LOCAL AND MISCELLANEOUS.

—Rev. Elliot will occupy the pulpit of the Presbyterian Church next Sunday, morning and evening.

—M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

—Mrs. J. G. Dale's health, we are pleased to learn, is improving slowly.

—Harl. Adams, who has for a time past been stopping at Bradford, is home on visit.

—Typhoid fever has been raging in Brookville. The papers say it is abating somewhat now.

—Alex. Dale got a new buggy recently, and initiated it in the proper manner one evening last week.

—The bankrupt law passed out of existence on Saturday last. The country, generally, will not mourn its demise.

—The Exchange nine of Oil City dished it up to the Warren club, last Monday, to the tune of 13 to goose egg (0).

—Mr. Bonner of Stoneboro, paid Tionesta another of his periodical visits last week, combining business with pleasure.

—Mr. Sloan's house has lately been re-shingled, which adds much to the durability and appearance of the building.

—Adjourned court was held by the Associate Judges on Friday last. No business of general interest was transacted we believe.

—To-morrow is the last day on which you can get registered in order to secure your vote in November. Be sure you are registered, then.

—Davy Hildans opened up the squirrel season last Monday morning in good shape. Fifteen black and gray squirrels "gnawed the bark" before his unerring aim.

—Mr. Samuel Clark has had a painter at work on the house occupied by Prof. Brockway. The job is a good one, and building presents a decidedly improved appearance.

—Our sports will have a squirrel hunt next Saturday, the losing side to pay for the suppers. The last hunt was a success, and we hope this one may be as good.

—Mr. Joyce has the cellar and foundation for the new addition to the Central House about completed, and the carpenters will commence the wood work forthwith.

—The Woods well, one mile up the creek is down something over a hundred feet, and in the course of a week or ten days we will know if we are to have oil in Tionesta bore.

—Frank Reck, of Strattanville spent a few days in town. Frank reports his family all well, but as usual he had his hand tied up, having had the fore finger of his right hand pinched off near the first joint.

—There is some talk that the Forest House will soon be re-opened, with Mr. T. C. Jackson as proprietor. "Tim." is a popular landlord, and our citizens would heartily welcome him as a resident of Tionesta.

—Mr. Jas. Swavely is at work cleaning up the Cemetery at the upper end of town. This is something which has long been needed, and when Mr. S. gets through with the job our people will hardly recognize the place.

—Five more prisoners escaped from the Clarion jail on Sunday of last week. This time through the carelessness of a lady in admitting some visitors. It is thought by some that the visitors were accomplices in the escape.

—Mr. Henry Miller of East Hickory, shot an owl near Tubbs's run, one day last week, which measured 4 feet and 8 inches across the wings from tip to tip. It was a monster. There should be a good bounty on these birds.

—A heavy rain and hail storm passed over this section yesterday afternoon. Hail as large as a pigeon's egg came rattling down. If it was as severe in the farming districts as here, it must have done considerable damage to the buckwheat crop.

—Mr. George Saltgiver had one of his legs broken below the knee, last Friday. He was at work with the team, when one of the horses fell and was unable to get up. In trying to assist the animal to its feet it fell back striking on Mr. S.'s leg with the above results. Dr. Blaine reduced the fracture, and says the patient is doing as well as can be expected, he being pretty well up in years.

—A sad occurrence took place in the family of Mr. J. H. Wentworth, living about three miles up the creek, on Monday morning of last week. A young lady, sister to Mr. Wentworth, who is visiting there, thought to partake of a dinner of mushrooms, and for this purpose she went to the woods to gather them, but instead she got what are commonly called "toad stools." These she took home and served up for dinner, and some of the family ate rather freely of them. Not long after the mistake was discovered, as all who had eaten showed symptoms of poisoning. Medical aid was summoned, but too late to save one of Mr. W.'s little girls, aged about five years, who died in a short time. The other members of the family have all fully recovered, save the young lady, who is yet quite sick, although we believe she is considered to be out of danger. This should prove a warning to all who are in the habit of eating mushrooms, and who are unacquainted with the different varieties, to let them alone; and not only these delicacies, but all others which grow wild.

