LOCAL AND MISCELLANEOUS.

—Rev. Elliot will preach in the Presbyterian Church, on Sunday next, morning and evening. Sabbath School at 3 o'clock p. m.

—Mrs. Cobb's school started up again on Monday last. All danger of small-pox is now thought to be over.

—Mr. J. T. Dale, who, in company with Mr. Jno. Jamieson, is running some wells in Butler county, came home to vote last Saturday, and will return to his labors this week. He is looking and feeling well.

—The School Board met on Monday evening last, and settled with Fred. Kopman, who paid off the duplicate in full. Another meeting will be held this evening, when the annual settlement will be had.

—Perhaps it might be well to state that the Fourth of July occurs next week, and that, unless there is a pigeon shoot, there will be nothing special going on in town on that day. We shall issue next week, and take our vacation the week following.

—The building of sidewalks goes bravely on, and would have much further advanced had the weather been favorable, but we have had so much rain recently that it has been impossible to build sidewalks or do any outdoor work much of the time.

—Hon. W. C. Plummer was nominated for Congress on the Greenback ticket, at the convention recently held in Meadville. There is no doubt but he will receive the nomination in the district,—and be defeated in November.

—Prof. Monday lost the first joint of a long pipe-stem in town last Saturday, and it is of such a make and shape that he cannot replace it easily. If any one happens to find it they will confer a favor by leaving it at this office.

—We neglected to state in our report of the Democratic nominations last week, that Maj. Jno. Peterson, of Trunkville, had received the instructions of the Convention for Congress. We believe the Major does not contemplate making a fight for the district nomination.

—Somebody has been stuffing non-resident property owners, with the idea that the present council is discriminating against them in the matter of building sidewalks. The idea is a false one; all sidewalks will be put in proper shape, and new ones built where needed, as fast as Mr. Foreman can do it.

—Mr. McClure informs us that Mr. Brooks at Brookston has a telephone in operation between his store and office, and that it transmits sound so accurately that one can readily distinguish any voice with which he is acquainted. We are not aware of any other telephone being in operation in the county.

—"The Nursery" for July has put in an appearance. It is filled with the best and most interesting reading matter for children. It is a beautiful and useful little periodical, and should find a place in every family where there are young children. Terms, \$1.60 a year, postage paid. Address John F. Shorey, 36 Bromfield St., Boston, Mass.

—The show has been, and gone, and the bill-board on the front of the stove-mill lot will soon cease to obstruct our view of the back channel. The exhibition was a very fair one, with much the same programme as last year, except that the tumbling was not quite as good nor as varied. It was conducted in an orderly manner, and the proprietors settled all bills promptly. The chap who sells prize packages reaped a rich harvest. Last year he had two or three victims, but so far from deterring others from investing in his wares, it seemed to stimulate them to greater efforts, and we suppose there were upward of a score of persons who picked on the wrong box, and paid from five to twenty dollars for their experience. We suppose if this man visits us next summer he can charge an admission fee to his entertainment, and bankrupt the country. Well, such is life; and we can only hope that this eloquent gentleman with the taking ways will favor us hereafter by staying away from our borders. Our hotels did a good business and it is a comfort to know that although a great deal of money was taken out of town, a little was left so that the inhabitants may not forget what it looks like.

County Notes—Here and There.

BY THE WAY, June 22, 1878. EDITOR REPUBLICAN:—A few days since I had occasion to traverse a portion of the County of Forest, and while on the way I observed various things which I thought not unworthy of record, and that would be of some interest to your readers. Clarrington being a point in my line of travel, I note what I observed there: William Shields, Esq., (and who, by the way, is legally entitled to the appellation of Esq.) has partially enclosed his house and adjoining lot with a handsome picket fence, thereby adding to the aesthetic as well as pecuniary wealth of the village.

J. B. Pearsall, as of yore, still supplies the surrounding country with all the various articles he needs in the way of store goods at very reasonable rates. Mrs. Reed, wife of P. G. Reed, who formerly resided here, is now living in town.

