LOCAL AND MISCELLANEOUS.

Rev. Elliot will preach in the Presbyterian Church next Sunday, morning and evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

Sleighting still continues good and brisk.

Business starts off briskly for our new Sheriff; eight or ten boarders this morning.

Miss Kate Bloerock departed for Edinboro last week, where she will attend school.

Mr. Alex. Bonner and lady, of Stoneboro, paid friends in this place a visit this week.

Judge Sherman of Ohio, brother to General and Secretary Sherman, died on New Years day.

The list of county officers at the close of our local page will be found corrected this week.

Diphtheria and scarlet fever are raging in and about Edinboro. Several deaths have occurred.

The Derrick is serving up a good article of "Breakfast Bacon" to its readers these frosty mornings.

Our bere schools re-opened on Monday morning, after a vacation of three weeks. The attendance is good.

The State Legislature met yesterday, but up to the time of going to press we could not give any particulars of the organization.

There's loud talk, among the young folks, of a sleighing party to take place soon. A better time for such an affair could not be made to order.

The Auditors are in session this week settling up the several accounts of the county officials. Their report will not appear in print until the first of February.

Caleb Cushing, Judge Sherman, Robert W. Mackey—three great men, all dropped off within two day's time! That sort o' frightens us. Guess we'll have to commence dieting.

The first number of the Kane Weekly Blade, a new and very neat, newsy paper, published at Kane, McKean county, has reached us. We wish the new undertaking complete success.

The Venango Spectator entered upon its thirty-first year, and the Citizen, on its twenty-fifth with their last week's issues. Time deals gently with these papers, and they grow better every year. May they return many, many times.

In neighboring towns they are busy laying in their stock of ice. It might be as well for those of our citizens who contemplate putting up this almost indispensable article, to begin the harvest before it is too late, as we have known them to do heretofore.

Mrs. T. B. Cobb departed for Texico, Arkansas, in company with her father-in-law, Mr. John Cobb, one day last week, where she will meet her husband who went there some time ago. We believe it is the intention of these families to locate in that region of country.

If some of those hair-brained editors and others, who have been spouting so about not having coin enough to meet the demands attendant upon Resumption, will read the following from a New York dispatch, it may do them good: "The entire demands on the Treasury for gold in exchange for legal tender notes has amounted to less than five thousand dollars."

Washington dispatch of the 6th, inst., says: Letters and petitions from distinguished gentlemen in all parts of Pennsylvania are still being received urging the nomination of Governor Hartranft to the Berlin mission. In conversation in official quarters, however, the name of Pennsylvania in this connection seems to have dropped out of sight.

Following is a List of Letters remaining in Tionesta, P. O., Jan. 8, 1879: L. A. Belden, James Benson, Michael Crisswell, James Gilbert, Peter W. Jacoby, Russ McQuillie, Hugh McBride, Fred Shultz, Frank Sanford, H. M. Thomson, Geo. Taylor. Persons calling for above letters please say advertised.

J. M. McKay, P. M.

For a long time past Messrs. Derickson & Dingman, and Geo. S. Hunter, proprietor of the river bridge, have been at loggerheads, and the consequence has been a good deal of strife between the parties regarding tolls, etc. Last Saturday the firm gave a contract for the construction of an ice bridge across the river, and in a short time a large cake of ice was swung across the open space, which caught the floating slush-ice and the bridge was soon completed. Several empty teams crossed on Monday, and on Tuesday it was considered safe for loaded teams to pass over. But it was not, for when a team of Mr. Mealy's crossed the ice broke near the opposite shore letting the team in, but it soon extricated itself. Derickson & Co's team was immediately behind and also broke through, but did not escape so easily. One of the horses was soon gotten out, but the other could not be budged, and remained in the water for over half an hour, and would have drowned but for the assistance of Geo. S. Hunter, who, having had experience in the business, put a noose around the horses neck and choked him, so that he floated up to the top of the water, and was easily taken out. And now Geo. congratulates himself that he's not such a terrible bad man after all. He calls it a "greenback" bridge and says it can never stand. He also says that had Mr. Dingman met with such a mishap, and had remained in the water as long as the horse did, he would actually have helped him out to. Hunter is no "two for five."

