Republican Doctrine.

Sound money, good wages for a day's work, the prosecution of public improvements wherever needed, keeping faith to the nation's creditors, equal justice to all, high and low, rich and poor, white and black; liberal pensions and bounties to the soldiers of the late war, and to their widows and orphans; protection to American citizens everywhere, free education to the masses, an army large enough to protect the frontier and preserve the peace, the unity of States, and the administration of the Government by honest, capable and loyal officers. If this platform is not sound enough for the average citizen to stand upon, he had better look for some lone rock in the sea, upon which to carry out a better one.

A Good Basis for Prosperity.

We have then to start upon this season: 1. Unprecedented crops. This remark it is safe to make without any qualification. 2. A very large and increasing foreign demand for our products. 3. The work of economy carried to its most extreme limit. The cost of conducting business of all kinds and of living has been reduced to a minimum. The people have fairly recovered from what may be called an inflation spree. 4. A vast amount of rotten timber has been cleared away through consolidation, failures, compromises, etc. Consequently private debts have been largely reduced. In this respect there has been vigorous contraction. 5. The public believe there is no further danger of shrinkage, and that the tendency hereafter must be in the opposite direction. This feeling is now almost universal. 6. A large volume of paper money supply secured—as good in fact as government bonds, of equal value with, and virtually convertible into, gold. These are the conditions upon which the business of the country rests at this time. The points presented are not reached through speculative theories. Furthermore, the conditions are not questioned. They are universally admitted. It may therefore be confidently said that the prospects of trade are most favorable.—Cincinnati Gazette.

A large number of quarters and fifty-cent pieces are said to be in circulation. Thompson's Bank Note and Commercial Reporter for July, in relation to counterfeit silver coin, says: Most of the spurious coins have a sharp ring. Counterfeit dimes, quarters and half dollars are made of block tin, washed over with quicksilver. The genuine piece will feel rough under rubbing, while the counterfeit feels smooth and oily. They are easily distinguished by the ring. The Government compound for testing silver coins is 24 grains nitrate silver crystals, 15 grains nitric acid, 1 ounce water. Scratch surface of coin, and touch with acid. If good, no action; if bad, it will blacken.

The August number of Ballou's Magazine, cheap, light and instructive, is out, and can be found at all the newsdealers in the country. Please remember that this charming magazine is only 15 cents a copy, or \$1.50 a year, postpaid. Published by Thomas & Talbot, 23 Hawley Street, Boston, and for sale at all the periodical depots in the country.

Peterson's Magazine for August is already to hand. It is the best lady's magazine extant, and this number fully sustains its well-earned reputation. The steel engraving, "The Wedding Ring," is a marvel of beauty, as is also the fashion plate. The usual paper pattern comes along. This is the cheapest as well as the best lady's magazine published. Terms \$2.00 a year, postpaid. Address Chas. J. Peterson, 306 Chestnut Street, Philadelphia, Pa.

The county commissioners elected this fall will have to give bonds in the sum of \$2,000 each for the faithful performance of their duties, a law to that effect having been passed by the last legislature.

TROUBLE.

One of the most useless of all things is to take a great deal of trouble to provide against dangers that never come. How many toil to lay up riches which they never enjoy, simply because they are afflicted with pains, backache, liver and kidney diseases or gravel, all of which may be permanently cured by taking E. K. Thompson's Barosma, Backache, Liver and Kidney Cure. Prepared by him at Titusville, Pa., and sold by dealers in medicines at one dollar per bottle. Sold by G. W. Bovard, Tionesta, Pa.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper, W. W. Sherar, 149 Powers' Block, Rochester, N. Y.

"I Must Lie Down and Die."

The following is an extract from a letter dated July 21, 1877, to the discoverer of Bethesda Water. The writer is the Rev. T. B. Fuller, D. D., D. C. L., Rector of St. Gregory's Church, Toronto, Archbishop of Niagara, etc., etc. The writer, at the age of 60 years was a victim of Saccharine Diabetes. His physician said (to use Dr. Fuller's words) "he could do no more for me than he had done; that my disease was incurable, and that I must lie down and die." [We should state here, in parenthesis, that our townsman, Joseph Fleming, Esq., is the sole and only authorized agent for this wonderful water for this State, as well as for Ohio and West Virginia.] To return to Dr. Fuller: "In four days," he writes, "after taking the Water, I obtained relief, and since that time I have taken no medicine, consulted no medical man, and presume, if I could give myself reasonable rest, I would be quite well." Such testimony, from such a source, should indeed have convincing weight.

Sole agent for Pennsylvania, Ohio and West Virginia. JOSEPH FLEMING, 84 Market street, Pittsburgh, Pa. Send for Pamphlets and Certificates, mailed free. Price—per gallon, 50c; per one-fourth barrel, \$4.00; half barrel, \$8.00; barrels, \$10.00.
