is always claimed by the
owners, and the amount allowed by
law for securing and tying it up is not
enough to pay for the toil and trouble
experienced.

—They are going to have an odd
kind of a concert in Warren, on Mon-
day evening next, consisting of music
executed in Jamestown, N. Y., and
conducted to the audience at War-
ren by telephones. Verily the world
moves. We expect soon to hear of tel-
ephones being put up between the halls
of Congress and all the leading news-
paper offices of the land. Such a con-
nection would prove a valuable acqui-
sition to newspaperdom, and might
exert a healthy influence over Con-
gress.

—Niek Eichenburg got his right
shoulder put out of joint by being hit
by the limb of a falling tree, while
working on Wm. Reck's job last week.
Dr. Blaine put the shoulder in shape,
and Niek is out with his arm in a
sling. Reck's job is on Sugar Run,
about a mile below Lacytown.

—The Notice of Proposed Legisla-
tion in regard to the taxing of dogs
for the benefit of those having sheep
killed by them, has been discontinued
for the reason that we received a let-
ter last week in regard to the matter,
from Representative Agnew, saying
that the legislation proposed was un-
constitutional as a special law. He
sent us, however, the text of a bill for
a general law on the same subject,
which embraces all the points asked
for in the proposed special legislation,
and which will probably pass during
the present session. We believe the
bill sent us would be satisfactory to all
concerned.

—The following officers of Harmony
Grange, No. 529, Neillsburgh, Forest
Co., were duly installed on Saturday,

—We are in receipt of Ballou's Mag-
azine for February. It is always a
pleasure to read this magazine. It is
so sprightly and pleasant, and has
such a fund of excellent miscellaneous
reading, that every one has a chance
to find something that will suit his or
her taste. Tales, sketches, adventures,
poetry, humorous matter, engravings,
and all that goes to make up a first-
class magazine, are given. Published
by Thomas & Talbot, 23 Hawley St.,
Boston, at only \$1.50 per annum, post-
paid; and for sale at all the news de-
pots at 15 cents a number. Sample
copies of the January and February
numbers will be sent to any address on
receipt of twenty-five cents by the pub-
lishers; then, if you wish to continue,
it will only be necessary to remit \$1.25
for the balance of the year.

Prisoners Have Escaped!

Large Rewards Offered!

READ! READ! READ!

It is well known to all that during the
past two years, in fact for years previous
hard times has been gradually tightening
his grip upon us; that our incomes grew
"beautifully less," and as a result we must
practice greater economy. Then the ques-
tion arises, how can this be done? The an-
swer to which has prompted the writing of
this short article. Nearly two years since,
we engaged in the Grocery and Provision
business in this place, and how well we
have succeeded in bringing the price of
that class of goods to their proper value,
as sold in neighboring cities, we leave to
the surrounding community to decide;
enough for us to know that our business
has increased beyond our most sanguine
anticipations. To accommodate the liberal
patronage extended to us, we have re-
moved to the large and commodious rooms
known as the Haslet Building, where we
have largely increased our stock, both as
to quantity and variety, having added
Tinware, Boots and Shoes, Gloves, No-
tions, and the staple articles of Hardware
to our former stock of Groceries and Pro-
visions, Flour and Feed. To parties pur-
chasing in us in quantity we offer a liberal
discount on our low retail prices and will
duplicate prices of goods in our line,
wherever purchased. Cash paid for grain.
