LOCAL AND MISCELLANEOUS.

No Paper Next Week.

As intimated in our last issue, we shall give ourself and subscribers a rest next week and issue no paper.

—Rev. W. O. Allen will preach in the M. E. Church next Sunday evening. Services to commence promptly at 7:30 o'clock P. M.

—The bank was subjected to a general scrubbing out yesterday; in other words, Mr. Kelly had a bank-wet.

—England and Russia have put on their coats again, and matters across the pond wear a serene and peaceful prospect once more.

—The Republican party made the greenback, has maintained its credit, will make it as good as gold, continuing it as part of the permanent currency of the country.

—Mr. Robinson has thrown out a pertico on the north side of his house, and Mrs. Conner has had a door cut in the front side of her office and residence.

—It is now lawful to catch bass and those of our citizens who have been holding themselves in for fear of breaking the law, can now let go their hold, and go fishing as soon as they please.

—The young Queen of Spain died last week, of gastric fever. The news of her death was received with profound sorrow and sympathy throughout all Europe.

—Though failing, in some respects, to equal the Centennial Exposition at Philadelphia two years ago, the Paris Exposition is voted a success, and the attendance, already large, is increasing daily.

—Oil closed on Monday evening at 96 1/2 cents. This kind of price makes hard times in the oil regions, and unless the market advances we needn't expect developments to amount to much in Forest county this season.

—A gentleman named Andrews, who was visiting in Warren, was shot by a burglar in his room, one evening last week, the bullet entering the breast and making a severe flesh wound. The burglar escaped, and Mr. A. will recover.

—The primary campaign is over, and just in time, too, for the heated term has since swooped down upon us in a manner, which, if it had come when the passions of candidates and partisans were raging, might have resulted in disastrous consequences.

—Consumers of the "weed" may be interested in the fact that Congress, before it adjourned, reduced the tax on tobacco to sixteen cents a pound. It is not probable, however, that the smokers and chewers will be benefited as largely by the reduction as will the dealers.

—Mercury approaches par, and the Indians are getting on the war-path again. The disaffection is said to have been caused by the dishonesty of Indian agents—at least that is the view expressed by a prominent army officer. Perhaps a few of these agents' scalps, worn at the belt of the Great Father at Washington, might help matters some.

—Alex. Dale and Floyd Proper, who have been absent at school for some months past, put in an appearance in town on Friday last. Alex. has been attending Buchtel College, at Akron, O., and Floyd has been picking up knowledge at Randolph, N. Y. Now is the long vacation, and the boys can put in a good time hunting and fishing before returning.

—Hon. M. S. Quay, Chairman of the Republican State Central Committee, has taken rooms at the corner of Tenth and Chestnut streets, Philadelphia, which will be headquarters for the committee during the coming campaign. Colonel Lucius Rogers will act as Secretary, assisted by Sullivan S. Child, of Harrisburg. The intention is to make the campaign a most vigorous and effective one.

—Prof. Monday's mother arrived from Germany a short time since, and is stopping at present with Mr. Frank Monday, a couple of miles below town. She brought with her a second piano for the Professor—a large concert piano, of which he seems to think a great deal. It is the intention of the Professor and his mother, we believe, to go to housekeeping in Pleasantville, soon.

—It is a great pity that our Legislature couldn't let our game laws alone, or else consult with farmers and others interested, to know whether the laws they propose to enact are for the good of the public or not.

—The bank was subjected to a general scrubbing out yesterday; in other words, Mr. Kelly had a bank-wet.

—The Fourth of July occurs to-morrow, but the eagle screameth not in Tionesta. The days of glory and gunpowder, firecrackers and patriotism, seem to have given place entirely to political agitation and argument.

—Payne and other parties are making preparations to hold their staves until winter and then run them across to Eagle Rock on the ice.

—We think it would be the part of wisdom for the Republican party of this District to settle on a man to run for the office of State Senator, as this may be our year.

—The School Board of this place met on Wednesday evening last, and settled with the Treasurer. They also decided to have eight months of school during the current year, to commence on the first Monday of September.

