-Attention is called to the new advertisement of the Brooklyn branch of the Goodyear Rubber Co. Many useful articles are advertised.

-There is talk of getting up a donation in Tionesta for Rev. Allen. Whether matters have been shaped to any certainty we have not learned.

-The spring time is almost here, and it might be a good idea for those fathers having fair daughters to repair their gates and put sharp brads on the top of them.

-Some five hundred bills have been introduced during the present session of our Legislature. As only a few of these are of general importance, a large number will not be acted on.

-The Indiana Progress thinks that if Harry White and Geo. Jenks are nominated for Governor by their respective parties, we shall have the same old fight over again, on an enlarged scale,

-To-morpow is St. Valentine's day. Look out for those highly-colored pictures with verses underneath. They have already commenced operations, and nearly everybody will probably be favored.

-A man named John Mitchell has been appointed Sheriff of Butler county by the Governor, to take the place made vacant by Sheriff Walter, who was ousted a short time since for illegally securing his election.

-The Stave Mill is running on full time, and bolts are coming in rapidly. The proprietors have contracted a large quantity of bolts and the probabilities are that the mill will be kept tory for oil purposes transpires, they busy for some time to come.

the Clarion Democrat is making quite that we cannot ascertain these things a figure in the Free Pipe Line business. He was sent by the Producers' keep our readers fully posted in this Council to Philadelphia and Pittsburgh to talk the matter up, and made the bill many friends.

-During the late snow teams came in from Crawford and Erie counties to do hauling in our lumber woods. There was plenty of work for them all by which he is known to all the rest,as long as snow lasted. Present indications leads us to believe that we will have another run of sleighing, which is generally called "Mrs." somebody, would suit everybody.

-From reports received and published from time to time, it will be seen that the public schools of our county are in a flourishing condition, and that a goodly portion of the pupils are steady and prompt in their attendance. That's the only way to acquire an education.

Tylersburg Topics.

TYLERSBURG, Feb. 12. ED. REPUBLICAN:-John Brown's body lies mould'ring in the grave, and Tylersburg goes marching on.

There is to be a big fight on election day to decide our township matters, and also a fight in regard to a Poor House in this county. Your correspondent don't desire a hand in either, The Presiding Elder will be present but prefers to live in some private fam-

The snow has gone, and you ought to see the lumbermen,-their faces are as long as a shot gun, and they look about as dangerous.

No oil this week, but in about ten days look out!

Rev. Payne is holding meetings at the Myers Church.

Yours, JEFF.

-Court week comes on apace. Then is the time when our subscribers come in to settle up their accounts in such numbers that we can scarcely find places to put the money. But don't let any one hesitate on this accountsome of our neighbors are poor, and we will pass over any money we don't | Feb. 13: need to them.

-We would be obliged to those of our friends who reside near where oil operations are going on within our county, if, when any new wells are started, oil struck, or anything definite in regard to the development of terriwould drop us a line or send us word. -Hon. R. B. Brown, formerly of Our business keeps us so close at home by personal visits, and we desire to particular.

-A Brookston correspondent sends us the following item of local news:

"Last Monday (5th inst.) the oldest | tf. child of John Hollquist was severely burned during the absence of Mrs. H. It seems that Mrs. H, went out to call on her near neighbor, leaving the children alone in the house, and on her return met her oldest, running out of the house with his clothes on fire. She tried to smother it with her dress, but failing in that, threw him in the snow and rolled him over until she had exa goodly amount of provisions and tinguished the flames. It is thought the child may recover."

-The boys in the lumbering shanties, after working hard all day, have considerable sport among themselves in the evening. Each has a nickname some of them descriptive, some ridiculous and some scandalous. The cook and one of these hash-slingers got up a dish the other day which he called "miraculous pudding," consisting of cold buckwheat cakes chopped up, potato parings, cold beans, and other like ingredients. The pudding was too rich for the stomachs of the lumbermen, and had to be thrown out.

"Your correspondent took a trip through the lower part of Forest county, and found those in the lumber business busily engaged in their work.

"Troutman boasts of baving the heaviest stick of timber ever brought to that landing. But I think Cooksburg is ahead, having the "boss" stick of timber on the Clarion river, being 100 feet in length, and containing 324 cubic feet.

"I think they have been using all the daylight since the snow fell in which take-place on Tuesday next, drawing timber, for Judge Cook claims 19th inst. A great many important to have about 75,000 cubic feet of timoffices are to be filled, and the best ber on the landing. Knowing the material we have should be used.