—The oil country papers are publishing a sensational story about a peddler stopping at the house of John Logue in Licking township, where said peddler had pretended dreaming three different nights that \$5,000 in silver was secreted in a hollow tree on the farm, and that he promised Mr. Logue \$2,500 of the money to help secure it; that they had found the silver and divided it, when the peddler asked Mr. Logue to give him greenbacks for his \$2,500, as they were more convenient to carry. Mr. Logue, so the story goes, did so, and the next day after the peddler left found the silver was counterfeit. Mr. Logue says it is a lie made out of the whole cloth. Oil country newspapers only care to make articles readable regardless of truth.—Clarion Democrat.

—The well on Charlie Hill's farm, three miles up the river, was torpedoed a short time ago, but whoever did the job made a "botch" of it, the explosion taking place when the torpedo had been lowered but a few feet into the well, filling it up so as nearly to ruin it. It has been cleaned out since, and we are creditably informed, is doing from 5 to 6 barrels daily. Mr. S. J. Wolcott is busily engaged, putting up a rig for another well near this one. He will put down two, in fact, so that the three may be pumped with one boiler. We have no doubt but that a good territory will be opened up on Mr. Hill's place.

—The crop of blackberries this year seems to have been confined to the region surrounding the old Fort Pitt mills, but at that place a great many bushes have been picked, parties from all sections in and around Edenburg, Shippenville, Tylersburg and this place having centered there in such swarms as to give that deserted locality the lively appearance it presented in days of yore, when the mills were in operation. It is said that at one time over two hundred berry-pickers were encamped there. The berries are about all done now, and the people have returned to their homes.

—A frequent visitor to Mr. Robinson's cheese box thus soliloquizes: "Nothing is more lamentable than to see an empty cheese box standing in a store. A good merchant always keeps his cheese box full. Once its walls were alive with life; now all is barren and waste. Even the passing fly doth not hover around it. From the smell of the box it is evident what its fragrance once was, but now 'tis glory is departed." Mr. R. says cheese will not stay long in the box where the author of the above has access. From the language and tone one acquainted with him might guess his name.

—The Republicans are holding a few meetings through the county, which meet with old fashioned responses and pledges of union and co-operation. An enthusiastic little meeting was held at the Heath school house on Dutch Hill, on last Friday night, which was addressed by W. E. Lathy Esq., on the current topics. The sturdy Republican yeomanry of little Forest, strong and united as ever, will give a good account of themselves in November next.

—Our borough schools opened on Monday morning, the attendance, we believe, being very good. With the excellent talent at the head of both departments, the present term of school promises to be one of the most successful ever held in Tionesta.

—Mr. Pritner Agnew has moved into the Stroup house just south of the Court house. Mr. Kerr, the butcher, has moved into the house just vacated by Agnew, across the creek.

—Mr. Richards has graded and sodded the yard around his house, and is now enclosing it with a very neat picket fence. From present appearances he will soon have one of the most pleasant places in town. Billy understands fixing up a home.

—Saturday evening about nine o'clock a freight train following in the wake of the Emlenton express ran over and killed a man named James Christie, who was sleeping on the track near Fullerton, on the Valley road. Whiskey is said to have been the cause. These facts from the Derrick.

—A Brookston, Forest county, correspondent writes us that "Fred. Anderson, while out gunning on Sunday, had cornered a hedge-hog, and in stepping around to get another sight at it, by some cause or other his gun went off, inflicting an ugly wound on the inside of the left knee joint. Moral: Don't go hunting on Sunday."

