LOCAL AND MISCELLANEOUS.

Council Meeting.

Members of the Boro Council will please remember that a meeting will be held at the Commissioners' Office on Saturday evening next, at half-past seven o'clock.

—Rev. W. O. Allen will preach in the M. E. Church next Sunday, morning and evening. Services to commence promptly at 11 o'clock A. M. and 7 P. M.

—Gen. Harry White our present Congressman, is to-day announced as a candidate for Congress, subject to Republican usages.

—C. H. Church, Esq., of Hickory Township, is to-day announced as a candidate for Jury Commissioner, subject to Republican assages.

—Mr. John Heath, of Jenks Township is to-day announced as a candidate for Jury Commissioner, subject to Republican usages.

—Mr. Wm. Richards has the main part of his house up and the roof on. When finished it will be a very substantial and desirable property.

—Mr. John Reek has had his house newly painted, and has put outside shutters on the windows thereof, which the same adds materially to the looks and value of the property.

—Pettingill's Newspaper Directory, the most complete work on this subject yet issued, has been sent us. It should be in the hands of every newspaper man and every extensive advertiser.

—Mr. Robinson is finishing up his wood and coal house in good shape, and is treating his residence to a complete new coat of Miller Brothers' Chemical Paint—undoubtedly a good article.

—Dr. J. E. Blaine, of Tionesta, and Maj. Jno. Woodcock, of Neilltown, are announced in last week's Press as candidates for the Democratic nomination for State Senate.

—Among the numerous arrivals in town, we notice that W. W. Mason, Esq., of Edenburg, formerly of this place is attending court. He looks well, and is warmly greeted by all his old friends and clients.

—In talking with our farmer friends, we learn that the fruit crop is not so badly injured as was at first feared. It is now thought we will have a half or two-thirds of a crop. Half a loaf is better than none. The wheat, we believe, is not injured materially.

—Dr. Coburn informs us that a son of Mrs. Patterson, of Whig Hill, aged some 10 or 11 years, died of diphtheria, on Thursday last, 16th inst. A little girl, sister of the deceased, also had the same malady, but we believe she is recovering.

—Dr. Towler, who has recently been operating about Marienville, is in town this week, and talks of resuming operations in that neighborhood shortly. Verily, the Doctor hath more than a mustard-seed's worth of faith, and his sand runneth not out; he smelleth the oil afar off, and he shaketh his mane and crieth ha! ha!

—All sorts of weather has been experienced in this latitude for the last week, and on going out for a day's ride it has been a question whether to take along an ulster or a duster. On Monday the weather was oppressively warm, and in the evening we had a hard shower, copiously interspersed with thunder and lightning. Yesterday was quite moderate, and to-day—well, we'll tell you more about it next week.

—A young man who occupied the position of book-keeper of the First National Bank of Warren is a defaulter in some \$2,000. He embarked in one of these "cheap" printing offices, in Warren, and came out at the small end of the horn. We know of other establishments that are doing printing for much less than they can buy stationery and pay rents. However, if they and their creditors can stand it we will try to.

—Davy Hilands shipped 500 pigeons to New York this morning,—the first that have been shipped from this station for some time. The trappers are now operating near Brookston and also about Kane, and altogether the pigeons get no rest at all. It is a wonder that there are any left for seed. Representative Agnew informs us that the game law, as amended this session, will probably prevent non-residents from trapping in this State hereafter.

—Ladies' and Children's Linen Suits at the Acomb Building.

Fair Warning!

Next week's paper is the last issue in which to start an announcement, to give it three full weeks previous to the primaries, as required by the Crawford County System. So, therefore, all ye that are willing to serve your country, please take due notice, and send in the names, offices desired, and—and—the particulars, &c., &c., previous to next Wednesday, the 29th inst.

—The Derrick has come out squarely against the Republican State ticket. Truly this is a strange reward for the herculean efforts put forth by Senator Stone, who is now on the ticket, to get the Free Pipe and Anti-Discrimination bills through the Legislature. The votes on these bills all show a majority of the Republicans of each House in favor of the bills. The House vote on the Anti-Discrimination bill was as follows: For the bill, Republicans, 48; Democrats, 17; against the bill, Republicans 34; Democrats, 32. Outside of Philadelphia only six Republicans voted against the bill. In the Senate the Democratic Lieutenant-Governor, Latta, killed for the session the Free Pipe bill which had passed the Republican House, by a decision that, a similar bill having failed to pass the Senate this session, the House bill could not be considered. Of course it will help matters materially if, with the aid of the producers, the outspoken opponents of these bills get into office.

