LOCAL AND MISCELLANEOUS.

Rev. Elliot will occupy the pulpit of the Presbyterian Church next Sunday, morning and evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

Trains on our road are nearly always on time. But there are mighty few roads this far north that are as fortunate.

Court week occurs the Fourth Monday of February. We publish the list of jurors this week. The court proclamation and trial list will appear in our next issue.

Protracted meetings are being held at Marienville, by the Rev. Swaggart. Jas. Cole has possession of the old court house, and there is somewhat of a protracted effort going on by some parties who are trying to get him out.

A New York dispatch of last week states that Stewart's body has been recovered, by the estate paying \$50,000, and agreeing not to pursue nor prosecute the thieves. Judge Hilton refuses to be interviewed.

Once in a while a new agent strikes Tionesta, with something for sale which would be needed here about twice in a century, and then he just has the lonesomest time, and displays the worst temper you ever observed, until the next train pulls out.

Mr. L. L. Breunsholtz, of Tidouite, whose extensive dry goods store is periodically advertised in these columns, favored us with a call on Monday. He is a gentleman whom it is a pleasure to meet, and a merchant with whom it is profitable to deal.

Five tramps put in an appearance in town on Saturday evening last. This is rather rough weather to be on the roads. We see by our city exchanges that the number of tramps is daily diminishing, whether by death or industry doth not appear.

J. T. Brennan, Esq., orders a car load or two of coal every once in a while, and our coal consumers will hardly ever find him short. Those wishing a few loads at present can be accommodated by calling on him.

Some of our boys occasionally get a letter from our former townsman, D. F. Robinson, who is located at Water Cure, near Beaver. David is running a general store, in company with Wm. Cornwell, and the young firm is doing a good business.

The Pleasantville Odd Fellows are going to return the call made by some of the members of our lodge some time in the near future. Some years ago a load or two of these odd Pleasantville fellows came over here, and we found them a very pleasant set of chaps.

Every day or two we have a little extra fall of snow. We have already enough to do all the hauling there is to do, if it stays on; but "old prob." when he gets started, almost always overdoes the matter. Web. Clark reports three feet of snow on a level in Old Forest.

Another "upset" occurred on Saturday evening last, and a good sleigh was badly demoralized. The parties report that one of the lines broke, and the horse ran away, and nobody was to blame. There's a comforting thought to the poor in this item: those who are not able to hire a horse and sleigh are not in danger of having a broken vehicle to pay for.

On Saturday evening last a boy named James Sampson, while coasting in South Oil City, was thrown against a large sled, sustaining a compound fracture of the skull. A piece of the skull bone two and one-half by three inches was removed. The chances are against his recovery. So says the Derrick.

Another meeting of sportsmen was held on Saturday evening last, and it was resolved that some special legislation on the subject of raising the bounty on game-destroying animals and birds should be endeavored after. In accordance with this resolution we to-day publish a notice of proposed legislation, in accordance with the law in such cases. Whether or not the matter can be carried through, it is impossible in these days of the New Constitution to tell.

News came to town on Monday of the death of Mrs. Lester Warner, of Barnett Twp., on Thursday last. She was aged about 60 to 65 years. It is supposed that her death was caused by an excess of adipose tissue, as she weighed some 400 pounds. The gentleman who brought the news was without particulars.

The young people of our place, assisted by some who are not as young as they once were, are to take a sleigh-ride to Tylersburg to-morrow evening, where they will make it lively for Charley Weber. They think they will be able to drive out there, dance a hole through the ball-room floor, eat the landlord out and be back at Tionesta ready for business by seven o'clock on Friday morning.

Wm. Reek contemplates moving to Strattanville in the course of a few weeks, to take charge of the extensive mills of Mr. Ruloffson. Frank Reek, who has had charge there for a year or two past, has thrown up the job, on account of the filing not agreeing with him. Sorry to lose William from among us, and hope he will make lots of money and friends in his new home.

The roof of the Central House baro fell in on Thursday morning last, from the effects of the vast amount of snow which had accumulated on it during the last few weeks. There were three or four horses in the barn at the time, but fortunately none of them were injured. The sides of the barn did not spread much, and the roof is being put up again in sections, and in a few days it will be in shape for the "critters" of the traveling public.

