LOCAL AND MISCELLANEOUS.

—Rev. Elliot will occupy the pulpit of the Presbyterian Church next Sunday, morning and evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 3 o'clock p. m.

—Chestnuts are in blossom and promise an abundant crop.

—Miss Kate Cobb returned home from her school in Jamestown N. Y., on Monday last.

—Dr. Blaine has moved into the Mable house. It's a more convenient location for his business.

—Wild fruit, such as plums, grapes, June-berries, etc., will be plentiful this year, according to all reports.

—Rev. O. B. Clark arrived in town last Saturday, looking and feeling well. He reports his family all well at present.

—Some of "the boys" might have had a little fun last Saturday night had not Sheriff Randall happened along and interfered.

—Miss Anna Sawyer departed for Boston, Mass., yesterday morning, where we understand she expects to live with some of her relatives, and attend school.

—W. F. Colner was nominated for Sheriff by the Democrats of Clarion county last Saturday. The Democratic nomination in that county is almost equivalent to election, sorry to say.

—Jerry Blouse, who has been in the employ of Mr. S. S. Canfield, hauling staves, for a year past, lost a valuable horse last week. Mr. B. is a hard working man, and the loss falls heavily upon him.

—Mr. Philip Long of East Hickory, had the little finger of his right hand taken off one day last week, while working with a stump machine at Beaver Valley. The third finger also sustained severe injury.

—A horse belonging to Jack McCalmont was killed by the cars last Friday morning. It was a young and valuable animal, and we trust a kindly feeling will prompt the Company to make the loss good to Jack.

—As far as we have been able to learn, the only demonstration that will take place in Tionesta on the glorious Fourth to break the monotony of the day, will be a glass ball shoot, and a dance in the evening. All right; we can stand it.

—Mrs. W. H. May, of Louisville, Ky., is visiting in Tionesta, the guest of her father-in-law, Mr. H. H. May. We understand she expects to spend the summer months here. She is accompanied by her three children, and nurse.

—The Engineer, Mr. Joseph Smith of Tusville, who was here a few days ago to lay out a plan for draining the public grounds about the Court House, was not favorably impressed with the advantages. We have not learned what plan, if any, the Commissioners decided upon.

—From the Tidoune News we learn of the burning of Mr. S. B. Murphy's residence, which occurred last Wednesday morning. When discovered the fire had got under too much headway to be extinguished. Mr. M.'s loss was a total one of about \$2,500, there being no insurance on the property.

—The strawberry and ice cream festival at the Court House last evening, for the benefit of the M. E. Church was well attended, and a financial and social success. It will be continued this evening, and all who wish to partake of a nice dish of strawberries or cream, and at the same time aid in a good cause should attend.

—Invitations for the ball at the Lawrence House on the Fourth, have been issued. Mr. Lawrence requests us to state that any who have not received an invitation and wish to attend will be welcome. In making out the list of names some may have been missed, but not intentionally. From present indications the dance will be well attended.

—We are indebted to Rev. G. C. Vincent, D. D., President of Franklin College, for the Fifty-fourth Annual Catalogue of the officers and students of that institution. This College is pleasantly situated in the retired village of New Athens, Harrison Co., Ohio, and has attained a wide and favorable reputation as an institution of learning. The Faculty is first-class in every particular. Fall term begins Wednesday, September 3d.

—Some time in April we published a notice in regard to a law having been passed by Congress, providing for the erection of head-stones over all Union soldiers and sailors who are buried in private or village cemeteries, where not already supplied by stones. We have received a letter from Hon. J. B. Agnew, of Harrisburg, and he says that he will furnish blanks to any who will give him the desired information, that they may have these headstones erected at once. These stones are furnished at the expense of the Government, and as we are informed there are a number of unmarked graves of Union soldiers in this county, we hope the friends and surviving comrades will see that all are furnished with headstones according to the generous provisions of the law. It makes no difference whether the soldiers died in the service or since the war. All are entitled.

