LOCAL AND MISCELLANEOUS.

—Rev. A. O. Stone will preach in
the M. E. Church next Sunday eve-
ning.
M. E. Sunday School at 10 o'clock
a. m., and Presbyterian Sunday School
at 3 o'clock p. m.

—Our Dutch Hill school was
crowded out this week.

—A new sidewalk has been built in
front of the Winans property.

—Owing to the recent showers and
extreme heat the trees are all leaving.

—Always read Mr. Dithridge's lo-
cals. He has something new every
week.

—Pitching quoits now occupies the
attention of our "gentlemen of leisure."

—The average youth now boasts of
having had "the first swim" of the
season.

—The new time table of the P. T. &
B. R. R., will be found corrected in
to-day's paper.

—There is a man in Tionesta too
confounded lazy to keep tally for a
game of quoits.

—A new fence has been built around
the M. E. Church lot. It is a very
substantial one.

—The National Hotel, Tidioute did
the boss business on show day, feeding
upward of 300 persons.

—The fizz and sputter of the soda
fountain has not yet been heard in our
midst. It's about time.

—The wife of Wm. Bowmar, of
Newmansville, Pa., died of consump-
tion on Monday morning last.

—The summer term of the Whig
Hill school will commence next Mon-
day. Prof. F. F. Whittekin will be
the teacher.

—There was a man in town the
other day who evidently pays road
taxes, and wished to get the benefit of
it, as he kept the middle of the street
when traveling about.

—Asa Packer, one of the richest
and best known men in the State died at
Maunch Chunk on Saturday last. Mr.
Packer will be remembered as the
Democratic candidate against Gov.
Geary in 1869.

—Mr. Robert Shriver, who resides
in the southeastern portion of Tionesta
township, has moved into his new
house, recently built. Rob. is one of
Forest county's best citizens, and we
are glad to know that he is thriving.

—The stove mill has been shut down
for some time, owing to a lack of ma-
terial to work on. There must be
upwards of a thousand cords of wood
piled on the common around the mill.
It will no doubt find ready sale this
summer.

—The rains last week were a won-
derful blessing. They had the effect
to start vegetation of all kinds, put out
the forest fires, and give our lumber-
men a small "skipper flood." The
spearing was also spoiled for awhile,
which is not considered so much of a
blessing by our sports.

—Read in to-days paper the new
advertisement of L. Simon, dealer in
Ready-Made Clothing, Hats, Caps and
Gents Furnishing Goods, Tidioute Pa.
Mr. Simon is selling off his large stock
of goods, and is going to leave the
place, consequently he is offering some
immense bargains. He cordially in-
vites the people of Forest county to
call and examine his goods and prices.

—The Republican County Com-
mittee met at the office of the Chair-
man, E. L. Davis Esq., on Monday
evening last, pursuant to call. We
were not handed a copy of the pro-
ceedings, and can at present only give
the time set for holding the primary
elections, which is the last Saturday
in June, being the 28th day of the
month. We will probably publish a
call by the chairman for the Primaries
next week.

—We have frequently heard that
tons buried in the ground would live
nine years, but never more than half
believed it until we were told a story
by Tom, Hassey, which runs thusly:
Over three years ago he was building
a fence, when a toad came hopping
along, and Tom, having heard how in-
terment tended to the longevity of a
toad, concluded to try it, and accord-
ingly dropped him into one of the post
holes, and carefully covered him up.
A short time ago, while tearing up the
fence, the thought of digging up his
toad occurred to him. He did so,
and to his astonishment found the toad
alive, and apparently in good health
and spirits.

NO OIL TAX.

HARRISBURG PA., May 20, '79.
ED. REPUBLICAN:—Oil tax finally
killed. Thirty-seven to ninety-nine.
N. P. WHEELER.

—We are sorry to announce the
departure of Mrs. Mabie's family, who
take up their abode in the city of
Eric, where they have purchased, and
will hereafter conduct the Commercial
Hotel. They have lived so long in
Tionesta, that they will be very much
missed by our citizens. Frank, who
left on Saturday last, has always been
a great favorite with all who chanced
to make his acquaintance, and he
leaves behind a host of friends who
will never cease to remember him, and
rejoice at his success in life. Harry
will be particularly missed by the
young ladies, however; we don't pro-
pose, in this connection, to mention
any names. Mrs. Mabie's many lady
friends will always heartily welcome
her whenever she may pay them a
visit. May they all prosper and be
abundantly happy.

—A party consisting of nine per-
sons and a dog, the family of Isaac
Johnson, passed through town Mon-
day, in a sort of "Prairie Schooner,"
on their way to Lycoming county, Pa.
Thirteen years ago Mr. Johnston
moved to Iowa from the aforesaid
county, for the purpose of making his
fortune by farming, but after this long
term of years he concluded that his
home in Pennsylvania was "just as
good a thing as he wanted," and ac-
cordingly, on the first day of last
April he packed up and started,
making the entire trip with his team.
He says they averaged about 25 miles
a day.