Our sportsmen are awakening to the necessity of game protection in this county, and are talking up the idea of petitioning the present Legislature to pass such laws as will be a benefit to Forest county in particular. This is a step in the right direction, and we would hail with joy the enactment of such a law and its proper enforcement. It is proposed to present a petition to the legislature to raise the bounty on fox and wild-cat skins in this county; also to compel non-residents to pay a license for hunting in Forest county. We believe a law of this kind would meet the approbation of every one of our citizens. It is a noted fact that two-thirds of the deer killed in this county are slain by foreigners, and every year the number coming here to hunt is greater, and this being the case why shouldn't they pay something for the sport? We don't believe that, were a petition looking to the passage of a law of this kind circulated, it would meet with a dissenting voice. There will be a meeting at the Lawrence House on Saturday evening for the purpose of discussing this matter, and all interested are cordially invited to be present.

The newly elected county officials assumed the reins of office on Monday, all with becoming grace. The changes are: Mr. Wheeler will occupy the seat in the Legislature made vacant by the expiration of Mr. Agnew's term. Mr. Shawkey has but a step to make from the Sheriff's office into that of the Prothonotary, which has for the past three years been conducted by Mr. Clark, while Squire Randall walks in and takes the ex-Sheriff's chair. In the Commissioners' room the only change that takes place is the retirement of Mr. Reck, and the installation of Mr. Ledaber, the others, Messrs. Long and Berlin, having been re-elected. The new Auditors are D. F. Copeland and F. C. Lacy; Mr. Thompson having been re-elected holds over for three years more. The entire set of officials now at the head of the county affairs are men who will discharge their respective duties with honor to themselves and constituents, we'll guarantee.

The snow storms through the western and northern countries have so blockaded the railroads that travel has been suspended for several days. No trains have run in or out of Buffalo for the last week, to speak of. One train was snowed up for twenty-four hours, and when relief came the passengers were nearly starved and frozen to death. Another train left Buffalo for New York, and after proceeding a few miles out of the city was blocked, and it took thirteen engines to bring it back. Up to last evening the storms were still raging, and the like has not been known for a number of years.

Fresh buckwheat flour from new buckwheat, at Robinson & Bonner's-

More Court Proceedings.

In our report of the court proceedings of last week, we omitted the general Grand Jury presentment. After the usual caption, they respectfully report:

That they have acted on six bills of indictment, of which six were found true bills. We beg leave further to report that we have visited and inspected the county buildings and find that the sink of the public out building is in bad condition, and that the same should be fixed; also the stove pipe in the Prothonotary's room, as well as the stove pipe in the Grand Jury room.

We further report the road running from the Big Level road to the Howe township line as in an impassible condition, and that the same should be repaired. Also the road running from Tionesta township line to Azro Copeland's, or the Jamieson run road.

We further report that a true meridian line should be established on the Court House grounds to regulate surveyors compasses by, according to act of Assembly.

We respectfully tender our thanks to the Honorable Judges and District Attorney for their courtesy and assistance rendered us during our deliberations.

We also omitted to state that T. J. Van Gieson Esq., was admitted to the Forest county Bar.

Newtown Jottings.

NEWTOWN MILLS, Jan. 3, 1879. ED. REPUBLICAN:—

We are having a good run of sleighing, and the people are improving it.

Our worthy townsman, Mr. W. A. Dusenbury, and his estimable lady, are absent spending the holidays in York State, and it leaves our little town quite lonely. We are anxiously looking their return.

Mr. Matt. Elliott was favored during the week with a visit from his Stewarts Run friends, Mr. John McIntyre and wife, and Jas. Elliott.

Our school is in a flourishing condition under the charge of Miss Villa Painter.

Rev. Stone preaches once in two weeks, so you see our spiritual wants are supplied.