—We learned the other day of the sad fate of Mr. Silas McCalmont, who left this section about seven weeks ago to take up his home in Kansas. He and his family, consisting of wife and, we believe, two children, started for Kansas some time in April, where Mr. McCalmont had purchased a farm, and had just become comfortable settled. The terrible storm which passed through that section a short time ago, struck his place, and he was killed. His wife and children were injured, but not fatally. We are without full particulars. Mr. McCalmont was well and favorably known by many of our old citizens, who will be grieved to learn of the sad and untimely ending of his life. He was a brother of Mr. Jack McCalmont, who lives near Holeman Flats, in this county.

—Some one has been kind enough to send us the Delphos, Kansas, Herald, in which an account is given of the terrible cyclone which recently swept through that section. The town is one mass of ruins, hundreds of houses with their contents being entirely blown away. The Herald office was among the sufferers, and well does the paper show it. Several of Forest county's citizen now live near Delphos,—among them, the families of Judge Wm. White, Homer Turner, and Brownlee, but we see nothing in the paper that any of them sustained any damage, and we hope they have been so fortunate as to escape. The paper was no doubt sent by some of these parties, and we are sorry they did not give us some account of their condition.

—Our base ballists had a meeting last Saturday evening, and organized a club which they styled the C. O. D. What these initials are intended to imply we have not yet learned, but they can be interpreted so as to have several meanings: "collect on delivery," "call on dad," or "conquer or die," the latter translation is probably the correct one. A President, Secretary and Treasurer were elected, and Mr. John Noble was chosen Captain. They will play the Tylersburg club a match game next Saturday afternoon, on Dustin Island, which will probably be a pretty close and interesting game. We'll give the result next week.

—The citizens of Stewarts Run will give a strawberry and ice cream festival at the house of Mr. W. C. Bromley, next Friday evening, 27th inst., for the benefit of Rev. A. O. Stone. They extend a cordial invitation to all to attend and assist in making the affair a success, socially and financially. Mr. W. Y. Siggins, our informant, says that preachers, professors of phrenology, and editors will be admitted free, and now if we can manage some way to get there and back on the same terms, the good people of that neighborhood may expect us out.

—J. T. Dale Esq., is raticating among his friends and relatives in Tionesta at present. He has disposed of his interests in Butler county, and will shortly join his "pard," J. W. Jamieson, in the Bradford region, where they have a couple of good wells. If oil was worth any thing, Taylor's purse would increase in weight as has his body in the last few months.

—The attention of the public is directed to the card of Mr. W. C. Wilson, the "Buckeye Blacksmith," which appears in to-day's paper. Mr. Wilson is too well and favorably known in this section to need any recommendation from us, and it is only necessary for the people to know that he is at work, and ready to wait upon them.

—Mosses, Derickson & Co., are building an addition to their mill, which will be used as a cooper shop. They expect to work up all their No. 2 staves into barrels, and will be ready for business in a week or ten days. This will give employment to five or six coopers, and may ere long develop into a regular barrel factory, on a large scale; and, indeed, we see no good reason why Tionesta should not have a factory of this kind, and thus save the transportation of so many thousand staves every month from this place.

—Judging from reports from the surrounding country the coming Free Methodist camp meeting to be held in this place July 9th, will be the largest attended of any ever held in this section. Parties from Clarion, Venango and Warren counties, and even York State will be here, and the number of visitors will not fall much short of 3,000. A Pleasantville correspondent, writing to the Franklin Press says that many will attend from that place.

—John Weant, who lives two miles above Nebraska, on Little Conon, killed a large bear near his place one day last week. John devided up and did the square thing by his neighbors. He don't pretend to be much of a hunter, but says that kind of birds must give his place a wide berth, if they don't want to meet their death.

—Mr. J. K. Brush left with his family and household goods yesterday for Hornellsville, N. Y., where he expects to take up his abode for the future. We are sorry to have Mr. Brush leave Tionesta, as he is a good citizen, and a sound Republican. Hope he will live long and prosper in his new field.

—Morris, the popular Tailor of Oil City, who was to have been here last Thursday, missed the train and was unable to get here. It was impossible for him to leave on Friday, else he would have come on that day. However, he wishes to inform the public that he can be found at his place in Oil City, and that he has made a great reduction on all his goods. Go to Morris if you need anything in the clothing line.

