LOCAL AND MISCELLANEOUS.

—Rev. A. O. Stone will preach in
the M. E. Church next Sunday eve-
ning.

M. E. Sunday School at 10 o'clock
a. m., and Presbyterian Sunday School
at 3 o'clock p. m.

—No Jury Court this time. See
notice to jurors elsewhere.

—Pat. Joyce moved into his new
house in the North ward last Thurs-
day.

—We have heard of no rattle snakes
being slain in this section thus far.
But there's time enough yet.

—The Lawrence House barn has
been moved to a more convenient spot,
near the site of the old stove mill.

—Sells Bro's Great European seven
elephant circus and menagerie will
exhibit at Tidioute on Tuesday, May 20.

—The Dithridge mill is now run-
ning full time—from six to six—and
is averaging twenty thousand feet per
day.

—Invitations are out for the celebra-
tion of the crystal wedding of Dr. Co-
burn and lady, to take place on the
15th of this month.

—Clarion is making preparations
for a Loan Exhibition. In the way
of novelties a living game of chess will
be played, with 32 characters all in
costume.

—President Hayes crushed the
Army Appropriation Bill with its in-
famous "political riders," last week,
by stepping on it with his "little veto,"
as it were.

—Our efficient Chairman, E. L. Dav-
is Esq., this week issues a call for a
meeting of the Republican County
Committee on court week. Let there
be a full attendance.

—Miss Flora Ford, of Meadville, is
visiting at Nebraska, Pa., the guest of
Mr. Arner's family. We believe she
expects to spend a portion of the sum-
mer months in that pleasant hamlet.

—By reference to the proper place
it will be seen that Mr. Lewis Arner,
of Green township, is this week an-
nounced as a candidate for Associate
Judge, subject to Republican usages.

—Can't Tionesta have an archery
club this summer? We have some ex-
cellent material in town, and there's
no doubt but that a little practice
would make experts of a good many.

—The roads have dried up rapidly,
and teamsters are doing a "staving"
business; at least two or three dozen
teams pass through town daily loaded
with staves, which are shipped at this
depot.

—The Bradford Sunday News, a
new venture, reached us last week.
It's appearance will at once recom-
mend it to the good graces of the
people. "May it live long and prosper."

—Mrs. Price lectured in the Presby-
terian Church on Friday night last,
her subject being the evils of Social-
ism and Communism. The attendance
was small, owing to insufficient adver-
tising.

—A petition is in circulation pray-
ing the Legislature to pass such laws
as will aid the deserving poor to em-
igrate to the public lands in the States
and Territories of the West. It is
being quite extensively signed.

—Mr. Bradbury has been carrying
his hand around in a sling for some
time. Some say it's a felon, others
say it's a catarrh, and others say it is
neither, but Sye says it's bad enough,
so it don't make any difference what
the "matter" is.

—Mr. John Green, Tylersburg's enter-
prising merchant, passed through
town the other day on his way to the
Eastern cities to lay in his stock of
Spring goods. Mr. G. does a nice
business in Tylersburg, notwithstanding
the dullness of the times.

—Geo. Hunter is having the vacant
building at the west end of the bridge
repaired, and among other improve-
ments is having quite an extensive
"condition" built on the back part.
We have not learned who expects to
occupy it, when completed.

—Collins' mill at Nebraska has
started up for the summer's run, Mr.
Lyman Cook having charge. The
present low stage of water is rather
to their disadvantage. Messrs. Ford &
Lacy have commenced hauling boards
on the plank road at that place, and
several rafts have already been put in.
With the present arrangement this
firm is enabled to put their lumber to
market as fast as it is sawed, provided
they have sufficient water.

—Last Thursday, about noon we
were considerably startled by cries of
fire, and upon looking out we were
still more startled to see quite a large
flame issuing from the roof of J. D.
Hulings house. In less time than it
takes to tell it 20 or 30 men had
gathered, and buckets of all descrip-
tions were brought out. Men were not
long getting on the roof, and the ap-
plication of a dozen or two pails of
water had the effect to check the
flames. The fire originated by a spark
from the flue falling on the shingles,
which are old and dry as tinder. A
hole about two feet square burned in
the roof was the only damage done;
but a few moments more and the fire
could not have been controlled.

—We see by our exchanges that
Decoratien Day, which comes on Fri-
day 30th inst., is to be appropriately
celebrated in nearly all the neighbor-
ing towns. We would earnestly sug-
gest to our citizens that a fitting ob-
servance of the day be had in Tionesta,
and in fact all over the county, where
there are any soldiers buried. It
costs nothing, is very little trouble,
and is, or should be a pleasure for all
to do this homage to the memory of
the heroic dead. Let some one take
the initiative step, and there is not a
particle of doubt but that all our citi-
zens will lay hold and aid to carry it
through successfully.

