LOCAL AND MISCELLANEOUS.

NOTICE.

By instruction of the Republican County Committee, I hereby appoint the Gill School House, in Green Township, for parts of Green and Kingsley Twp., and the Balltown School House, in Howo Township, as additional Republican Primary Election houses, for the Republican Primaries of June 22, 1878.

—Rev. W. O. Allen will preach in the M. E. Church next Sunday, morning and evening. Services to commence promptly at 11 o'clock A. M. and 7 P. M.

—Mr. Brush is farming a good share of the vacant ground around town, and the prospects are that he will have corn to sell in the fall.

—In the Clarion Democrat we see a notice of the marriage of Mr. Robert Shriver, of Newmarket, to Miss Emma Woodington, formerly of this place. Joy go with them.

—The German iron-clad, Groszer Kurfurst, was sunk by collision with another iron-clad, in the English Channel, near Dover, on the 31st ult. Some 300 lives were lost.

—Mr. Robinson still continues to improve his residence. He is now engaged in putting a couple of bay windows on the main part, which will add materially to its looks and comfort.

—The Edenburg and Elk City districts, last summer the liveliest places in this section of the State, are at present very dull; so we are informed by a gentleman from the latter place.

—The Yellow Jacket, a neat little amateur publication, printed on yellow paper, was sent us last week. It was gotten up by Mr. Walter F. Jones, of Tidouite, and seems to be well patronized.

—The new School Board was organized on Monday evening, by the election of Mr. D. W. Clark as President, and J. T. Brenna, Esq., as Secretary.

—A big pigeon shoot, under the management of Messrs. W. B. & H. G. Davis, is to take place at Petroleum Centre, to-morrow and next day, June 6th and 7th. Over nine hundred dollars in prizes will be awarded.

—The Governor has commissioned Mr. J. T. Brenna, of this place, as Justice of the Peace, in place of Capt. Knox, resigned. Mr. B. is well qualified to fill his new position with credit to himself and the community.

—Wealthy people and people with good credit are enjoying strawberries, radishes, new cabbage and tomatoes, brought in from neighboring cities.

—An agent with a fountain pen was in town on Monday, and by hard work managed to dispose of about half a dozen. Had the times been as good as they were before the panic he would undoubtedly have sold quite a number in town, as the pen is unquestionably a good article.

—Those who have been circulating about the county, and who have given the subject attention, predict that squirrels will be numerous here this year, because they are rather plenty in the beech woods now. This will be good news to the average sportsman, provided always, that these predictions are verified.

—The new moon has taken up a position several degrees further north than usual, and some of our weather prophets tell us that this is a sign of severe frosts. It is to be hoped that the sign will fail in this particular instance; we don't need a June frost this year.

—The change in the Railroad Time Table, by which we are to have the through trains, between Pittsburgh and Buffalo on our end of the road, has not as yet been effected, owing, it is said, to the fact that the connections between this road and the Warren & Dunkirk have not yet been completed. It is bound to come, however, and that soon.

—We have received from Mr. C. L. Hanna, formerly of West Hickory, a copy of the Banner, published at Boulder, Colorado, which contains the following personal notice: "Since Charley Hanna has been declared a father he has ordered a car load of baby carriages. It is a wonder how some things will prey upon the mind."

DIED.

ROBERTS.—In Tionesta, on Saturday evening, June 1st, 1878, Perry L., son of W. J. and Teresa Roberts, aged about 19 years.

The subject of the above notice was ailing for something over a week before his death, but was not considered seriously ill until Friday last, when, our home physicians being absent, Dr. Davis, of Oil City, was telegraphed for. He arrived on Saturday morning, and on seeing the patient at once pronounced it a case of small-pox. Dr. Blaine arrived home in the afternoon, and took charge of the case.

Considerable alarm was manifested throughout the day, and on Sunday morning the community was shocked to learn that Perry had died during the night. It appears that he was feeling somewhat better, and had been talking to his father, expressing his regret that he had brought into the family this dangerous malady, and lamenting that they had sent for his mother, who was absent, at the sick bed of her mother. In the midst of his talk he put his hands suddenly to his breast, and remarked that he had a strange feeling there, and before his father could get to him he was dead. Dr. Blaine was sent for, but on his arrival at the house he pronounced the young man a corpse. He was buried on Sunday morning by the family and a few friends, the neighbors not coming out for fear of contagion. Excitement was at its height during the day, the church was slimly attended, and no Sabbath School was held in the Presbyterian Church. It is not known whether any one was exposed at a time when the disease was at a contagious stage, but time will probably tell that. In the meantime, all precautions are being taken to prevent the taking or spreading of the dread disease. The school has been temporarily discontinued, and the physicians are busy vaccinating people of all ages. Dr. Blaine informed us that he vaccinated upward of fifty persons yesterday, when his virus was exhausted, and he was obliged to send for more, which has probably reached him by this time. The boro authorities are doing all in their power to secure the town against the possibility of a general contagion, and it is to be hoped that we will have no more cases in town.