"Coony" Paul is lamenting the financial crash that befell him a few years ago, but is looking hopefully forward for better days, and Mr. A. Elliott is anticipating a large sale of his renowned Remington Sewing Machines.

We all like the maply and straightforward course of the REPUBLICAN through the last campaign, and predict for it a hearty support by all our citizens. Respectfully, H. G.

TRUNKEVILLE, Jan. 3, 1879.

ED. FOREST REPUBLICAN:—

Dear Sir:—I thought it would not be out of the way, to give you the sad news of a fearful sickness which struck down three of Mr. E. L. Jones' children, two boys and one girl; all three died on the first day of January, 1879. The disease was diphtheria in the most malignant form. Nothing was left undone which parents could do, and so far they can rest easy. One more of their children, a promising young lady, and teacher of our school, is very sick, but hopes are entertained that she may survive. The three children, Howard aged about 10 years, Frank about 9, and Edith about 4, were healthy and promising, and the sudden death has cast a gloom, not only on their own family, but over the whole neighborhood. The family has the sympathy of all, and may the Lord give the afflicted parents and relatives strength to bear this sad affliction. Respectfully, J. PETERSON.

[Forest National please copy.]

We have just received from the publishers the Illustrated Annual of Phrenology and Health Almanac for 1879, 72pp., price 10 cents. This publication should be a necessity in all well-regulated families, for it is full of valuable reading matter relating to Phrenology, Physiognomy, Health, Hygiene, Diet, etc. This number, in addition to the usual astronomical notes, Monthly calendars, etc., contains many reasonable suggestions. It is handsomely printed, and must have a wide circulation; and we would say, send 10 cents in postage-stamps at once to the publishers, S. R. Wells & Co., 737 Broadway, New York.

Sheldons Spellers and Readers.

Feltons Arithmetic, and Guyots Geography, and Patent Copy Books of Robinson & Bonner.

M. Wilk, Jeweler, of Tidewater, offers his entire stock at lower prices than the same goods have ever been purchased, here or elsewhere, of him a call.

Kunkel's "Parfume" is the pleasantest and most delightful perfume extant, for sale at 75 cts. per bottle. Price 75 cts. per bottle. Cheap, scented trumpery, but of standard and lasting quality.

NEWTOWN MILLS, Pa., Dec. 30, 1878.

MR. DUNN:—I wish to inform the readers of the REPUBLICAN and the citizens of Forest County generally, that I shall make a thorough canvass of the County, as Agent for the Remington Sewing Machine. I have furnished a number of these Machines to the people of this County, among whom are:

- Mrs. D. B. Tobey, Book Mills. Mrs. John Mathe. Mrs. John Hunter, Rose Run. Mrs. Daniel Brecht, Beaver Valley. Mrs. Siebert Barhen, Dutch Hill. Miss Zuendel.

The most of these ladies have tested other machines, and I am willing that any one desirous of purchasing a Sewing Machine should consult them.

Yours respectfully, AARON ELLIOTT.

Dobbins' Electric Soap.

Having obtained the agency of this celebrated soap for Tionesta and vicinity we append the opinion of some of our best people as to its merits:

"I have tried Dobbins' Electric Soap, made by I. L. Cragin & Co., Phila., Pa., and find that it is all the manufacturers claim it to be. It is the women's friend, because it saves one-half the labor. Mrs. J. L. CRAIG."

"Dobbins' Electric Soap is the best I have ever used. I can heartily recommend it. It is a charm in the wash-tub. Mrs. D. S. KNOX."

"I take pleasure in recommending Dobbins' Electric Soap. It is a superior article, in fact the King of Soaps. Mrs. W. R. RECK."

We desire all our friends and customers to give this soap one trial, so they may know just how good the best soap in the U. S. is.

22-12 ROBINSON & BONNER, Tionesta Pa. Sole Agents.

Consumption Cured.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellows. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French, or English. Sent by mail by addressing with stamp, naming this paper, W. W. Sherar, 149 Powers' Block, Rochester, N. Y. 14-cow-1y