—Mr. Einstein has just returned
from the East with the largest and
most complete stock of spring and
summer goods that he has brought to
town for many years. He has them
all unpacked, marked and on the
shelves, and is ready to receive his
customers as fast as they have a mind
to flock in. To show that he is selling
cheaper than ever he says he has cal-
ico from three cents up, and pants from
50 cents up, and all other goods in
proportion. He invites the public to
call and look over his goods and pri-
ces.

—While out pleasure riding yester-
day afternoon Mr. Geo. Hood and
Miss Hattie Ittel narrowly escaped
serious injuries by their horse run-
ning away. It occurred on the hill about
three miles out of town. The horse
took fright at some object by the way-
side, and running a short distance, the
carriage up-set throwing the occupants
out, happily with no more serious in-
jury than a slight bruise on Miss
Hattie's arm. The carriage was
badly demolished.

—Are we not going to have a base
ball club in Tionesta this summer?
Local news promises to be scarce here
this season, and we want at least a half-
dozen broken mouths or noses to record
every week. Won't some one toss up
the ball? We understand a club has
been organized at Tylersburg, which
is anxious to give this place a "hitch,"
and it should be accommodated.

—Quarterly meeting will be held
at the M. E. Church in this place com-
mencing on Saturday afternoon with
preaching. Also preaching in the eve-
ning. Sunday morning, Love Feast
and Communion followed by a sermon,
and another on Sunday evening as
usual. In these exercises Rev. Stone
will be assisted by a minister from
Pleasantville, whose name escapes us.

—Mrs. G. W. Bovard has opened a
new millinery store in town, having
brought on a large and well selected
stock of latest style spring and sum-
mer hats and bonnets. Mrs. B. thor-
oughly understands the millinery
business, and the ladies of Tionesta
and vicinity will be well suited if they
patronize her. She occupies the hall
over the store room.

—We spent a very pleasant hour
with Mr. P. C. Boyle, of the Titusville
Daily Herald, who dropped in on us
yesterday. Mr. B. was around "doing"
this section for his paper, and unlike
many reporters we found him a very
agreeable gentleman. He didn't try
to impress us that he owned the Herald
office, and a big share of Titusville.

—The FOREST REPUBLICAN opposes
a rig tax, because it wants the county
developed for oil territory. It would
favor a tax prohibiting any rigs out-
side that county.—Derrick. The Der-
rick seems to think that no one has a
right to an opinion but itself, and
always opposes any one who doesn't
think just as it does.

—Mr. Setley did not sit down and
pipe over the loss of his house, but
went right to work to replace it. He
has a new one up in its stead, ready
for occupancy, and, we are informed,
will move in to-day. Mr. S. does not
believe in "crying over spilt milk."

—J. B. Neale, of the Kittanning
Free Press, was on last Wednesday
appointed President Judge of Arm-
strong, to fill the vacancy caused by
the death of Judge Boggs. The ap-
pointment is said to give general sat-
isfaction.

—One day last week Henry Grubbs,
who runs the engine at Knox's mill,
was caught by a belt and thrown
against the fly-wheel, which in turn
threw him back against some timbers,
jamming several of his ribs severely.
In consequence he was obliged to "lay
off" for a time.

—Spearing has already begun,
several parties being out on last Sat-
urday night. One party, we under-
stand got some very nice fish, several
weighing over four pounds each. Had
they extinguished their torch and
flashed by the light of the moon better
success might have attended their
efforts.

—An exchange says: "An act to
encourage the planting of trees along
the roadside has passed the House of
Representatives finally. It allows an
abatement of \$1 in the road tax of any
farmer or other persons, under the pro-
vision of the act, for every four trees
planted along the road side at such
distances as the law prescribes."

—The cemetery at the upper end of
town, with the exception of a few
graves, is in a very good condition. If
these were put in order it would make
a vast improvement, and "the city of
the dead" would present such an ap-
pearance as would be a credit to the
town. Let interested parties attend
to this matter at once.

—Mr. Bovard has recently brought
on a large and well selected lot of
fishing tackle of all kinds, such as
hooks of all sizes with snells, hair and
silk line, trout baskets, etc., which he
is selling very reasonable. If you
want a good outfit go to George and
let him fix you out. He has the goods
to do it with, and will do it cheap.

—During last winter Capt. Clark
took out quite a lot of logs on Hunter
run and hauled them to Knox's mill,
where they are now being sawed into
lumber, which we notice the Captain
stacking on the common below the
Presbyterian Church. What he
intends building we have not learned,
but presume he thinks it will never
come amiss.

—Selden Whitman informs us that
the parties who had been drilling for
oil on his place, and who have been
having some litigation of late, have
buried the hatchet, and resumed work.
They have cleaned out the well, and
are drilling. It is down something
over 600 feet now. The fact will
receive due notice if they strike
anything.