Stewarts Run Items. I see nothing of late from Stewarts Run in your paper. Why is this hushy. The good citizens of this once famous place have been "mending their ways" for the past week, and now have them in good repair, ready for the camp meeting which comes off in Tionesta on the 9th of next month. But camp meetin' "is not what they used to was."

Our good Scotch neighbor, Jao. Thompson, has been on the sick list for some time, but is now improving, although yet quite feeble.

The widow of the lately deceased Robert Hays has returned to her former home in Armstrong county. Her experience in married life was one of much labor and watching.

Neighbor Elliott, over whose wedding cake you had such pleasant dreams, is living and doing well, as all well mated people do; probably your notice of their marriage gave them a proper start.

J. A. Dawson is going to raise some blooded cattle—none of your long-horned, rat-tailed critters, but the genuine short horned variety. But if you want to see chickens "what is chickens" call at Thompsons; for a colt go to Bromley's; potatoes at Range's; for "plugs" go to Siggins; and for oats to Jas. McIntire; he has more oats sown than he will have room to stow. But, Sir, send a good girl that wants to marry to Handy; he'll take her home unto him.

The recent frosts were a little rough on garden truck that had got out of the ground. But how it did go for the "taters," and the poor bugs will have to go with empty stomachs until they get big enough for a bite. Crops of all kinds look bad. Grass will be lighter than last year,—wheat the same. Oats are short, but may recover. It is too early to tell much about corn yet, but there will be an abundance of fruit.

We have preaching every two weeks by Rev. Stone, and Sabbath School every Sabbath at 2:30 p. m. So you see we are not heathens, or cannibals.

But what provokes us is that our township has no candidates out for office. Really our citizens are getting behind in this particular. Don't some one want to know what his "dad" or "grand-dad" used to be? Several of our folks attended an ice cream festival at Neilltown 'tother evening. They report an excellent time, and are loud in their praises of Neilltown's hospitality.

OBITUARY.

Two weeks ago we made a note of the death of Robert Hays, but we were without particulars, and could give only a mention of the fact. Since then we have received the following which we publish by special request: Robert Hays departed this life June 5th, 1879, aged twenty-five years and nine months, at the residence of his mother, in Harmony Township, Forest Co., Pa.

The subject of this notice, when first prostrated with that fearful disease, consumption, was without God and without hope in the world—with a heart full of unbelief. But through the entreaties and prayers of Christians, and in view of his near dissolution he sought God in the pardon of his sins,—making a full surrender of all to God; but remained without the witness of his acceptance with God until a few days before his death. Finally the glorious light came, and he could say "He owns me as His child; I can no longer fear." All is well all ends well. His light and glory all abound. As he was seen looking up, with his eyes fixed on Jesus and Heaven, he shouted the praises of God, until he passed over to join the two dear sisters who died in the Lord, and were waiting and watching for him to come; and when these redeemed Spirits met all Heaven shouted "another soul saved."

He leaves a wife, mother, brother and sister to mourn his loss. May this affliction lead them to see the uncertainty of all things in this life, and to seek that metness which is necessary to join with the loved ones above.

ABRAHAM R. BRADEN. DIED.

HUDDLESON.—At his old homestead, in Tionesta township, about five miles south of this place, on Monday morning, June 23, 1879, Mr. Daniel Huddleson, aged about 77 years.

Mr. Huddleson was among the oldest residents of this section, having located on the place which he occupied at the time of his death, nearly 25 years ago. He was always a hard working industrious citizen, and highly respected by his neighbors and acquaintances. He raised a family of twelve children, six boys and six girls, eight of whom, five sons and three daughters are still living. One of his sons, Daniel, perished in Andersonville prison, during the late war. Mr. Huddleson's disease was that loathsome one known as dry gangrene, and for the last 5 months his sufferings can scarcely be imagined, but he bore up bravely under them, and never once murmured at his condition. We are not acquainted with Mr. Huddleson's early history, and although we have endeavored to ascertain some facts in relation to the same we have been unable to do so. He was buried in Mount Zion Cemetery in the Mealy Settlement, near the scenes of his former life. Requiescat in pace.
