-We are in receipt of The Nursery for September, a monthly magazine for youngest readers. It is beautifully illustrated, and filled with such a list of contents as cannot fail to interest and instruct the juveniles. The price of this excellent publication is \$1.60 a pear, postage paid. Address John L. Shorey, 36 Bromfield St., Boston.

-We are in receipt of "Baldwin's Guide of the Oil Regions" for August. This periodical has become a negessity to travelers in the oil regions, and its appearance indicates liberal patronage. In addition to the regular time tables of all the reads in the oil regions, and their connections, it gives distances, fares, express routes, postal information, telegraph rates, &c., &c. It is published monthly by W. S. Baldwin, Titusville, Pa., at \$1.00 a year.

-The ndin farms, thirty-five iles do the Red River of the miles do North, in Junesota, is probably the largest grain farm in the United States. It contains 38,000 acres, of which 4,600 acres were put in wheat last Spring, and 1,500 acres will be broken this season. No less than 100 mules and horses are used on it, together with 75 plows, 55 harrows, 24 self reapers and binders (for 1878), and 7 steam threshers.

ters' Run is finished, and the drilling July 1st to the reading and study rewill probably commence to-day. Magee & King will put the well down. The depth of the hole will probably be less than four hundred feet, and if the contractors have no bad luck it will be finished within two weeks. It is ceedless to say that the whole community is interested (indirectly) in this venture, and Mr. Wood has its best

> Not content with making the camp ground a season of refreshing for our spiritual needs, Dr. Vincent, realizing the truth of the quotation at the head of this letter, has determined to help has organized the Chantauqua Literary and Scientific Circle. We quote the objects, etc., from the constitution adopted by the members at a meeting day, Aug. 21:

promote habits of reading and study in nature, art, science, and in secular and sacred literature, in connection long, and with the memories of the with the routine of daily life."

This end shall be accomplished chiefly by individual study in the lines and hands; the happy strolls through text books which shall be mentioned ; but local circles may also be formed by of the Chautauqua choir singers for mutual benefit and encouragement : and a visit each year to the Student's of eloquence or deep reasoning; all Session at Chautauqua will keep up making glad pictures in my brain, the enthusiasm of the class; while an examining postal written every month and sent from headquarters to each individual member will act as a spur upon all dilatory students.

The course of study covers a period of four years. For the first year we have studies in

1. English history and literature.

2. Greek history and literature. 3. Biblical history and literature.

4. Astronomy.

5. Science of every-day life. The books required will not cost

more than five dollars per year, and are named as follows:

English History (ready: price 10 cents); Studies of the Stars (ready ... price 10 cents); Dr. Hurst's "Outline of Bible History" (ready: price 50 cents); "Fourteen Weeks in Physioloogy," by Dorman Steele (ready: price \$1.40); "Green's Short History of the Euglish People" (ready: price \$1.50. postage paid). Chautauqua text books on Greek History and English and N. Y., as teachers. The school house Greek Literature and on Astronomy will be prepared. The books now ready may be ordered of Nelson & Philips, 805 Broadway, N. Y.

So much for the interesting line of study- which will admit of enlargement in the direction best suited to each member. While some may wish to read history more extensively than in the text books given, others will hands of Treasurer Kelly, and those Whitefish, half-barrels pursue liter ture; as the idea is, to awaken thought and persuade people a fair opportunity by calling on him. to read more systematically and with better jaugment. DEAR SIR :- I was troubled very much with the backache which made me sick all over; it seemed to strike from my kidneys to my stomach causing great weakness. I could not stoop to pick up anything without leaning carefully with my hand resting on my knee. I had all the symptoms of female weakness. I got your Barosma which relieved me in a few days, and I am comparatively well, and I have recommended it to a number of my friends, and all have been benefitted who have used it.
