LOCAL AND MISCELLANEOUS.

—Rev. A. O. Stone will preach in the M. E. Church next Sunday evening. M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 8 o'clock p. m.

—To-day is the beginning of the Lenten season. —Self Raising Pan Cake Flour at Robinson & Bonner. Try it. 3t. —We think it safe now to predict that the river will not freeze up again this winter.

—Straight Greenbackers who were elected last Tuesday are hard to find. —Brookville Graphic. —The immense amount of snow in York State has blocked the roads, and trains are again very irregular.

—Franklin, Meadville, Oil City, Titusville and Erie all elected Republican mayors, at the late elections. —Hon. N. P. Wheeler has our thanks for a copy of the Report of the Board of Public Charities for the year 1878.

—The local elections in Luzerne and Lackawanna counties are not very encouraging to the third party men. —Wilkes-barre Times. —The protracted meetings at the M. E. Church, are still going on, but we are sorry to report no new converts as yet.

—John Swales, at the barber shop keeps a fine selection of the best literary papers published. They are always fresh. Give John a call. —Frank thinks it's all wrong for the boys to call him "Pap Mabie," just because he was elected a member of the borough council last week.

—Out of about 400 votes polled in Brookville boro, the greenbackers averaged about 30. And yet people will stand right up and say greenbackism is "playing out." —Another paper has recently been started in Meadville. We believe this makes six altogether. It strikes us that this is crowding 'em in pretty thick.

—We're getting so much snow that the sleighing is getting poor. Or, to make a clean thing of it, the sleighing is getting so good that it is getting worse every day. —A child of Mr. Christopher Zuendel, of Ross Run, was buried in the cemetery of the M. E. Church on Dutch Hill, last Monday. The cause of its death we could not learn.

—Franklin has a female stenographer, who reports the proceedings of the courts. She receives many compliments for her prompt and correct manner of performing her duties. —Our subscribers will please give us credit for about fourteen columns of extra reading matter this week, in the shape of a "Supplement," which will be found enclosed in to-day's paper.

—Mr. T. L. Ray, one of the publishers of the Clarion Jacksonian, and a Mr. Werk, one of the typo's, called upon us on Saturday morning. The paper has lately been changed to a folio. —Rev. Elliot announced last Sunday that a committee consisting of Rev. D. T. Carnachan and Mrs. Dr. McCullough, would attend a meeting at the Presbyterian Church on Friday evening of next week, for the purpose of organizing a ladies' Missionary Society in Tionesta. On that evening Rev. Elliot will conduct preparatory services, and the communion of the Lord's Supper will be celebrated the ensuing Sabbath.

—We had a pleasant call from Mr. Henry Wilkins of Fagundas, who has had the misfortune to be drafted on the jury this week. Mr. Wilkins informs us of the departure of Dr. N. G. Moore from Fagundas to his former home in Cleveland Ohio. The Doctor made many friends in the temperance cause, in which he was a great worker, while in this section, who will regret to hear of his departure.

—The dance at the Lawrence House although a financial failure, was a grand social success. The supper was excellent and abundant, and received the praise of all, and we are sorry there weren't more out to enjoy the many good things which were left. The dance was kept up until a late—rather an early hour, and all departed highly pleased with their evening's enjoyment.

—Messrs. Ab. and Wilbur Grove and "Zach." Shriver were in town last week, having come home from Bradford to enjoy a little recreation after their big strike. They are looking, and of course feeling good. We never saw "Zach." looking so well as at present. Although he had no interest in the well yet he felt good, "alle samee."

Court Proceedings.

Up to the hour of going to press the court had not got very far along in its proceedings. Court was called at 4 p. m. on Monday. Jury list called and 38 were present. Constables sworn and returns taken. Case of Adm'rs of Winans estate vs. Joseph Harrison called, and continued at cost of defendant for the term.

Adm'rs of Winans estate vs. R. M. Carson. Jury sworn, evidence taken and plaintiff by attorney takes non-suit. Petition of Wm. Lawrence for transfer of license granted. Court opened on Tuesday morning, and case of Calvin G. Hinkley vs. Warren Huiton et al., called. This case was on trial at time of going to press.

—We are pleased to see the genial countenance of Mr. Geo. W. Stewart once more among the commercial travelers of this section. Mr. Stewart is now with Powers & Cable, boot and shoe dealers, of New York, a business with which he is perfectly familiar. The last time we saw Geo. was about three years ago, and feeling musically inclined, he persuaded the boys to assist him in singing that soul-stirring old gospel hymn, "The Sweet Bye and Bye." This time he left with us a substitute, which may be sung with the same air. Following is the first verse and chorus:

There's a spot that the soldiers all love— The mess tent's the place that we mean, And the "dish" that we like to see there Is the old fashioned white army bean. Chorus— 'Tis the bean that we mean, And we'll eat as we ne'er eat before; The army bean, nice and clean— We'll stick to our beans evermore.

Refrain.— Beans for breakfast, Beans for dinner, Beans for supper— Beans! beans!! beans!!! —The National says that "every man elected in Hickory township is a greenbacker except one." Yes, that is probably so, but who elected them? Now we happen to know nearly as much about this matter as the editor of the National. The way it happened was this: The greenbackers met and nominated a full ticket; and then the citizens nominated a ticket without regard to politics, and elected every man. If the National claims this as a victory for the greenbackers, it certainly has very queer ideas as to what constitutes a victory. Besides all this, it was not a party strife on a part of the citizens.