Rev. Payne held a two days' meeting at Clarrington, commencing the 15th of June. The meeting was held in the church. Some were in attendance from quite a distance. One young man we heard of who had traveled 16 miles to get to meeting. We felt like congratulating that young man until we overheard him remark that he'd come to see the girls!—then we felt like congratulating the girls, whose attractions could bring a young man 16 miles on foot, and through the rain, at that.

Our friends of the United Brethren Church, in Barnett, are rejoicing over the advent of their new minister. We have not learned his name. At Greenwood the people have raised a new church building. Not grand or imposing will the structure be, but suitable and convenient for the purpose for which designed.

Miss Jennie Shields is teaching the school at Greenwood. Despite the low price of lumber and discouraging figures at which boats are quoted, the hills and dales of Troutman echo the sound of the saw, broad and narrow ax, mallet and caulking chisel.

Miss Callista Hillard is teaching the Fitzgerald school; J. Q. Sweeney the Clarrington school; Miss Carr Pleasant Grove and Miss Sallade Sugar Grove. The School Directors will meet on the 25th inst., to let the building of a school house at Cooksburg.

The bridge at the mouth of Coleman Run will be put up as soon as the stage of water in the run will permit. Meanwhile, the saw mill of Thompson & Darr is "on the go."

The good people of Barnett have been visited; and the cigar of the candidate is a pleasant memory of the past. While at Clarrington we noticed a new building on the opposite side of river, and upon inquiry learned that 'twas erected as the beginning of a woollen factory. It was in an unfinished state, and when it is to be completed we did not learn. It stands at the mouth of Berringer Run.

Leaving Barnett we entered the edge of Clarion Co. Farming seemed to be the chief thing on the tapis. We saw some fine fields of grain. Learned that a literary society had been organized and was in pretty successful operation at Red Brush school house.

"ONCE IN A WHILE." —H. H. Evans would say to the Ladies and Gentlemen of Tionesta and vicinity when visiting Tidioute, if in need of anything in his line, to give him a call, and he will show you as fine a stock of Men's Hand-Sewed Shoes and Boots, Ladies' and Misses' Fine Kid Walking and Opera Slippers, and Burt and Gray Bros. French Kid Button Boots for Women and Children's wear as you will find in many larger towns, and will sell them at prices that will induce you to come again. Remember the place, Girard Block, sign of the Big Gold Boot.

P. S.—He keeps a full line of Ladies' Underwear, Children's Suits, Hosiery, &c. 14-17

BOOTS AND SHOES. The people of Tionesta and Forest County generally, can save enough on a very small purchase of Boots and Shoes to pay for going to Tidioute and purchasing from D. C. Gillispie. Being the only exclusive Boot and Shoe Dealer in the place, and underselling all other parties who handle these goods, he can make it an object for any one to give him a call. And don't you forget it. 14-31

Consumption Cured. An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper, W. W. Sherar, 149 Powers Block, Rochester, N. Y. 14-cow-1y

"I Must Lie Down and Die." [From the Pittsburgh Leader, March 23, 1878.] The following is an extract from a letter dated July 21, 1877, to the discoverer of Bethesda Water. The writer is the Rev. T. B. Fuller, D. D., D. C. L., Rector of St. Gregory's Church, Toronto, Archdeacon of Niagara, etc., etc. The writer, at the age of 60 years was a victim of Sarcosine Diabetes. His physician said (to use Dr. Fuller's words) "he could do no more for me than he had done; that my disease was incurable, and that I must lie down and die." [We would state here, in parenthesis, that our townsman, Joseph Fleming, Esq., is the sole and only authorized agent for this wonderful water for this State, as well as for Ohio and West Virginia.] To return to Dr. Fuller: "In four days," he writes, "after taking the Water, I obtained relief, and since that time I have taken no medicine, consulted no medical man, and presume, if I could give myself reasonable rest, I would be quite well."

Such testimony, from such a source, should indeed have convincing weight. Sole agent for Pennsylvania, Ohio and West Virginia. JOSEPH FLEMING, 84 Market street, Pittsburgh, Pa.