—We are under obligations to D. W. Clark, Jr., for complimentary tickets to a home entertainment, to be given at the Grandin Opera House, Tidouste, Pa., on Friday evening next, for the benefit of the Hunter Hose. On that occasion the drama entitled "Don Cesar De Bazan," will be given, to conclude with the laughable farce, "His Last Legs." The characters are taken by home talent, and the entertainment will undoubtedly be a very enjoyable occasion. We hope the Hunter Hose will have a goodly sum deposited to their credit as the result of the entertainment. Prices of admission, 50, 35 and 25 cents.

—Peterson's Magazine for June is on our table in advance, more than maintaining its well-earned reputation of being the best and cheapest of the ladies' books. The principal embellishment is a splendid steel engraving, "The Freshet," illustrating a powerful story by Emma Garrison Jones. Then there is a double-size colored steel fashion plate, with five figures; a large-sized pattern for a tidy in crochet; and about fifty wood engravings of fashions, patterns for the "Work Table," etc. Besides all this, there is a Supplement, containing two full-size patterns, one for a boy's suit, the other for a lady's mantle; this Supplement alone is worth the price of the number. Peterson still keeps up its reputation for giving the best of stories, all original. "The Orphans of Oldham," the principal of five novelets published this year, is, perhaps, the best ever written by its accomplished author, Mrs. Ann S. Stephens. No family ought to do without this magazine. It is only two dollars a year, postage free, and so is within the means of every one. To clubs it is cheaper still, with a premium to the person getting up the club. Now is a good time to subscribe, as a new volume begins with the July number. Specimens sent, gratis, to the persons wishing to get up clubs, or to subscribe. Address Chas. J. Peterson, 306 Chestnut Street, Philadelphia, Pa.

FERVENT WORDS.

A GOOD WOMAN'S TESTIMONY.

Under date of February 22d, 1878, Miss Sara T. Smith writes from Linwood, Delaware county, Pa., to Col. Dunbar, of Waukesha, Wis. The letter is before us. It bears the unmistakable evidences of culture and refinement, besides being pervaded with the writer's religious feelings and full belief that a Divine hand led her to try Bethesda water for her affliction, "Bright's disease." We make some extracts. After detailing her intense sufferings, Miss Smith tells of the arrival of the first gallon of Bethesda water:

"It came, and I followed the directions, stopping all other medicine. In less than four hours the pain was gone. I slept well that night, and the next day left my room for the first time for four weeks." The supply of water (1 gallon) then gave out, and it was five days before the sufferer received a 10 gallon keg. Meanwhile, "the pain had returned and all the old misery. On Wednesday night (February 13), I suffered so that I was given 1 of a grain of morphia (the most I ever took at one time) without effect. On Thursday I commenced drinking the water at 8 A. M., and before noon was perfectly free from pain, and had no return of it."

The writer, in conclusion, says: "There is something peculiarly happy in the thought of being thus benefited directly by the hand of God." Sole agent for Pennsylvania, Ohio and West Virginia, JOSEPH FLEMING, 84 Market street, Pittsburgh, Pa. Send for Pamphlets and Certificates, mailed free.

HARD PAN PRICES.

Only One Price for Cash, and a low one. NO DEVIATION.

We give no discounts.

We pay no agents' commissions, which double the prices of all pianos.

We look to the People, who want a first-class Piano at fair profit over cost of manufacture. We appoint the People our agents, and give them our Pianos as low as any agent can buy equally good Pianos of any other manufacturer, giving the People, in a reduced price, what is usually expended in commissions, rent, freight, traveling and incidental expenses.

The "Mendelssohn" Piano Co. can sell you a 7 1/2 octave rosewood case Piano, 6 feet 10 inches long, with front round corners, carved legs, serpentine and plinth mouldings, with improvements, including Full Iron Frame,

Over Strung Bass, Agraffe Treble, and French Grand Action,

which only accompany the best Pianos of the most celebrated makers, at the very low price of \$250, \$275 or \$300, according to style of case, or with four round corners and full agraffe for \$350, and guarantee them in every respect equal to any Piano made of similar style, or no sale.

The "Mendelssohn" Piano is manufactured from the very best materials, and by the most skilled and finished workmen. The manufacture is conducted by one of the most experienced Piano manufacturers in the country. This is no new enterprise, turning out a poor and cheap piano, made from green wood, and by greener mechanics.

Our Piano is unsurpassed by any in the market for its rich and powerful tone, and its adaptation to the human voice in sympathetic, mellow and singing qualities. It speaks for itself.

We are willing to place it beside any other make of Piano on its merits, either in beauty of case, or excellence of tone, and "at half the money" of equally good instruments.

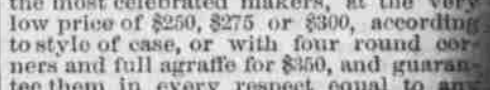

"The best the cheapest!"—When it costs the least money.

All Pianos fully warranted for five years. Send for our Illustrated and Descriptive Circular.