—The Odd Fellows of this place
have, we understand, in contempla-
tion the erection of a large building
during the summer, for the use of the
Lodge, and for other purposes. The
dimensions of the building are to be
about 30 x 80; the first story to be
made a store-room; the second into
offices, and the third into a lodge-
room. They have already a good bid
for the first story, and the offices will
be taken as soon as finished. The pro-
ject is a good one, and the building
would undoubtedly pay for itself in a
short time in rents. We hope to see
the building finished before snow flies.

—Last Friday Andrew Weller came
to town with the finest lot of trout we
have seen for many years. In one jar
he had 600, which, according to his
story, he and his two sons, Abe and
John, caught on the branch of Salmon
creek, in one day. The other jar con-
tained 350, weighed 19 pounds, and
were all caught out of Salmon creek,
on Thursday last by himself and John.
This makes a total of 950 trout in two
days, and if any party beats it we
should be very glad to hear from them,
but we doubt if it can be done. Andy
took them to Oil City, but how well
he sold them we did not learn.

—The celebration of Mr. and Mrs.
Coburn's crystal wedding, on last
Thursday evening was a very pleasant
occasion. The guests assembled rather
late in the evening, but as most all
stayed until the wee sma' hours, it
made up for what time was lost in
getting there. Dancing was the prin-
cipal amusement of the evening, and
all seemed to enjoy themselves. The
refreshments were very nice, and re-
lished by all. The presents were nu-
merous, varied, useful and ornamental.
Altogether the event was very
enjoyable, and will long be remem-
bered by many who were present.

—Two weeks ago Mr. A. H. Darrah
took his child, a bright little girl
about five years old, whose feet were
badly deformed, to Pittsburgh and
placed her under the treatment of Drs.
Dixon, who performed the operation
of straightening the feet. The child is
now under the care of Dr. Blaise, of
this place, who gives it as his opinion
that the operation will prove an entire
success, and that in a short time the
little girl will be able to plod about
with as perfect limbs as any one. The
parents, as a natural consequence, are
very happy.

—Owners of dilapidated side-walks
have been notified by the boro coun-
cil that they must "fix-up," or build
new ones when repairing is impractic-
able, within ten days of notification,
else the same will be done by the bor-
ough, at an additional cost to the said
owner of 20 per cent. This will prob-
ably have the desired effect. We
notice already that work has com-
menced in some portions of town.

—Again we would remind our citi-
zens that Decoration Day draws nigh,
and as yet there is no move making
toward a fitting observance of the oc-
casion. We wish again to urge our
people to make an effort in that di-
rection. It is the duty of every true
American to see that this ceremony be
preserved in all its beauty and sim-
plicity. Let us then not allow the
day to pass without a proper observ-
ance of these beautiful and touching
rites to the memory of our country's
dead.

—Court, this week, amounted to
nothing, so to speak. They met on
Monday afternoon, read the Argument
List, swore the Constables, of whom
there were seven present, and took
their returns. Licenses were granted
to Wm. Lawrence and Jno. Wood-
cock, for hotel, and to Wm. Toy for
eating-house. Chas. Bonner was ap-
pointed Borough Auditor. A charter
was granted to Tionesta Lodge, I. O. of
O. F. The adjourned term was fixed
for the Friday before the first Monday
of September term, 1879.

—The following from the pen of
J. P. Wickersham, State Superintendent,
is a very wise suggestion, and
should receive the careful considera-
tion of County Superintendents all
over the State:
"The signs of the times indicate the
application of largely increased num-
bers of persons for teacher's certificates
during the current year. They will
come to the examinations possessing
all degrees of qualification for the
work of teaching, very good, good,
fair, poor, and very poor. The pur-
pose of this article is to request super-
intendents to adopt at their examina-
tions such a standard of qualifications
as will shut out all applicants except
about enough to supply the schools.
In this way the schools will be pro-
tected from the rush of incompetent
teachers, the teachers' profession will
be strengthened and elevated, and the
educational interests of the public will
be greatly subserved. The threatened
evil is a swarm of incompetents in our
school rooms at very low salaries. If
not checked, it will drive the best
teachers out of the profession and
greatly decrease the efficiency of our
schools. The men to guard the school
interests thus jeopardized are the su-
perintendents. It is their duty to do
it without fear or favor."

Nebraska Notes.

NEBRASKA, PA., May 20, 1879.
Cowslip greens are all the rage!
The lumbermen are preparing for a
flood, but as yet have been disappoint-
ed.

Mr. Fred. C. Lacy departed for
Pittsburgh this morning to be absent
some time. They are building a new
house at the mill.

Mr. Sim Metzgar has moved into
the house lately occupied by James
Stroup.

Mr. Ed. Chase, who moved from
here several weeks ago, has located in
Miles Grove, Erie county, where he is
working with his brother, F. M. Chase,
who does a large business in carriage
painting, and job work for the Lake
Shore R. R.