—Special attention is called to the advertisement of Mr. D. W. Clark, Real Estate Agent, in to-day's paper. As will be seen he has a number of tracts of land for sale, not only in this but other counties, and will have more from time to time. Mr. Clark's thorough acquaintance with the lay of ground in and about Forest county, peculiarly fits him for the business in which he has embarked, and any one wishing a farm, or any information relating thereto, will do well to consult Mr. Clark.

—Township auditors too often neglect the publication of the township accounts. This is required by law, and penalties are affixed for neglect. Cases have come before the courts in several counties of the State, and the auditors have been fined for neglect. The substance of several laws on the subject is as follows: FIRST. The auditors are required in each borough and township to settle the accounts thereof, and to publish the same not only in newspapers, but also by written or printed statements put up in the most public places in the borough and township, as soon after the close of the fiscal year, which is on the first Monday in April, as possible.

SECOND. If the borough or township is in debt, has a funded or floating debt, it must be included in the statement, together with the valuation of property, etc., and published in at least two newspapers, and embraced in the written or printed statements also. It is necessary that the auditors of the respective boroughs and townships should go to work at once and settle the accounts, as they are in duty bound to do, and have them published as the law directs. When the borough or township has no indebtedness, neglect to publish incurs a fine of \$20; but if the borough or township is in debt, the neglect incurs a fine of one thousand dollars.

—For home-made Yarns and Flannels go to Robinson & Bonner's. 2

—Capt. Boynton, who recently made a voyage in his life-saving suit from Oil City to Pittsburgh, started from the latter place on Monday morning, on a voyage down the Ohio river, and will, unless frozen out, bring up at New Orleans.

—The Warden, Edwin S. Wright, has our thanks for the 42nd annual report of the inspectors of the Western Penitentiary, for the year 1878. Forest county has not been very well represented there within the year, of which she may be proud.

—Mr. Bovard's faithful old dog, "Jeff," passed peacefully out of this vale of tears on Thursday night last. Mr. B. had the dog dissected, when it was discovered that his lungs were almost entirely gone. It is the first instance we know of where a dog died of consumption.

—Sam. Bleakley, the man who got into an altercation with a man named Thomas at Titusville, some time in January last, and discharged a navy revolver at him, by which Thomas narrowly escaped death, was sentenced in Meadville last week to three years in the penitentiary.

—Judge Cook informs us of a large load of lumber which was hauled from his mill to the landing on Clarion river, by one of his teams during last month. The load contained 6,162 feet of nearly green lumber, which will weigh about 4000 pounds to the 1000 feet. The Judge says if any one bends this they will try again.

—While scuffling one day last week, Charlie Bonner dislocated his right shoulder, from the effect of which he has suffered considerable pain. He replaced it himself by a quick jerk, and it is now about well again. The story about his having wrenched it while out sleigh-riding with a party of young folks the other night is not true.

—The Prospectus of the Forest & Stream and Rod & Gun, will be found elsewhere in this paper. The Forest & Stream is conceded by all to be the leading sportsman's journal of the continent. Any information regarding sporting matters in America, may be readily found in its interesting pages. No "regular sportsman" can do without it.

—A very successful revival meeting is in progress at the Guiton school house, near Bear Creek. Rev. Barnhart, Free Methodist minister, is conducting the meetings, and from reports we have, his efforts are being attended with wonderful success, and scores of new converts are being added to the church. We wish the good work "God speed."

—A report comes to us that a party of hunters, or rather outlaws,—no hunters would be guilty of such an act of devilry,—got after a drove of five deer on Tubbs Run, one day last week and killed three of them. If this report is true the parties should be hunted out and punished to the fullest penalty of the law. It is a trick which a common cur dog would not be guilty of. When deer get so poor that they have to lean against the saplings in order to feed, it is time they were let alone.

Dutch Hill Notes. DUTCH HILL, Feb. 20, 1879. ED. REPUBLICAN:— We, as a community, are enjoying good health, and when we have that we consider ourselves as well off as if we were millionaires.

Our school is fast drawing to a close, and our teacher will soon leave us, and go to his home, where he contemplates reviewing his studies, and, as he has been elected justice of the peace, he will spend some of his time at the study of law.

Our election passed off nicely, and the result as near as we can learn, is as follows: Judge of election, G. S. Hindman; Inspectors of election, John Osgood, J. Halliday; Treasurer, Wm. A. Dusenbury; Road Com., S. J. Setley; School Directors, H. A. Zuendel, A. B. Root; Constable, Collector and Assessor, Peter Lovell; Assistant Assessors, G. W. Dean, J. Beck; Town Clerk, W. Whitehill; Auditor, J. Beck. There was no opposition except for Constable, so it was not very lively.

We now have a Post Office on our Hill—W. B. Heath, P. M., and Ernest Zuendel, Deputy. We think under the management of these gentlemen our new office will be a success.

Several of our citizens were in to visit our school to-day, and were well entertained by the teacher, Mr. R. Z. Gillespie, and his pupils. They departed apparently well satisfied with their children's progress.