The deceased was a stout, robust young man, and according to all human presumption, was destined to live to an old age; but strength and vitality appear to be of no avail when this disease attacks them.

The stricken family have the heartfelt sympathy of the entire community.

—Morris Einstein is short the price of a suit of clothes. It happened thus: On Saturday evening, about 10 o'clock, a strange young man entered the store, and stated that he desired to buy a complete suit of clothes. Of course Morris was at home, with his reception smile on, and soon had the young man completely rigged out from top to toe, from hat to boots. He gave the young man low prices, in fact, sold "by the invoice." After getting fairly into his new rig, the chap desired Morris to tie up his old clothes, and while he was at it, this fair young man with a false, false heart, slipped out the front door and shinned it down the street toward the creek. Morris laid down that bundle, and went after the misguided youth, but alas, the gap was too great, and he faded away in the gloom like the baseless fabric of a vision. The young man had stocked the cards, dealt himself four aces, and raked in the pot. Morris is out some twenty-five dollars by the transaction, and is anxious for a new deal. He represented that he had been working on Knox's job, but we believe this statement was slightly inaccurate.

—The County Commissioners have erected a neat fence on the wall in the rear of the Court House. We are informed that it is their intention to build a vault in the Commissioners' office, the same having been recommended by two Grand Juries. The recommendation we believe to be a good one. Certain it is that the books and papers of that office are of great value, and should they be destroyed it would be a great loss to the county as well as the tax-payers. By all means let the vault be built.

—Circuses are traveling all around us, but none have been fit to stop here, which is undoubtedly a good thing for the average citizen. It is not at all likely, however, that we will get clear through the season without a circus in town.

—We notice that Dr. Blaine has withdrawn from the canvass as a candidate for the Democratic nomination for State Senate. We can now make another prediction as regards the Democratic nominations, and that is, that we have good reasons for believing that Maj. Woodcock will be the nominee for State Senator, so far as this county is concerned. Major, we would rather see a straight-haired Republican occupy that seat, but if we must have a Democrat, there are not more than half a dozen Democrats in the District that we would sooner see take the position than yourself.

—The Treasurer's Sales take place on next Monday, and the Treasurer, assisted by Messrs. Brennan and Butterfield, is busy getting things in shape for the sales. There are some valuable lands on the list, and no doubt many of these tracts will go to sale. Such lands are good investments in these times, when capital is lying dormant for want of a safe place to put it out. We have received word from some parties at a distance owning lands in the county, that they intend to be on hands. It will be noticed by an advertisement in another column that \$5,000 of the outstanding county bonds are to be redeemed shortly after the sales.

—At a meeting of the Boro Council held on last Saturday evening, Mr. Smith Foreman was appointed by the Council to build, or cause to be built, forthwith, those sidewalks which the owners or occupants of the property have neglected or refused to build or repair according to notification. Those who wish to save the additional expense entailed upon those whose walks have to be built or repaired by Mr. F. should proceed at once to do it themselves. It is the intention of the boro fathers to have good sidewalks in this borough, and it is altogether probable that their intentions will be carried out.

—Attention is called to the new Boro Ordinance, published in another column. It will be seen that it is made the duty of the Council to appoint a Medical Health Officer and a Sanitary Committee, to take measures to carry out the provisions of the ordinance. At a meeting held on Monday evening last, the Council appointed Dr. J. E. Blaine Health Officer, and the Burgess appointed Messrs. A. B. Kelly, G. W. Bovard, J. A. Proper, Wm. Richards and N. S. Foreman Sanitary Committee. Undoubtedly this board will so conduct its business as to result in the physical well-being of the inhabitants of Tionesta.

—Another insane attempt was made upon the life of the Emperor William, at Berlin, a few days since, by one Dr. Nobling, who fired at him from the second story of a house, with a shotgun loaded with buck-shot and small shot, part of the load hitting the Emperor in one arm and in the cheek. Before being taken the assassin attempted to commit suicide, and inflicted injuries upon himself which will probably prove fatal. It is believed that the Emperor will recover.

—Mr. Jno. Osgood, of Newtown, informs us that Mr. Mat. Elliot and himself took a little trip up Salmon Creek a short time since, and in one day caught eleven pounds of trout, 233 by count, stopping at four o'clock in the afternoon. We believe this is the largest catch made in the county in one day by two persons since the season opened. We publish a letter to-day which tells about larger fish of the same variety, and also some small whales of the catfish kind.

—Kunkel's "Des Fleur De Alpes," a delicious perfume for the handkerchief. Price 75 cts. per bottle. Do not waste your money on "cheap" perfumery; the best is the cheapest. For sale at Bovard's.

For Sale, or To Let on a long lease for improvement,—or will be exchanged for Philadelphia property: the quarter-acre lot on Elm street adjoining the Court House. Is eligible for building purposes. Apply to S. D. Irwin, Esq., Tionesta, Pa.

For Sale. Thirty acres of good land, the upper part of the Waldo Farm, on Stewart's Run, Venango Co., will be sold cheap for cash. Apply to W. RICHARDS, Tionesta, Forest Co., Pa.