Mr. Lyman Cook caught 25 trout
Saturday, which is the largest number
caught by any citizen of Lacytown
this season. Early in the spring, while
honest men are working, some idler
from a distance comes and spends a
day or two, fishing all the small
streams around, marches off with a
hundred or more fine trout, and the
sport for that year is over.

Mr. Morgan to-day landed his first
load of freight from Tionesta by boat.
We believe the load consisted of oar-
stems.

SARTORAS.

To School Directors.

TIONESTA, PA., May 19, 1879.
It will be important to have your
Annual District Reports sent in at the
earliest date possible. The State ap-
propriation has been greatly delayed
this year; some of the townships have
not yet received their quota. A like
delay may occur next year. There
are 2187 districts in the State, and as
the appropriation is paid in the order
in which the reports are received, it
is important to be at the head of the
list. If you can hold your meetings
the first Monday of June, and send in
your reports at once, your townships
will be in position to receive the ad-
vantage of your promptness.

Very Respectfully,
H. S. BROCKWAY,
Co. Supt. of Schools.

The Fox Bounty Bill.

Alas for our fox bounty bill. As
will be seen by the following letter
from Mr. Wheeler, there is no hope
for it. Our only hope is in the general
bill which he speaks of, and we trust
it will be reached ere this session
comes to a close:
HARRISBURG, May 16, 1879
J. D. HULINGS and LEWIS ARNER
Esqs.,
Gentlemen:—Yesterday the Govern-
nor returned with his veto "A Bill
placing a bounty on foxes, hawks and
owls, in Snyder county," as regulating
the affairs of counties contrary to the
provisions of the constitution. This
Bill passed before the constitutional
question was raised in the House, and
being vetoed there is no use trying to
do anything further with the Bill you
sent, as it involves the same question.
There is a general Bill on our files on
the subject, but so far down on the
calendar we are not likely to reach it
this session.
Yours &c.,
N. P. WHEELER.

NEW TOWN MILLS PA., May 20, 1879.

I am informed that parties repre-
sented the Singer Sewing Machine,
are canvassing portions of this county,
and trying to injure the reputation of
the Remington Sewing Machine;
telling that it is an old "played-out"
machine, with no improvements since
its first introduction, etc. Now, where
the Remington is known, this foolish
talk would be harmless, but in localities
where it has not been introduced
it might create false impressions,
which I should like to correct. The
Remington Sewing Machine is a first-
class standard machine, and keeps up
with all the improvements. There
have been two very important im-
provements since I commenced selling
it. One is in threading the needle,
and the other is in winding the bob-
bins; which is done without running
the machine. I have sold about 12 of
these machines in this county within
the past year, and the parties to whom
I sold are all acquainted with the
Singer, and most of the other machines
on the market, and they all pronounce
the Remington the best in every par-
ticular. In selling I always make
this offer: You give the Remington a
trial, and if you are not satisfied that
it is a better machine than the Singer,
I will refund the money any time
within six months, and they are all
satisfied.

RESPECTFULLY,

AARON ELLIOTT.

—The June number of Ballou's
Monthly Magazine is out, and will be
found of unusual interest. It is fresh,
and full of the best stories, poetry, en-
graving, and useful matters; and such
a magazine can be welcomed in every
family in the country. During the
last three months the sales of "Ballou's
Magazine" have increased in the most
wonderful manner, and they will in-
crease still more as its usefulness
becomes better known. Published by

the country for 15 cents a copy. Buy

New Words.

While many words once in common
use are now nearly obsolete, few per-
sons are aware how large a number of
new words are constantly coming into
our language. The Supplement of the
new edition of Webster's Unabridged
Dictionary, recently issued, contains
among other attractive features, an
addition of over 4600 New Words and
Meanings, and yet it is but a few years
since a general revision was made and
great care taken to insert all the
words then properly belonging to the
English Language. Where these
words come from and what they are,
is a surprise to persons who have not
examined them. That they have not
been hastily compiled is evidenced by
the accuracy of and careful study
given to their etymology and defini-
tions.

MARRIED.

ELLIOTT-CLARK.—At the residence of
the bride's parents, in Tionesta Twp.,
May 13, 1879, by Rev. Wm. Elliott, Mr.
James Elliott, of Stewarts Run, Pa., and
Miss Maggie Clark.

The congratulations of the REPUB-
LICAN office are heartily extended to
the happy couple. They kindly re-
membered us with a choice lot of the
bride's cake, for which we return many
thanks. It was a most excellent arti-
cle, and reflects much credit on the
architect. We slept over a slice of it,
and as their future life proves as pleas-
ant as our dreams their joy will be
complete; prosperity will overtake
them; their pathway will be strewn
with the most fragrant flowers; many
little cherubs will bless their happy
home, and their life will be one of
endless sunshine. So mote it be.

the bride's parents, Monday, May 19,

Russell and Miss Samantha H. Root,

yours, Robert.
