"Your correspondent took a trip through the lower part of Forest county, and found those in the lumber business busily engaged in their work.

"Troutman boasts of baving the heaviest stick of timber ever brought to that landing. But I think Cooksburg is ahead, having the "boss" stick of timber on the Clarion river, being 100 feet in length, and containing 324 cubic feet.

"I think they have been using all the daylight since the snow fell in which take place on Tuesday next, drawing timber, for Judge Cook claims to have about 75,000 cubic feet of timber on the landing.
