LOCAL AND MISCELLANEOUS.

Rev. A. O. Stone will preach in the M. E. Church next Sunday evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

Rev. Elliot will preach in the Presbyterian Church this (Wednesday) evening.

Rudolph Strucken is on deck with his plastering apparatus, and will give the new part of the Central House a coat of plaster forthwith.

The Sabbath schools will have a union Children's Convention on Nov. 21.

Eli Holeman has been in at the death of several deer this fall, and will probably hang up several more before the season closes.

Attention is called to the new advertisement of Ludwig Mayer, wholesale and retail dealer in tobaccos, liquors, etc.

The present damp weather is peculiarly favorable for the contracting of colds, which bring with them a multitude of attendant disorders.

Messrs. May & Kelly have delivered a large bill of lumber and timber to Mr. E. E. Clapp, at President, for the erection of a large grist mill at that place.

The new well on the Hill farm is down, and is pumping a little more than three barrels of heavy oil per day.

Sheriff Shawkey, who has just returned from Fox's old Mills, says the old oil well which is near there, flows a stream of oil about the size of a rye straw, and that the oil colors the creek about half way across.

The Nursery for December is to hand, and nobly sustains its reputation as the very best periodical published for the youngest class of readers.

Those of our habitual hunters who have been out in the old part of the county, tell us that the squirrels are very numerous in the beech woods, but are not molested much on account of the fear of driving away the deer.

From what we can learn, we believe there are more hunters in the woods this fall than ever before in one season.

Our tax-gatherers are around suggesting payment to citizens of the borough, and they will probably earn their commissions by the time their duplicates are satisfied.

We are requested to state that there will be a grand shooting match in town on Saturday next, at which all rifle shooters can have an opportunity to secure a turkey for Thanksgiving.

Several car loads of hard coal have been delivered here within a few days, and Mr. Brennan, who orders for Tionesta, will have a few tons more than he has orders for.

The December number of Ballou's Magazine is published; and, in glancing over its one hundred pages, we could not help feeling that of its class there was nothing to compare with it for general interest and for light, pleasant reading.

Mr. W. S. Baldwin, late publisher of the "Guide of the Oil Regions," has made a new departure in his publication, which comes to us from Buffalo, as "Ballou's Railway and Hotel Guide, and Business Index."

H. A. Adams, of this place, packed his tools on Monday of last week, and departed for Bradford, where himself and a brother-in-law had made arrangements to purchase a wheel and tank factory.

Rev. Elliot authorizes us to announce that the Rev. Dr. Carnahan, of Meadville, will deliver a lecture on the subject of Temperance, in the Presbyterian church, on Monday evening, Dec. 2d.

A new time table went into effect on this road on Monday last, but up to the present time we have not received an official copy of it.

South, 2d class, 9:56 a. m. 1st " 1:53 p. m. " " 9:23 p. m.

The Forest National is evidently agitated. In last week's issue it designates this paper as "a milk and water sheet," and advises us to start a grammar school.

We noticed a very large Cotswold ram being hauled through town last week, and upon inquiry learned that it had been brought on by Mr. Kelly, who is going into the sheep business right.

James Swales and his son John were up at their shanty on Salmon last week, and each succeeded in killing a deer. This is the second deer John has slain this fall, and as this is his first season on the warpath he may do a good deal in the line before the season is over.

Chas. Van Giesen, of President, has been instrumental in causing the death of several deer since the season opened. He helped hang up two last Thursday. He uses a Spencer repeating rifle, and shoots to kill.

A correspondent favors us with the following items from Stewart's Run: What has become of all those genial Tionestians who were flying out around here so lively this fall?

The farmers (and we have no others) are busy killing porkers, making sausage, telling stories, etc.

Our winter term of school has commenced. Mr. Eaton Landers teaching. Are trying to get up a singing school.

Mr. M. L. Range has left the "Run" for Buffalo.

Mrs. D. B. Tobey, Buck Mills. Mrs. John Mathe, Mrs. John Hunter, Ross Run.

A prominent citizen says: I have been a sufferer on account of liver and urinary difficulties, having a pain in the back, with a stupor, no ambition, drowsy feeling, unable to attend to business with any degree of satisfaction.

All parties who have not paid their County, State and Bond Taxes for 1878, are requested to do so without further notice.

Having obtained the agency of this celebrated soap for Tionesta and vicinity we append the opinion of some of our best people as to its merits:

"I have tried Dobbins' Electric Soap, made by I. L. Cragin & Co., Phil'a, Pa., and find that it is all the manufacturers claim it to be.

"Dobbins' Electric Soap is the best I have ever used. I can heartily recommend it. It is a charm in the wash-tub."

"I take pleasure in recommending Dobbins' Electric Soap. It is a superior article, in fact the King of Soaps."

We desire all our friends and customers to give this soap one trial, so they may know just how good the best soap in the U. S. is.
