LOCAL AND MISCELLANEOUS.

—Rev. A. O. Stone will preach in the M. E. Church next Sunday evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

—The boys who skate are growing terribly uneasy, because of the delay of freezing weather.

—After the first of January no note less than five dollars can be paid out by any national bank.

—The National of last week spouts forth something over a column of froth against us, and says—nothing.

—M. W. Tate, Esq., has gone on a trip to Colorado, to view the land. We are not informed how long he intends to be absent, but presume he will be back before court week.

—Wm. McGrory, of Stearns Run, will dispose of a lot of personal property, consisting of horses, cows, hay, straw, farm produce, and household goods, on Saturday next, at public sale.

—Jno. Jamieson is at home on a little visit. Himself, J. T. Dale and another party have been putting down a well near Bradford. We have not heard whether the well is a success or a failure.

—The young men of our place are making preparations for a social dance, to be held in Bovard's Hall on Friday evening of this week. Good music will be in attendance. The bill will be light, and a good time may be expected.

—The oil market was terribly excited on Saturday last, and advanced to 1.131, and on Monday declined to 931. There is a good deal of squirming among speculators when these rapid changes occur.

—We are having a terrible amount of bad, wet, sloppy weather, and numerous bad colds are the result. The river is up and the roads are bad. Diphtheria is raging in sections near here, and our people have great fear of its advent here.

—The Forest County Teachers Institute will meet in Tionesta on Monday the 16th inst. Prof. Brockway is exerting himself to procure talent to make the session an interesting one, and we have no doubt but he will succeed. We will publish the programme in full next week.

—The Mobile Register says: "Today the Democratic party controls the national legislature and the South rules the Democracy—therefore the South is again the ruler of at least one branch of the national government." Quite correct.

—Mr. Shupe's N. Y. Advocate, the National party's national organ, too, is dead. This is sad, very sad. The thousands of persons who paid a year's subscription to the Advocate will have to read a flat paper the rest of the year.

—P. Gray Meek makes no bones about it. He says Curtin was defeated because a good many Democrats have become tired of electing renegade Republicans to office to the exclusion of staunch, hard-working, consistent adherents of Democracy. That's honest, any way, and good authority, as well.

—In two weeks Jas. Swails and his son John have trapped five wild-cats and four coons. Jas. has killed two deer in the same time. The saddles set for 12½ cents a pound. S. H. Haslet killed a deer last week on Little Tionesta, and Geo. Haslet and another hunter killed one on Tubbs' Run.

—Selden Whitman thinks he has discovered a paint mine on his farm, which will discount several heavy oil wells. A sample of the paint was brushed on a part of Prof. Brockway's coal house. Selden says that it can be used with or without oil, and he firmly believes that he has a bonanza. We hope he has.

—Governor Bishop, of Ohio, will leave the gubernatorial chair without a twig remaining of his laurel wreath. Even some of the Democratic papers irreverently refer to him as "our old imbecile, bankrupt, fraud of a Governor." When a Democratic official is spoken of in that way by his own party papers he has about reached the "last ditch."

—The lecture of Rev. Dr. Carnahan, on Monday evening last, was well attended, notwithstanding the inclemency of the weather. It was attentively listened to throughout by a thoroughly interested audience, and we have heard only praise of the lecture and lecturer from everybody who has expressed an opinion. We are sorry that we have not space to give a few of the points he made, but suffice it to say that he exploded numerous fallacies, and advanced several new ideas on the subject of temperance. Our people will be glad to listen again to Dr. Carnahan whenever he can make it convenient to be with us.

—England, besides having the excitement of a war to attract her attention, is, in some of her industrial centres, undergoing a terrible depression. In the Sheffield district enforced idleness and stagnation in business prevail to an alarming extent. Reduction after reduction was made in the wages of the workmen, and has finally been followed by strikes. Thousands of workmen are now idle, and they and their dependent families are reduced almost to pauperism. England is more depressed to day than this country.

—Congress met on Monday last, and President Hayes' Annual Message is published in the daily papers of yesterday. It is too long for us to publish even a synopsis of it. It touches upon all the topics of the day; and upon the President's Southern policy, it is difficult to say whether he deems it a success or a failure. The message is an interesting document, and contains much information which will be of use to all who are giving close attention to the financial questions, and other intricate matters pertaining to our government.