—Some of "the boys" were out "coonin'" on Monday evening. They succeeded in catching two—but, whew! The conounded things had been eating something the smell of which caused the very air to thicken. One of the boys, speaking of his clothes, says, "You may soak 'em, and scrub 'em, and wash as you will, the smell of the-coon will cling to 'em still."

—Voter, remember if you remove from one election district to another between the 5th of September and election day, you voluntarily disfranchise yourself, because you cannot vote in the borough or township to which you have removed, nor in the district from whence you came. You must reside sixty days in the election district in which you offer to vote.

—Mr. Wm. Reck, who has done the head sawing for Mr. E. E. Clapp, at President this summer, informs us that they finished up on Saturday. He says they saved 500,000 feet of most excellent lumber without a break or stop, and got the ready "dollar of their dads" every Saturday night. The men from this place who worked on the mill all express a high regard for Mr. Clapp's way of doing business.

—The yellow fever still increases in the South. Hundreds of new cases and deaths are reported daily. The country generally is responding promptly to the appeals for aid, and everything which human power can accomplish is being done to impede the progress of the disease, but all efforts seem to be in vain. In one town of over fifteen hundred inhabitants there are but a mere handful left. May Providence send relief.

—A most valuable and instructive paper is the American Agriculturist for September 1st, with the usual 60 or more original engravings, all instructive or pleasing. Among the 150 articles and items are: Seven columns of hints on September work, including directions for bees; Chapters on Cow-milking by Machinery, and Oleomargarine; Rumbags shown up; Agriculture Notes from the Channel Islands; Harvest Home Picnics; Talking at a Distance, or simple signals for Farmers, Rifle ranges, etc.; Home-made Wind-mill; Common weeds made ornamental; Many Home Topics, and chapters to interest and instruct the young, etc., etc. A reduction of terms is announced to \$1.50 a year. Single numbers 15 cts. Orange Judd Co., New York, Publishers.

—One lot of Drain Tile, five and six inch, for sale cheap by Robinson & Bonner. 24 2

TITUSVILLE, PA., December, 1876. DEAR SIR:—I was troubled very much with the backache which made me sick all over; it seemed to strike from my kidneys to my stomach causing great weakness. I could not stoop to pick up anything without leaning carefully with my hand resting on my knee. I had all the symptoms of female weakness. I got your Barosma which relieved me in a few days, and I am comparatively well, and I have recommended it to a number of my friends, and all have been benefited who have used it.

Dobbins' Electric Soap.

Having obtained the agency of this celebrated soap for Tionesta and vicinity we append the opinion of some of our best people as to its merits:

"I have tried Dobbins' Electric Soap, made by I. L. Cragin & Co., Phila., Pa., and find that it is all the manufacturers claim it to be. It is the women's friend, because it saves one-half the labor. MRS. J. L. CRAIG."

"Dobbins' Electric Soap is the best I have ever used. I can heartily recommend it. It is a charm in the wash-tub. MRS. D. S. KNOX."

"I take pleasure in recommending Dobbins' Electric Soap. It is a superior article, in fact the King of Soaps. MRS. W. R. RECK."

We desire all our friends and customers to give this soap one trial, so they may know just how good the best soap in the U. S. is.

PEASE—HOBART.—At Mankato, Minnesota, Hon. E. L. Pease, of Evanston, Wyoming, and Miss Kate E. Hobart, of the former named place, on Aug. 14th, 1878.

We copy the above notice from the Cheyenne Daily Sun of Aug. 19, and it adds: "Nearly every resident of Wyoming is acquainted with Hon. E. L. Pease, the live, enterprising lumber manufacturer of Wyoming, the President of the Council during the last two sessions of the Legislature, and most prominent as the Democratic candidate for the delegateship."

Mr. Pease is well and favorably known by many in Forest county, both friends and relatives. He went to the "far West" several years ago, and by his address, ability and business tact has become prominently identified with the public affairs of Wyoming, and very successful in business. He has the congratulations and best wishes of his numerous friends and relatives in this county.