Report of the public schools of Tionesta, for the month ending Jan. 18th, 1879.

School No. 1. No. enrolled, males, 26, females, 34, total, 60. Average attendance, males, 18, females 28, total, 46. Names of pupils neither absent nor tardy: Charles Davis, Emma Sawyer, Emma Davis and Dora Adams. Number of visitors, 20. J. W. WALKER, Teacher.

Bradford is now a chartered city, and men from all parts of the world, and some from the "lower regions" are flocking in there to seek their fortunes. A new oil exchange is to be dedicated there in a few days. Old operators with old strings of tools, are crowding in, and before next June the ground for miles around there will be bored as full of holes as a sieve. Then the country will begin to play out, and then Forest County must be developed.

In booming times our young bloods, and indeed, the old ones too, would snort with contempt if a person offered to treat them to a cigar costing less than ten cents. As the times shut down on us, a five-cent cigar was promptly accepted and gratefully acknowledged; but now a two-for-five or even a three-for-five, is snapped up so quick that it makes one's head swim. Thus do men's vices, as well as their necessities learn to conform to the times and the state of trade.

A loan exhibition at Meadville, occupies a good deal of space in the papers, and a good deal of attention from the people of that thriving city. The proceeds are to be devoted to the public library. Among the curiosities mentioned is a \$20 gold piece, which has been an heir-loom in one family for eighty years. The Republican says that had the piece been put out at interest eighty years ago, and the interest compounded annually, it would have amounted to \$20,000 by this time. Who wants to borrow a twenty-dollar gold-piece of us for eighty years?

At the M. E. Church on Sunday evening last, Rev. Stone, by a strong appeal to the congregation, succeeded in raising the balance due on the church debt, all but five dollars, which are probably contributed before this time. This church has been laboring under a load of debt for a number of years, and we are glad to note its complete release. During Rev. Allen's stay here, part of the debt was paid off by the sale of a strip of the church lot. Both these gentlemen deserve credit for their efforts to clear the church debt off.

The Nursery for February, a bright and beautiful number, is to hand. As an educator of children, it is almost equal to our common schools. The little magazine is profusely illustrated, beautifully printed, and is worth double its price to any family where there are children. Terms \$1.50 a year, postpaid. Address John L. Shorey, 36 Bromfield St., Boston.

On Sunday morning last it was discovered that during the previous night a channel from twenty to twenty-five feet in width had been cut through the ice bridge here, which was recently constructed with considerable trouble and some expense. Of course the parties who constructed the ice bridge had no hesitation about where to place the instigation of the job, and express themselves to the effect that "the end is not yet." Another piece of ice was swung on Monday, and the connection again made. We believe teams are crossing this morning. If this matter goes any further we suppose our courts will have the final settlement of the affair.

The Derrick of Monday gives "the rumor for what it is worth, that Tylersburg, Clarion county, has an organized band of outlaws, the members of which are oath-bound, and the lives and property of the law-abiding citizens of the city are greatly endangered."

We don't believe the rumor is worth much. The citizens of Tylersburg are a law-abiding race, and as far as we have been able to learn, have never, as a community, been guilty of anything worse than a debating society. Oh, no! they manufacture staves out there, and are O. K. We expect, however, to see the stove-haulers' heads oath-bound all around with blue rings of profanity, when they come in here and find that the ice-bridge has been "scuttled."

If you want fine holiday presents go to M. Wilk, Jeweler, Tidouite, who is closing out at and below cost.

Dobbins' Electric Soap.

Having obtained the agency of this celebrated soap for Tionesta and vicinity we append the opinion of some of our best people as to its merits:

"I have tried Dobbins' Electric Soap, made by I. L. Cragin & Co., Phila, Pa., and find that it is all the manufacturers claim it to be. It is the women's friend, because it saves one-half the labor." Mrs. J. L. CRAIG.

"Dobbins' Electric Soap is the best I have ever used. I can heartily recommend it. It is a charm in the wash-tub." Mrs. D. S. KNOX.

"I take pleasure in recommending Dobbins' Electric Soap. It is a superior article, in fact the King of Soaps." Mrs. W. R. RECK.