—The safe for the Commissioners' office has arrived, and we do not hesitate to pronounce it a good bargain for the price. It is larger than the one in the Treasurer's office, and as complete, except that there is a burglar-proof box in the inside. This is no detriment, however, as it would only be in the road in that office. It is a second-hand safe, but is, to all intents and purposes, as good as new, and cost less than half the amount paid for the Treasurer's safe.

—W. C. Plummer has served notice on Col. Dick, that he will contest his election to Congress on the grounds of corrupt use of money to influence votes, fraud, irregularity in certain districts, bribery and intimidation of voters. The Meadville Republican pronounces the whole business an attempt at blackmail, and further says that Mr. Plummer knows that his accusations are a tissue of lies, and that the sore spot with him is that Dick wouldn't bribe somebody.

—Two years ago a bet was made by some parties in town, on the Presidential election. The question that agitated the country, the electors, and the electoral commission, also agitated the parties to the bet, and the assistance of "Wilkes' Spirit of the Times" was called into requisition. That paper decided that Hayes was elected, and the stakeholder was instructed to deliver the funds into the hands of the lucky man, which was done yesterday.

—There's a battle among the giants in the Democratic party in this State. U. S. Senator Wallace and Mr. Barr, of the Pittsburgh Post, are at it, tooth and nail, calling each other everything they are, and showing up each other's records in a manner the reverse of complimentary. The "open letters" they write at each other are interesting reading, and the result will be the political death of one or both the champions.

—Thanksgiving passed of quietly. Some had turkeys, others had geese. Others ducks, and others venison for Thanksgiving dinner. All must have digested well, as we hear of no one being sick. In the evening services were held in the Presbyterian Church, and Rev. Elliot delivered a very able and pertinent sermon, which was listened to by a fair audience. Contrary to the usual custom—there was no dance in Tionesta in the evening.

—By a notice in another column it will be seen that the Commissioners have called in \$10,000 of the outstanding county bonds, which will be redeemed on and after Jan. 1st. That's all right. Keep right on gentlemen. Call them all in at the earliest possible moment. A county debt is not a county blessing.

I AM HERE!

I have arrived in Tionesta to-day, with a complete stock of Ready-Made Clothing, Hats, Caps, &c., &c., in the Acomb Building. Call and see me. L. SIMON.

—The annual re-union of the Tenth Regiment Pennsylvania Reserves will be held at Beaver, Beaver county, Pa., Friday, December 13, 1878,—the anniversary of the battle of Fredericksburg. Col. M. S. Quay, of Philadelphia, is the orator of the day. All who calculate to attend should write to Capt. A. M. Gilkey, New Galilee, Beaver county, Pa., so that provision can be made for their entertainment.

—A communication on educational topics has reached us. It may be that we will make room for it in a week or two.

Notice is hereby given that I have purchased from Peter Knight the following property, viz: 1 yoke oxen, 2 cows, 1 heifer, 8 hogs, 1 set blacksmith tools, 1 timber sled and chains, 1 cook stove, bed and bedding, and all his personal property, all of which I have left in his possession, to be removed at my pleasure. —I take pleasure in certifying that the Sweet Worm Powder has worked wonders in my family. My girl, four years old, was taken with convulsions, rolling up the eyes, and straightening out of the limbs, and seemed to be almost lifeless, when I borrowed some of the Sweet Worm Powder, made by E. K. Thompson, Titusville, Pa., giving her two doses, when she was relieved at once. I also gave some to my other children with the same effect.

Dobbins' Electric Soap.

Having obtained the agency of this celebrated soap for Tionesta and vicinity we append the opinion of some of our best people as to its merits: "I have tried Dobbins' Electric Soap, made by I. L. Cragin & Co., Phila., Pa., and find that it is all the manufacturers claim it to be. It is the women's friend, because it saves one-half the labor. Mrs. J. L. CRAIG." "Dobbins' Electric Soap is the best I have ever used. I can heartily recommend it. It is a charm in the wash-tub. Mrs. D. S. KNOX." "I take pleasure in recommending Dobbins' Electric Soap. It is a superior article, in fact the King of Soaps. Mrs. W. R. RECK." We desire all our friends and customers to give this soap one trial, so they may know just how good the best soap in the U. S. is.