—Mr. Aaron Elliott, of Newtown Mills, desires us to inform our readers that he has taken the agency for Forest County, for the Remington Sewing Machine, one of the standard machines on the market.

—As a witness, Mrs. Jenks is nearly as great a success as Moulton, the "mutual friend." She has not only succeeded in baffling Butler, but has utterly confounded Potter and his committee and brought to light some of the devious doings of the Democratic party in Louisiana.

—Happening to be on the up train on Thursday morning last, we encountered a portion of Hilliard & Hunting's show, and were surprised and grieved to have the young man who tumbled so nicely, turned summer-saults on horseback, rode bareback, etc.

Tylersburg Topics.

[The following letter was received on Wednesday last, too late for insertion. However, as some of the "topics" are of general interest, we give it to our readers.—Ed.]

TYLERSBURG, June 24, 1878. Tylersburg is on a whirl and everything Democratic; [we pray for the reform of Tylersburg.—Ed.] the rain is over and peace is declared.

Green Bros. are selling more goods for the same money than any other man excepting D. Bowman, who never fails to get all that is coming.

Dr. McCormick has built a very fine Drug Store, the nicest in town; glass front, brick chimney, and not marble floor; to be lighted with gas.

The cheese-peddler who put down a well at Haskell's Mill, has returned to Crawford Co., and engaged in his former occupation.

George Albaugh is at Payne's Mill, sawing staves. He is a very thorough Sawyer.

Payne and other parties are making preparations to hold their staves until winter and then run them across to Eagle Rock on the ice. Payne says he will not let the Tionesta Bridge Co. bulldoze him.

A new oil rig is to be built one-fourth of a mile from our place, and a well sunk immediately. Come up, Forest County men, and invest on the belt.

REMARKS.

After the reception of the above letter, we interviewed a member of the Bridge Company on the subject of excessive tolls, and his explanation of the affair was that the stave men were given special rates of toll to carry staves only, but they had taken advantage of the rates to haul a return load of freight.

But alas! this explanation is somewhat neutralized by a gentleman who claims to be posted, and who tells us that the stave men have always paid full fare, when they hauled a return load of freight, and in many instances have been charged fifty cents, the full fare for a round trip.

—H. H. Evans would say to the Ladies and Gentlemen of Tionesta and vicinity when visiting Tidioute, if in need of anything in his line, to give him a call, and he will show you as fine a stock of Men's Hand-Sewed Shoes and Boots, Ladies' and Misses' Fine Kid Walking and Opera Slippers, and Burt and Gray Bros. French Kid Button Boots for Women and Children's wear.

—Happening to be on the up train on Thursday morning last, we encountered a portion of Hilliard & Hunting's show, and were surprised and grieved to have the young man who tumbled so nicely, turned summer-saults on horseback, rode bareback, etc.

—Robinson & Bonner have a large invoice of Men's, Women's, Misses' and Children's Shoes, at as low prices as Oil City or Tidioute. Call and see.

—Robinson & Bonner sell the Singer and Domestic Sewing Machines at low prices.

—New Mackerel in Kits, Quarter and Half Bbls., at Robinson & Bonner's.

—Kunkel's "Des Fleur De Alpes" a delicious perfume for the handkerchief. Price 75 cts. per bottle. Do not waste your money on "cheap" perfumery; the best is the cheapest.

—We have again been placed under obligation by Messrs. C. L. Hanna, of Boulder City, Colorado, and Geo. A. Percival, of Central City, Nebraska, for files of late papers of their respective cities.

—The Derrick of Monday has a letter from Clarion, which tells of a young lady of that place, ill with consumption, who was brought into Forest County to be treated by an Indian doctor.

—Christian K. Ross, father of the lost Charley, and who has spent an ample fortune in a fruitless search for his missing offspring, has been appointed by Gov. Hartranft Master Warden of the port of Philadelphia.

—We are in receipt of the Fifty-Third Annual Catalogue of Franklin College, situated at New Athens, O., of which the Rev. George C. Vincent, D. D., is President.