—The large tannery at Glade
Run, above Warren was recently de-
stroyed by fire. The loss is estimated
from \$50,000 to \$75,000. It was the
refuse from this tannery which made
the water in the river so dark during
the summer, and destroyed the fishing,
consequently the fishermen of this sec-
tion don't lament much over its de-
mise.

—John Blair of Elk township, Clar-
ion county, is missing. On the ninth
of April he started down the Clarion
river on a small raft to go west, hav-
ing removed his family some time
previous to Rimerton. His raft was
found lodged some distance below Clarion,
and his cap was discovered just below
the raft. This is all that is known of
him since he left, and it is supposed
that he has met his death by drown-
ing. He was a man about 43 years of
age, and leaves a wife and four child-
ren. He was a brother of Mrs. Daniel
Andrews of this county.

—"Millions of Banners."
Millions because there is a banner
imprinted on every can of Banner
Baking Powder you buy from your
grocer, and these banners are the man-
ufacturer's guarantee of purity, full
strength and full weight, which is the
true secret of success and final victory
over the unleavened dough.

—ELUID EXTRACT OF SMART
WEED.
This valuable medicine has been
manufactured and sold for a number
of years with great and increasing sat-
isfaction for colds, rheumatism, stiff
joints, sore throat, bruises, sprains,
soreness of the flesh, inflamed parts,
&c.

The Bridge Question.

[The following communication is pub-
lished on its merits, the editor neither ap-
proving nor dissenting.—Ed.]
HARMONY, May 2, 1879.

ED. REPUBLICAN:—

This Township is
what may be called a "conquered prov-
ince," but we are loyal to our fair
county, which is now in a fair way to
have our taxes low for a number of
years, if we can keep away from our
Treasury those who would draw from
it to build up their own private busi-
ness. We understand that a Commis-
sion has been appointed to examine
and report as to the necessity of a
bridge across the Clarion river, to be
built by Clarion, Jefferson and Forest
counties, it's cost to be paid by said
counties in proportion to the benefits
received. We understand they have
made their report favorably. As it now
is all of Forest County pays, but what
portion does it benefit? Please look
over the assessments of Harmony
Township for the last six years and
see what we have paid for bridges;
charge every man, woman and child
from Harmony one dollar every time
they have crossed any of them, and it
would not amount to a hundredth part
of what they have paid. So you see
that it is of no benefit to us. We don't
object to paying taxes for any thing
that will be a general benefit, but do
not impose upon us by taxing us for some
special locality. If we must be taxed
let the county buy a good farm in
some central locality and build a Poor
House; and when the tax collector
has sold us out of house and home we
can find a place of shelter, "where not
a wave of trouble rolls across our
peaceful breast." We have no spite
against the Township that wants the
bridge, but if it is as good a thing for
them as they say, let them pay for it.
One of their prominent men said if
this county did not take its share, he
would. Gentlemen of the Grand Jury,
we say by all means let him have it,
and if ever a Harmony Township man
crosses it charge him a dollar. We
have now paid high taxes for several
years, and we are nearly out of debt,
and in view of the hard times that are
now upon us let us have a rest.

TAXABLE.

Dutch Hill Notes.

DUTCH HILL, May 3, 1879.

ED. REPUBLICAN:—

Farmers are full
of business on the Hill now, getting in
their crops, all of which, thus far are
looking fair.

There were two new barns raised in
Hickory township this week. Mr. T.
L. Powell raised one 30 x 42 feet,
and Mr. J. S. Henderson raised one of
mammoth proportions, it being 40 x
48, Mr. N. S. Foreman, of Tionesta
doing the job. Adam Sibble also in-
forms us that he has his barn finished.
It would not seem from all these im-
provements that the times were getting
harder. And we would just say right
here, that "Tucker" is a little off the
belt when he says that greenbackers
are getting thicker than ever in Kings-
ley township. Having been over the
ground about as much as any other
one, we know whereof we speak, and
the next election will prove our asser-
tions correct.

The young man who broke the wire
clothes line with his nose recently had
better call around and fix it up before
wash-day, if he don't want to hear
from headquarters.

W. B. Heath has about sixteen
acres of oats sown, from which we
should judge that he does not intend
to let that bay team of his starve next
winter.

A. Cooper caught a nice string of
trout in Stone-blind run one afternoon
this week.

No more. JACK.

The Princely Managers and their
Great Railroad Menagerie
and Circus.

On Tuesday, May 20, Sells Bro's
Great European Elephant Railroad
Menagerie and Circus will exhibit in
all its vast superiority at Tidioute, and
we have ample warrant for stating
that the occasion will be the most
memorable, wonderful and enjoyable
in the amusement annals in this sec-
tion. The Bay City Mich., Daily Tri-

bune says: "We can conscientiously
say that Sells Bro's Great Seven Ele-
phant Railroad Show is the best trav-
eling the world," and so say hundreds
of leading papers, in every section,
whose compliments would make a
ponderous volume of such praises as
no similar exhibition has ever re-
ceived.
